KYLAN ISABEL

Darkness at Noon Calmann-Lévy
In their struggle for self-determination the newly independent countries of the Third World are reestablishing links with their precolonial pasts and determining their present identities and future possibilities. To demonstrate this, David Gordon brings together, interprets, and synthesizes the thought of contemporary Arab historiographers. Originally published in 1971. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

The Arabs and the Holocaust tradition
Ohne Zweifel zählt der Kulturphilosoph Prof. Dr. Dr. Roger Garaudy zu den größten Denkern unserer Zeit. Neben

seinen Essays, Romanen und politisch-wissenschaftlichen Werken, die in über 40 Sprachen übersetzt wurden, waren auch die Vortragsveranstaltungen des Erfolgsautors stets überfüllt. Denn, Garaudy war ein Freigeist, der sich zur Selbstentfaltung und Selbstverantwortung jedes Individuums bekannte. Schon sehr früh forderte er einen Dialog der Zivilisationen auf internationaler Ebene und bewegte alle ihm möglichen Hebel, um diesen dort zu etablieren. Mit seiner späteren Konversion zum Islam, wurde Garaudy zunehmend von der westlichen Öffentlichkeit isoliert. Als er schließlich sein antizionistisches Buch "Die Gründungsmythen der israelischen Politik" 1995 publizierte, wurde Garaudy in Frankreich auf brutalste Weise aus der Öffentlichkeit eliminiert. Ihm wurde vorgeworfen, er sei ein Holocaust-Leugner und Antisemit. Das Maß der Kampagne in Frankreich war derart heftig, dass sogar sein langjähriger Freund Abbé Pierre, der zugleich einer der beliebtesten Persönlichkeiten Frankreichs war, selbst zum Angriffsziel der Mainstream-Medien wurde, weil er Garaudy öffentlich unterstützte. Der Autor dieses Buches versucht auf gründliche Weise die wahren Hintergründe über die Lynch-Kampagne

gegen den weltbekannten Philosophen auf der Grundlage von einschlägigen Quellen zu skizzieren.

Taking Roger Garaudy's Project Seriously Metropolitan Books

Atkins traces the history, causes, and spread of holocaust denial, illustrating how rational thinkers can come under the sway of fringe ideas.

Daily Report, Foreign Radio Broadcasts Praeger

First published in 1941, a classic portrait of a Soviet revolutionary who is imprisoned and tortured under Stalin's rule finds him agonizingly reflecting on his ironic career under the totalitarian movement.

God, Marx, and the Future Cornell University Press

Holocaust Denial. The Politics of Perfidy provides a graphic and compelling global panorama of past and present variations on this toxic phenomenon. The volume examines right and left wing French negationism, post-Communist Holocaust deniers in Eastern-Europe, the spread of denial to Australia, Canada, South-Africa and even to Japan. Leading scholarly experts also explore the close connection between Holocaust denial, global conspiracy theories, antisemitism and radical anti-Zionism – especially in Iran and the Arab world.

Las controversias acerca de Irving llegan hasta el planteamiento problemático de su propia profesión. Irving se ve a sí mismo como un historiador revisionista, que ofrece una versión legítima, aunque polémica, de la "verdadera historia del Tercer Reich." Ciertos críticos afirman que no tiene derecho a la categoría de auténtico historiador y prefieren considerarlo un simple autor o escritor de temática histórica. Además del hecho de que Irving carecería de cualquier calificación académica al respecto, su trabajo acerca de la Alemania nazi sería poco competente y sesgado ideológicamente (ver más abajo). Otros incluso lo consideran simplemente un propagandista pro-nazi (ver más abajo). Irving habría estado ligado con la extrema derecha y el neonazismo durante largo tiempo -desde sus días de estudiante universitario. (ver más abajo). Por otra parte, Irving ha sido descrito como el más capaz negacionista del Holocausto existente en el mundo. Al parecer, Irving cree que disfruta de una conexión mística con Hitler. Ha señalado al respecto que, en una entrevista que

mantuvo con el edecán naval de Hitler, este le había referido que Hitler le contó que no se había casado por la razón de que...

The Third Man: New Dimension of Dialogue Reaktion Books

An unprecedented and judicious examination of what the Holocaust means—and doesn't mean—in the Arab world, one of the most explosive subjects of our time There is no more inflammatory topic than the Arabs and the Holocaust—the phrase alone can occasion outrage. The terrain is dense with ugly claims and counterclaims: one side is charged with Holocaust denial, the other with exploiting a tragedy while denying the tragedies of others. In this pathbreaking book, political scientist Gilbert Achcar explores these conflicting narratives and considers their role in today's Middle East dispute. He analyzes the various Arab responses to Nazism, from the earliest intimations of the genocide, through the creation of Israel and the destruction of Palestine and up to our own time, critically assessing the political and historical context for these responses. Finally, he challenges distortions of the historical record, while making no concessions to anti-Semitism or Holocaust denial. Valid criticism of the other, Achcar insists, must go hand in hand with criticism of oneself. Drawing on previously unseen sources in multiple languages, Achcar offers a unique mapping of the Arab world, in the process defusing an international propaganda war that has become a major stumbling block in the path of Arab-Western understanding.

From Anathema to Dialogue Fontana Press

Czech fiction in the twentieth century has been deeply enmeshed in the nation's political life and often serves as

a conduit for its authors' social ideas. Through a series of brilliant and powerful readings of major Czech texts in both literature and history, Peter Steiner challenges the view that literary works can be treated as aesthetically distinct from historical events. Instead, he gives evidence again and again of the inevitable connection between literature and politics. Steiner engages six central works ranging from novels to government documents; all, in his view, purvey ideological fictions that have exerted significant social influence. He begins with Jaroslav Hasek's 1920s novel *The Good Soldier Svejk*, whose anti-authoritarian protagonist was widely emulated during the Nazi and Communist regimes, and ends with Václav Havel's play *The Beggar's Opera*, through which Steiner explores the social role of Czech writing in the 1970s. He also considers *Reportage*, by Julius Fucík, which announces itself as a documentary of the Communist Party's heroic struggle against the Germans, but is, for Steiner, a fiction arising out of Marxist-Leninist ideology; Karel Capek's *Apocryphal Stories*; Milan Kundera's novel *The Joke*; and the 1952 show trial of Rudolf Slánský, the general secretary of the Communist Party.

From Ideology to Utopia: the Marxist Careers of Ernst Fischer and Roger Garaudy ABC-CLIO

An international perspective on the aesthetics of socialist realism

Realism and Reality Simon and Schuster

The reaction to Roger Garaudy's "The Founding Myths of Israeli Politics" (1996) in Arab countries highlighted the main themes of Holocaust denial and historical revisionism which are widespread in the Arab world. These include blaming the Jewish victims themselves for the

Holocaust, attempts to present both Nazism and Zionism as manifestations of the same destructive tendency in Western civilization, and outright Holocaust denial. Contends that Arab Holocaust denial is not merely a tool used to delegitimize the State of Israel. Antisemitism, rather than anti-Zionism, prevails in contemporary Arab nationalist and Islamist rhetoric. The image of the Jew as an antagonist of the Arab and the Muslim has been constructed by Arab nationalists as a means for promoting an Arab national and religious "awakening". Holocaust denial attracts Arab nationalists as the most contemporary expression of antisemitic thought.

Letter to Dr. Roger Garaudy : for Mass Circulation Walter de Gruyter

Intellectual activity in the twentieth century took place largely under the banner of science and society. As the new millennium develops, it is becoming evident that science and society are not words that represent an unmitigated good, nor for that matter, do they exhaust what is new in the human condition. Past writing on the theme of culture has emphasized the growth and expansion of human capabilities. Recent use of the term "civilization" has placed great emphasis on the fall from grace of human beings. The use of both terms is rapidly changing. Culture and Civilization develops critical ideas intended to produce a positive intellectual climate, one that is prepared to confront threats, and alert us to the opportunities of the twenty-first century. It recognizes that the twenty-first century presents people in all fields and of all faiths with shared challenges. Culture and Civilization embraces the work of novelists, journalists, cultural figures, technologists, physical sciences, historians, and policy personnel who

range beyond social science areas. What they have in common is a view that civilization is under assault and that it represents a cause worth advancing and defending. This publication does not embrace idiosyncratic visions of the clash of world civilizations or the end of Western civilization. It does attempt to bring together immediate issues of the century that are substantially new and challenging. We see that the essential polarity between democracy and autocracy has now taken on larger, deeper dimensions in a different political, economic, and ecological terrain: the central issue of our day is now civilization versus barbarism. The character of democratic culture is central to the global equation and the systemic challenge. This publication is a sober response to such a challenge.

Dialogue with Roger Garaudy Routledge

On peut se représenter Roger Garaudy comme un caméléon, tant il a changé de couleur au cours de sa longue vie d'intellectuel engagé. Né à Marseille en 1913 dans une famille de petits employés, Roger Garaudy commence son engagement comme militant protestant, ce qui ne l'empêche pas d'entrer tôt au Parti communiste et d'y faire une ascension fulgurante après guerre, tout en poursuivant des études de philosophie. Sa verve et son mordant, sa servilité, aussi, en font rapidement un de ses porte-parole les plus en vue. Son témoignage dans le procès Kravchenko marque le faite de sa gloire comme stalinien officiel. C'est sa période rouge vif. Bientôt, il prend ses distances tout en se posant en victime des « durs », et guigne du côté des gauchistes libertaires qui animent Mai 68. Séquence rouge et noire. Mais voilà que la thématique tiers-mondiste l'appelle. C'est l'occasion de se poser en champion de l'anticolonialisme,

de fustiger l'arrogance de l'Occident et d'incarner « le sanglot de l'homme blanc ». Son engagement va très loin, puisqu'il se convertit à l'islam et chante les bienfaits de la révolution khomeinyste. Période verte. Des dizaines de livres émaillent ces années de retournements successifs, mais aucun d'entre eux n'est pris véritablement au sérieux. Jusqu'à sa période brune. En signant *Les Mythes fondateurs de la politique israélienne*, Garaudy accède enfin à la notoriété tant convoitée. Ce livre négationniste lui vaudra deux procès, qu'il perdra, mais surtout un succès immense et instantané dans tout le Moyen-Orient. Vilipendé et méprisé en France, Roger Garaudy devient dans les années 90 un propagandiste de l'antisémitisme dans le monde musulman, multipliant interviews, conférences de presse et débats ayant pour thème le « mythe » de la Shoah. Invité en grande pompe par les rois, les présidents à vie et les imams, il est devenu le principal inspirateur des ayatollahs et des ennemis d'Israël, dont Mahmoud Ahmadinejad ou Hassan Nasrallah. Ce livre retrace l'itinéraire en zigzag d'un intellectuel raté mais exalté et dévoile l'étendue de son ultime forfaiture, dont peu d'observateurs occidentaux ont pris la mesure.

The Whole Truth University-Press.org

The American Journal of Islamic Social Sciences (AJISS), established in 1984, is a quarterly, double blind peer-reviewed and interdisciplinary journal, published by the International Institute of Islamic Thought (IIIT), and distributed worldwide. The journal showcases a wide variety of scholarly research on all facets of Islam and the Muslim world including subjects such as anthropology, history, philosophy and metaphysics, politics, psychology, religious law, and traditional

Islam.
