**International Financial Management**  
Wiley

Deep coverage and rigorous examination of international corporate finance Multinational Finance offers an advanced exploration of international corporate finance concepts and operations. Despite its status as one of the most rigorous texts on the topic, this book remains accessible and readable without sacrificing depth of coverage. Sidebars, key terms, essays, conceptual questions, and problems with solutions help aid in the learning process, while

suggested readings and PowerPoint handouts reinforce the material and offer avenues for further exploration. This new sixth edition includes Excel templates that allow students to use real-world tools in a learning environment, and the modular structure facilitates course customization to individual objectives, interests, and preparatory level. The emphasis is on the basics of financial management, but coverage includes unique chapters on treasury management, asset pricing, hedging, options, and portfolio management in addition to traditional finance topics. International finance is a diverse field with myriad specialties and a vast array of possible interests. This book allows students to view the field through the lens of a financial manager with investment or financial options in more than one country to give them a practical feel for real-world application. Understand the nature and operations of international corporate finance Evaluate opportunities, costs, and risks of multinational operations See beyond the numbers and terminology to the general principles at work Learn the markets,

currencies, taxation, capital structure, governance, and more Comprehensive, adaptable, and rigorously focused, this book gives students a solid foundation in international corporate finance, as well as a sound understanding of the tools and mechanics of the field. Designed for MBA and advanced undergraduate courses, *Multinational Finance* provides the deep coverage so essential to a solid education in finance.

### **Financial Markets and Institutions**

Cengage AU

Known for its solid conceptual framework, Madura's best-selling FINANCIAL MARKETS AND INSTITUTIONS, 12e, explains why financial markets exist, how financial institutions serve these markets, and what services those institutions offer. Focusing on the management, performance, and regulatory aspects of financial institutions, it explores the functions of the Federal Reserve System, the major debt and equity security markets, and

derivative security markets. In addition to the latest research, timely examples, and updates on regulatory reform, the 12th edition includes expanded coverage of behavioral finance concepts, high-frequency trading, pension fund underfunding problems and implications, and much more. Critical Thinking Questions, Flow of Funds Exercises, Internet Exercises, and online research assignments help readers put what they learn into practice. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Financial Markets and Institutions John Wiley & Sons

The overriding objective of Eun and Resnick's International Financial Management, 3e is to teach students how to be effective global financial managers. The text covers the fundamentals of the macroeconomic environment of international financial management, discusses the financial environment in which the multinational firm and its managers must function, and covers foreign exchange management and financial management in a multinational firm.

Instructor's Manual to Accompany International Financial Management Cram101

Equip your students for success in international finance with the unrivalled depth of theory and practical applications presented in Madura, Hoque and Krishnamurti's INTERNATIONAL FINANCIAL MANAGEMENT, Asia-Pacific 1st edition. This APAC edition builds on the fundamental principles of corporate finance to provide the timely information and contemporary insights your students need to prosper in today's global business environment. With the original

US edition being well known for its inviting reader-friendly style and clear explanations, this APAC 1st edition introduces international finance with a focus on the important role of modern multinational corporations in global commerce within a strong APAC context. Using a strong corporate perspective, it discusses a wide range of managerial topics and emphasises the most recent changes in the international environment. Relevant examples, instructive diagrams, self-tests, and other learning features provide hands-on experience to help your students develop the skills they need to effectively manage in contemporary practice.

International Corporate Finance John Wiley & Sons

A readable, useful discussion of the rewards -- and hazards -- of offshore investing for institutional portfolio managers and other investment professionals.
