While 1984 and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

A man wakes up in present-day Alaskan wilderness with no idea who he is, nothing on him save an empty journal with the date 1898 and a mirror. He sees another man hunting nearby, astounded that they look exactly alike except for his own beard. After following this other man home, he witnesses a wife and child that brings forth a rush of memories of his own wife and child, except he's certain they do not exist in modern times—but from his life in the late 1800s. After recalling his name is Wyatt, he worms his way into his doppelganger Travis Barlow's life. Memories become unearthed the more time he spends, making him believe that he'd been frozen after coming to Alaska during the Gold Rush and that Travis is his great-great grandson. Wyatt is certain gold still exists in the area and finding it with Travis will ingratiate himself to the family, especially with Travis's wife Callie, once Wyatt falls in love. This turns into a dangerous obsession affecting the Barlows and everyone in their small town, since Wyatt can't be tamed until he also discovers the meaning of why he was able to be preserved on ice for over a century. A meditation on love lost and unfulfilled dreams, *The Ancestor* is a thrilling page-turner in present day Alaska and a historical adventure about the perilous Gold Rush expeditions where prospectors left behind their lives for the promise of hope and a better future. The question remains whether it was all worth the sacrifice... Praise for *THE ANCESTOR*: "Lee Matthew Goldberg is an animal—there is no other way to say it. His prose is heavyweight ambitious, as visceral as a sweaty-toothed dog at your throat. He

evokes Robert Louis Stevenson as much as he does a modern thriller novelist. And I'll be honest: I expected a crime novel, but I got a spell-binding epic, an epistolary revelation, a tale as rich as a paying gold mine. *The Ancestor* is more than a novel. It's an ode to the rich tradition of adventure storytelling...seasoned with ample spice of love and violence and greed." -Matt Phillips, author of *Countdown* and *Know Me from Smoke* "In *The Ancestor*, Lee Matthew Goldberg masterfully weaves together a story involving family and violence set against the backdrop of an unforgiving Alaska of both past and present." -Andrew Davie, author of *Pavement* and *Ouroboros* "From the icy opening battle of man vs. wolf, you feel yourself in the hands of a master storyteller and that feeling never lets up." -SJ Rozan, bestselling author of *Paper Son* "This thrilling novel is rich in descriptions of the vast, snowy, and deadly wilderness of Alaska; it ably captures the type of person who chases gold." -Foreword Reviews "A story that blends the familiar and the supernatural in a manner that calls Stephen King's work to mind. That said, Goldberg's book possesses a flavor all its own—a distinctive mélange of the sincere and the strange." -Kirkus Reviews "Beautifully written, and capturing the unforgiving grit of Gold Rush Alaska, Lee Matthew Goldberg's *The Ancestor* is a thrilling page-turner with an ache in its heart. I'm a huge fan." -Roz Nay, author of *Hurry Home* and *Our Little Secret* "A suspenseful historical thriller." -Indie Reader "One of the year's best thrillers. Blake Crouch fans will love Goldberg's Alaskan opus." -BestThrillers *A New Napa Cuisine* Simon and Schuster We all have treasured possessions—a favorite pair of shoes, a much-beloved chair, an ever-expanding record collection. But sometimes, this emotional attachment to our belongings can spiral out of control and culminate into a condition called compulsive hoarding. From hobbyists and collectors to pack rats and compulsive shoppers—it is close to impossible for hoarders to relinquish their precious objects, even if it means that stuff takes over their lives and their homes. According to psychologist Dr. Robin Zasio, our fascination with hoarding stems from the fact that most of us fall somewhere on the hoarding continuum. Even though it may not regularly interfere with our everyday lives, to some degree or another, many of us hoard. *The Hoarder In You* provides practical advice for decluttering and organizing, including how to tame the emotional pull of acquiring additional things, make order out of chaos by getting

a handle on clutter, and create an organizational system that reduces stress and anxiety. Dr. Zasio also shares some of the most serious cases of hoarding that she's encountered, and explains how we can learn from these extreme examples—no matter where we are on the hoarding continuum.

Based on the real orchestra composed of prisoners at Auschwitz, *The Butterfly and the Violin* shows how beauty and hope can penetrate even the darkest corners. Present day: Manhattan art dealer Sera James watched her world crumble at the altar two years ago, and her heart is still fragile. Her desire for distraction reignites a passion for a mysterious portrait she first saw as a young girl—a painting of a young violinist with piercing blue eyes. In her search for the painting, Sera crosses paths with William Hanover—the grandson of a wealthy California real estate mogul—who may be the key to uncovering the hidden masterpiece. Together Sera and William slowly unravel the story behind the painting's subject: Austrian violinist Adele Von Bron. 1942: A darling of the Austrian aristocracy, talented violinist, and daughter to a high-ranking member of the Third Reich, Adele Von Bron risks everything when she begins smuggling Jews out of Vienna. In a heartbeat, her life of prosperity and privilege dissolves into a world of starvation and barbed wire. As Sera untangles the secrets behind the painting, she finds beauty in the most unlikely places: the grim concentration camps of Auschwitz and the inner recesses of her own troubled heart. "Cambron expertly weaves together multiple plotlines, timelines, and perspectives to produce a poignant tale of the power of love and faith in difficult circumstances. Those interested in stories of survival and the Holocaust, such as Eli Wiesel's *Night*, will want to read." —Library Journal, starred review *Stand-alone World War II historical fiction Full-length novel, approximately 115,000 words Includes discussion questions for book clubs Also available from Kristy Cambron: The Italian Ballerina, The Paris Dressmaker, The Lost Castle, The Ringmaster's Wife, and The Illusionist's Apprentice*

When it comes to truly finding out who you are and what makes you tick, there is one thing that needs no online subscription to a cloud-based server with a password you keep forgetting. That, my friend, is a shed. Your shed is your refuge. It's the place where you go when you need a break from this mad, crazy world. But a shed can only help you if it's not attached to the house. The minute you attach the shed to the gaff, or confuse the concept of a shed with the concept of a conservatory, or a home office or a Shepherd's Hut, you're doing yourself over. You're never, ever going to get spiritual enlightenment in a lean-to. That's like going to find yourself in Thailand, and staying in the airport. You need to make that pilgrimage to the bottom of the garden. Whether you're walking down a muddy track or crunching along a perfect gravel path, you have to get out of the house. Breathe in the fresh air. Then pull open the door, grapple for the light switch, fire up the heaters and turn on the kettle. Once you're inside the four walls of your shed, you can do whatever you like. You're the king in there.
