An African safari is arguably one of the most alluring and easily understood dreams of our time. Just the thought of an African safari evokes thoughts of adventure, a journey through nature's greatest spectacle, a glimpse of the earth before man. African Safari is an exploration of all that the word safari encompasses, from journeys on horseback and dugout canoes, the quiet drifting of a balloon and the tension of waiting on foot to the smell of dung, soil and the rain. African Safari is an intimate odyssey through the great wilderness of Africa and an eye on its wild denizens, spiced with the echoes of a romantic history. African Safari is divided into eight chapters: South Africa (Kruger & the Kgalagadi) Namibia (Etosha, Damaraland and Kaokaland) Botswana (Okavango, Chobe, and Linyanti) Zimbabwe (Mana Pools and the Zambezi) Zambia (North and South Luangwa) Tanzania (Ngorongoro and the Serengeti) Kenya (Masai Mara, Amboseli, and Tsavo) Rwanda & Uganda (Parc des Volcans and Mgahinga).

Blood River Houghton Mifflin Harcourt

A hilarious, highly original collection of essays based on the Botswana truism: "only food runs!" In the tradition of Bill Bryson, a new writer brings us the lively adventures and biting wit of an African safari guide. Peter Allison gives us the guide's-eye view of living in the bush, confronting the world's fiercest terrain of wild animals and, most challenging of all, managing herds of gaping tourists. Passionate for the animals of the Kalahari, Allison works as a top safari guide in the wildlife-rich Okavango Delta. As he serves the whims of his wealthy clients, he often has to stop the impulse to run as far away from them as he can, as these tourists are sometimes more dangerous than a pride of lions. No one could make up these outrageous-but-true tales: the young woman who rejected the recommended safari-friendly khaki to wear a more "fashionable" hot pink ensemble; the lost tourist

who happened to be drunk, half-naked, and a member of the British royal family; establishing a real friendship with the continent's most vicious animal; the Japanese tourist who requested a repeat performance of Allison's being charged by a lion so he could videotape it; and spending a crazy night in the wild after blowing a tire on a tour bus, revealing that Allison has as much good-natured scorn for himself. The author's humor is exceeded only by his love and respect for the animals, and his goal is to limit any negative exposure to humans by planning trips that are minimally invasive—unfortunately it doesn't always work out that way! Peter Allison is originally from Sydney, Australia. His safaris have been featured in National Geographic, Conde Nast Traveler, and on television programs such as Jack Hanna's Animal Adventures. He travels frequently to speaking appearances, and splits most of his time between Botswana, Sydney, and San Francisco.

NEW YORK TIMES BESTSELLER • A worthy heir to Isak Dinesen and Beryl Markham, Alexandra Fuller shares visceral memories of her childhood in Africa, and of her headstrong, unforgettable mother. "This is not a book you read just once, but a tale of terrible beauty to get lost in over and over."—Newsweek "By turns mischievous and openhearted, earthy and soaring . . . hair-raising, horrific, and thrilling."—The New Yorker Though it is a diary of an unruly life in an often inhospitable place, *Don't Let's Go to the Dogs Tonight* is suffused with Fuller's endearing ability to find laughter, even when there is little to celebrate. Fuller's debut is unsentimental and unflinching but always captivating. In wry and sometimes hilarious prose, she stares down disaster and looks back with rage and love at the life of an extraordinary family in an extraordinary time. From 1972 to 1990, Alexandra Fuller—known to friends and family as Bobo—grew up on several farms in southern and central Africa. Her father joined up on the side of the white government in the Rhodesian civil war,

and was often away fighting against the powerful black guerilla factions. Her mother, in turn, flung herself at their African life and its rugged farm work with the same passion and maniacal energy she brought to everything else. Though she loved her children, she was no hand-holder and had little tolerance for neediness. She nurtured her daughters in other ways: She taught them, by example, to be resilient and self-sufficient, to have strong wills and strong opinions, and to embrace life wholeheartedly, despite and because of difficult circumstances. And she instilled in Bobo, particularly, a love of reading and of storytelling that proved to be her salvation. Alexandra Fuller writes poignantly about a girl becoming a woman and a writer against a backdrop of unrest, not just in her country but in her home. But *Don't Let's Go to the Dogs Tonight* is more than a survivor's story. It is the story of one woman's unbreakable bond with a continent and the people who inhabit it, a portrait lovingly realized and deeply felt. Praise for *Don't Let's Go to the Dogs Tonight* "Riveting . . . [full of] humor and compassion."—O: The Oprah Magazine "The incredible story of an incredible childhood."—The Providence Journal

As a dutiful Victorian daughter, the author was thirty before being freed (by her parents' deaths) to do as she chose. She went to West Africa in 1893 and again in 1895, to investigate the beliefs and customs of the inland tribes and also to collect zoological specimens. She was appalled by the 'thin veneer of rubbishy white culture' imposed by British officials and was not afraid to say so.

In the tradition of Jane Goodall and Dian Fossey, Robert Sapolsky, a foremost science writer and recipient of a MacArthur Genius Grant, tells the mesmerizing story of his twenty-one years in remote Kenya with a troop of savanna baboons. "I had never planned to become a savanna baboon when I grew up; instead, I had always assumed I would become a mountain gorilla," writes Robert Sapolsky in this witty and riveting chronicle of a scientist's coming-of-age in Africa. An exhilarating account of Sapolsky's twenty-one-year study of a troop of rambunctious baboons in Kenya, *A Primate's Memoir* interweaves serious scientific observations with wry commentary about the challenges and pleasures of living in the wilds of the Serengeti—for man and beast alike. Over two decades, Sapolsky survives culinary atrocities, gunpoint encounters, and a surreal kidnapping, while witnessing the encroachment of the tourist mentality on Africa. As he conducts unprecedented physiological research on wild primates, he becomes enamored of his subjects—unique and compelling characters in their own right—and he returns to them summer after summer, until tragedy finally prevents him. By turns hilarious and poignant, *A Primate's Memoir* is a magnum opus from one of our foremost science writers.

In the tradition of Bill Bryson, a new writer brings us the lively adventures and biting wit of an African safari guide. Peter Allison works as a top safari guide in the Okavango Delta, an oasis of

wetland in the middle of the Kalahari desert, rich with wildlife. As he caters to the whims of his wealthy clients, he often has to overcome the impulse to run as far away from them as he can, as these tourists are sometimes more dangerous than a pride of lions! Full of outrageous-but-true tales of the people and animals he has encountered -- the young woman who rejected the recommended safari-friendly khaki to wear a more fashionable hot pink ensemble; the drunk, half-naked missing tourist who happened to be a member of the British royal family; the squirrel that overdosed on malaria pills; the monkeys with an underwear fetish; and last, but by no means least, Spielberg the Japanese tourist who wanted a repeat performance of Allison's narrow escape from a pair of charging lionesses so he could videotape it -- these hilarious stories reveal Allison's good-natured scorn for himself, as well as others. Allison's humour is exceeded only by his love and respect for the animals, and his goal is to limit any negative exposure to humans by planning trips that are minimally invasive - unfortunately it doesn't always work out that way, as he and his clients discover to their cost when they find themselves up to their necks in a hippo-infested watering hole! Full of essential wisdom like don't run, whatever you do, and never stand behind a frightened zebra (they are prone to explosive flatulence when scared!), this is a wonderfully vivid portrait of what the life of a safari guide is really like. "Allison's writing is high on colour and is packed with engaging accounts of the sort of things that are just another day at the office for the average safari guide. If you love the thrill of safaris this book is for you. It is full of hair-raising stories of escape and adventure in the bush. Having worked for more than twenty years in Botswana, South Africa, Namibia and Mozambique, the stars of Allison's show are hungry lions and territorial hippos. There are some white-knuckle tales of dodging landmines too..." -- Sunday Telegraph "Peter is the perfect storyteller with the ability to poke fun at himself. Witty, exciting, and ultimately unmissable." -- Real Travel "He writes beautifully and viscerally about the rhythm of bush life ... This is an absorbing book: as a reader you can't help but get caught up in the author's infectious enthusiasm for Africa's beauty and its beasts. On turning the last page, booking the first plane out to Botswana was most tempting." -- TNT
