Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the United States Federal Government.

Department of the Army Information Security Program

Springer
NTTP 3-54M/MCWP 3-40.9 provides the commander with an operations security (OPSEC) overview, OPSEC

evolution, and guidance for the most crucial aspect of OPSEC, that of identifying critical information (CI). It explains the OPSEC process, also known as the OPSEC five-step process. This publication addresses the areas of OPSEC and force protection, public affairs officer (PAO) interaction, the role of the Naval Criminal Investigative Service (NCIS) in coordination with OPSEC, the

OPSEC/OMBUDSMAN/KEY VOLUNTEER relationship and the conduct of OPSEC assessments. This publication includes separate chapters on Web page registration, Web risk assessment, and Red team activity. Appendices provide guidance to implement effective plans/programs at the individual unit, strike group, and shore establishment levels. NWP 3-13 (FEB 2014), NAVY INFORMATION OPERATIONS, provides information operations guidance to Navy

commanders, planners, and operators to exploit and shape the information environment and apply information-related capabilities to achieve military objectives. This publication reinforces the integrating functionality of information operations to incorporate informationrelated capabilities and engage in the information environment to provide a military advantage to the friendly Navy force. It is effective upon receipt. 1. NWP 1-14M/MCTP 11-10B/COMDTPUB

P5800.7A (AUG 2017), THE COMMANDER'S HANDBOOK ON THE LAW OF NAVAL OPERATIONS, is available in the Navy Warfare Library. It is effective upon receipt and supersedes NWP 1-14M/MCWP 5-12.1/COMDTPUB 5800.7A (JUL 2007), The Commander's Handbook on the Law of Naval Operations. 2. Summary. This revision updates and expands upon various topics regarding the law of the sea and law of war. In particular, it updates the history of U.S. Senate

consideration of the UN Convention on the Law of the Sea, to include its 2012 hearings; emphasizes that islands, rocks, and low-tide elevations are naturally formed and that engineering, construction, and land reclamation cannot convert their legal status; provides more detail on U.S. sovereign immunity policy for Military Sealift Command chartered vessels and for responding to foreign requests for health inspections and medical information; removes

language indicating that all USN/USCG vessels under command of a noncommissioned officer are auxiliary vessels; emphasizes that only warships may exercise belligerent rights during international armed conflicts; adds a description of U.S.-Chinese bilateral and multilateral agreements promoting air and maritime safety; updates the international law applicable to vessels seeking a place of refuge; updates the description of vessels assimilated to

vessels without nationality; provides detailed descriptions of the five types of international straits; states the U.S. position on the legal status of the Northwest Passage and Northern Sea Route; updates the list of international duties in outer space; updates the law regarding the right of safe harbor; adds "honor" as a law of war principle; adds information about weapons reviews in the Department of the Navy; updates the law regarding unprivileged enemy

belligerents; includes information about the U.S. position on the use of landmines; expands on the discussion of the International Criminal Court (ICC); and updates the law of targeting.

---	---	---

Terrorism, sadly, seems here to stay and to stay with a vengeance. It turns out that the United States was not prepared for it and now must play catch-up. In doing so, even agreement on how to define terrorism is in doubt and what to do about it seems beyond comprehension at the moment. This volume presents a broad cross section of analyses of weaknesses and actions in the ongoing battle. *Due Process in Security Clearance Determinations* Xlibris Corporation
