Desperate University of Chicago Press
A witty and engrossing look at Los Angeles' urban ecology and the city's place in America's cultural fantasies
Earthquakes. Wildfires. Floods. Drought. Tornadoes. Snakes in the sea, mountain lions, and a plague of bees. In this controversial tour de force of scholarship, unsparing vision, and inspired writing, Mike Davis, the author of *City of Quartz*, revisits Los Angeles as a Book of the Apocalypse theme park. By brilliantly juxtaposing L.A.'s fragile natural ecology with its disastrous environmental and social history, he compellingly shows a city deliberately put in harm's way by land developers, builders, and politicians, even as the incalculable toll of inevitable future catastrophe continues to accumulate. Counterpointing L.A.'s central role in America's fantasy life--the city has been destroyed no less than 138 times in novels and films since 1909--with its wanton denial of its own real history, Davis creates a revelatory kaleidoscope of American fact, imagery, and sensibility. Drawing upon a vast array of sources, *Ecology of Fear* meticulously captures the nation's violent malaise and desperate social unease at the millennial end of "the American century." With savagely entertaining wit and compassionate rage, this book conducts a devastating reconnaissance of our all-too-likely urban

future.

Embrace the Case Interview walks you through each step on the path to your dream consulting job as described by a former management consultant who conducted over 100 interviews for a top-tier firm. First, we cover how to get the interview including how to be memorable when speaking with firms prior to the interview and how to write a killer resume and cover letter. Second, we cover the behavioral part of the interview. Often overlooked, the behavioral part of the interview covers your personal experiences and is often just as valuable as the case interview. We discuss the traits interviewers are looking for and how to answer their questions in a structured way. Third, we take an in-depth look at the case interview itself. Unlike books that focus on segmenting cases and applying frameworks, you will learn a single, flexible structure that you will apply to any case with deadly effectiveness. In addition to structuring the case, you will learn approaches for the cases' other parts including qualitative questions, quantitative problems, exhibit analysis, and synthesis. Embrace the Case Interview places a strong emphasis on the quality of your learning rather than just doing hundreds of cases. As such, each example case contains an in-depth discussion of the text book answer to help you improve. For more information, please visit embracethecaseinterview.com. Enjoy the book and best of luck in your upcoming interviews!

From the celebrated team behind *Creepy Carrots!*, Aaron Reynolds and Caldecott Honor winner Peter Brown, comes a hilarious (and just a little creepy) story of a brave rabbit and a very weird pair of underwear. Jasper Rabbit is NOT a little bunny anymore. He's not afraid of the dark, and he's definitely not afraid of something as silly as underwear. But when the lights go out, suddenly his new big rabbit underwear glows in the dark. A ghoulish, greenish glow. If Jasper didn't know any better he'd say his undies were a little, well, creepy. Jasper's not scared obviously, he's just done with creepy underwear. But after trying everything to get rid of them, they keep coming back! *Cold-Case Christianity* Independently Published

For most of us, one of the most rewarding, yet difficult tasks, is preparing messages to preach and teach. We are honored by God to stand before our congregation each week, and we want to give them the very best, but with the press of the many demands of ministry, sometimes that is difficult to do. And if you're like me, you prefer writing your own sermons because you have a special connection with your congregation that is hard to reach through a message someone else has written. In other words, no one knows your people like you do! Our new Pulpit Outline Series gives you a starting point - a sermon title, a deductive sermon outline; and a relevant illustration you can use however you like. In this edition, rather than an outline, we have given you full manuscript messages that can be edited to suit your purposes. We invite you to make these messages your own, because only you know the people God has called you to preach to. And we are so honored that you've invested in this unique third volume in the Pulpit Outline series - 52 Funeral Sermons. We have put together the most tasteful, relevant, and Biblical messages possible.

Creepy Pair of Underwear! John Wiley & Sons

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons.

"Terrifying... Eloquent... A heart-rending

drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.
