"Fierro doesn’t just observe, she knows. Like all great novelists, she gives us the world." - Amy Bloom, bestselling author of *Away* and *Lucky Us*
It is the summer of 1992 and a gypsy moth invasion blankets Avalon Island. Ravenous caterpillars disrupt early summer serenity on Avalon, an islet off the coast of Long Island--dropping onto novels left open on picnic blankets, crawling across the T-shirts of children playing games of tag and capture the flag in the island's leafy woods. The caterpillars become a relentless topic of island conversation and the inescapable soundtrack of the season. It is also the summer Leslie Day Marshall—only daughter of Avalon’s most prominent family—returns with her husband, a botanist, and their children to live in “The Castle,” the island's grandest estate. Leslie’s husband Jules is African-American, and their children bi-racial, and islanders from both sides of the tracks form fast and dangerous opinions about the new arrivals. Maddie Pencott LaRosa straddles those tracks: a teen queen with roots in the tony precincts of East Avalon and the crowded working class corner of West Avalon, home to Grudder Aviation factory, the island's bread-and-butter and birthplace of generations of bombers and war machines. Maddie falls in love with Brooks, Leslie’s and Jules’ son, and that love feels as urgent to Maddie as the questions about the new and deadly cancers showing up across the island. Could Grudder Aviation, the pride of the island—and its patriarch, the Colonel—be to blame? As the gypsy moths burst from cocoons in flocks that seem to eclipse the sun, Maddie’s and Brooks’ passion for each other grows and she begins planning a life for them off Avalon Island. Vivid with young lovers, gangs of anxious outsiders; a plotting aged matriarch and her husband, a demented military patriarch; and a troubled young boy, each seeking his or her own refuge, escape and revenge, *The Gypsy Moth Summer* is about love, gaps in understanding, and the struggle to connect: within families; among friends; between neighbors and entire generations.

My name is Tess Turner--at least, that's what I've always been told. I have a voice but it isn't mine. It used to say things so I'd fit in, to please my parents, to please my teachers. It used to tell the universe I was something I wasn't. It lied. It never occurred to me that everyone else was lying too. Fifteen-year-old Tess doesn't mean to become mute. Terrified of the truth, Tess retreats into silence. Reeling from her family's betrayal, Tess sets out to discover the identity of her real father. He could be anyone—even the familiar-looking teacher at her school. Tess continues to investigate, uncovering a secret that could ruin multiple lives. It all may be too much for Tess to handle, but how can she ask for help when she's forgotten how to use her voice? In a brilliant study of identity, betrayal, and complex family dynamics, award-winning author Annabel Pitcher explores the importance of communication, even when we’re faced with unspeakable truths.

The Truth About Forever Houghton Mifflin Harcourt

Robyn Schneider's *The Beginning of Everything* is a witty and heart-wrenching teen novel that will appeal to fans of books by John Green and Ned Vizzini, novels such as *The Perks of Being a Wallflower*, and classics like *The Great Gatsby* and *The Catcher in the Rye*. Varsity tennis captain Ezra Faulkner was supposed to be homecoming king, but that was before—before his girlfriend cheated on him, before a car accident shattered his leg, and before he fell in love with unpredictable new girl Cassidy Thorpe. As *Kirkus Reviews* said in a starred review, "Schneider takes familiar

stereotypes and infuses them with plenty of depth. Here are teens who could easily trade barbs and double entendres with the characters that fill John Green's novels." Funny, smart, and including everything from flash mobs to blanket forts to a poodle who just might be the reincarnation of Jay Gatsby, *The Beginning of Everything* is a refreshing contemporary twist on the classic coming-of-age novel—a heart-wrenching story about how difficult it is to play the part that people expect, and how new beginnings can stem from abrupt and tragic endings.
