Twelfth Planet Simon and Schuster
The Story of Atlantis and the Lost Lemuria is a work by William Scott-Elliot. The author theorizes that Atlantis was a real continent, and the ages of its various races encouraged what they called sub-races, the contemporary people of today.

Slave Species of the Gods Simon and Schuster
Connects a diverse range of new and existing theories about the Anunnaki, offering a definitive guide to the Anunnaki while exploring their possible connection to humanity's past, present, and future. Over 6,000 years ago, the world's first civilization, the Sumerians, were recording stories of

strange celestial gods who they believed came from the heavens to create mankind. These gods, known as the Anunnaki, are often neglected by mainstream historians. The Sumerians themselves are so puzzling; scholars have described their origin as "The Sumerian Problem." With so little taught about the ancient Sumerians in our history books, alternative theories have emerged. This has led many to wonder, What is the true story behind the Sumerians and their otherworldly gods, the Anunnaki? In *The Anunnaki Connection*, Heather Lynn connects a diverse range of new and existing theories about the Anunnaki, offering a definitive guide to Mesopotamian gods while exploring what role they might have played in engineering mankind. The

Anunnaki Connection traces the evolution of gods throughout the Ancient Near East, analyzing the religion, myth, art, and symbolism of the Sumerians, investigating: Who are the Anunnaki? How accurate are the current Sumerian text translations, and how do we know for sure who to believe? Is there a connection between the Anunnaki and other ancient gods? What about demons? Where are the Anunnaki now? Will their possible return spell the end of our world? *Journeys to the Mythical Past* Simon and Schuster
Technology of the Gods lays out the mind-bending evidence that long-lost civilizations had attained and even exceeded our "modern" level of advancement. Westerners have been taught that humankind has progressed along a

straight-line path from the primitive past to the proficient present, but the hard, fast evidence (literally written in stone!) proves that the ancients had technologies we cannot even replicate today.

The Wars of Gods and Men Simon and Schuster

The companion volume to The Earth Chronicles series that reveals the identity of mankind's ancient gods • Explains why these "gods" from Nibiru, the Anunnaki, genetically engineered Homo sapiens, gave Earthlings civilization, and promised to return • 30,000 sold in hardcover Zecharia Sitchin's bestselling series The Earth Chronicles provided humanity's side of the story concerning our origins at the hands of the Anunnaki, "those who from heaven to earth came." In The Lost Book of Enki we now view this saga from the perspective of Lord Enki, an Anunnaki leader revered in antiquity as a god, who tells the story of these extraterrestrials' arrival on Earth from the planet Nibiru. In his previous works Sitchin compiled the complete story of the Anunnaki's impact on human civilization from fragments scattered

throughout Sumerian, Akkadian, Babylonian, Assyrian, Hittite, Egyptian, Canaanite, and Hebrew sources. Missing from these accounts, however, was the perspective of the Anunnaki themselves. What was life like on their own planet? What motives propelled them to settle on Earth--and what drove them from their new home? Convinced of the existence of a lost book that held the answers to these questions, the author began his search for evidence. Through exhaustive research of primary sources, he has here re-created tales as the memoirs of Enki, the leader of these first "astronauts." What takes shape is the story of a world of mounting tensions, deep rivalries, and sophisticated scientific knowledge that is only today being confirmed. An epic tale of gods and men unfolds, challenging every assumption we hold about our past and our future.

Gods of Eden Harper Collins

They Came To Earth Millions Of Years Ago To Spread The Poison Of Hatred, War And Catastrophe... They Are With Us Still... Human history is a seemingly endless succession of

bloody conflicts and devastating turmoil. Yet, inexplicably, in the light of astonishing intellectual and technological advancement, Man's progress has been halted in one crucial area: he still indulges the primitive beast within and makes war upon his neighbors. As a result of seven years of intense research, William Bramley has uncovered the sinister thread that links humanity's darkest events -- from the wars of the ancient pharaohs to the assassination of JFK. In this remarkable, shocking and absolutely compelling work, Bramley presents disturbing evidence of an alien presence on Earth -- extraterrestrial visitors who have conspired to dominate Humankind through violence and chaos since the beginning of time...a conspiracy which continues to this very day.

Ptolemy's Almagest Simon and Schuster

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new

Jerusalem. With an introduction by Will Self.

Genesis Revisited
 Nicholas Brealey
 The crowning work of the best-selling Earth Chronicles series • Reveals the existence of physical evidence of alien presence on Earth in the distant past • Identifies and describes the demigods, such as Gilgamesh, descended from these visitors • Outlines the tests of this physical evidence of alien presence that could unlock the secrets of health, longevity, life, and death In whose genetic image were we made? From his first book *The 12th Planet* on, Zecharia Sitchin has asserted that the Bible's Elohim who said "Let us fashion The Adam in our image and after our likeness" were the gods of Sumer and Babylon--the Anunnaki who had come to Earth from their planet Nibiru. The Adam, he wrote, was genetically engineered by adding Anunnaki genes to those of an existing hominid, some 300,000 years ago. Then, according to the Bible, intermarriage took place: "There were giants upon the Earth" who took Adam's female offspring as wives, giving birth to "heroes of renown." With

meticulous detail, Sitchin shows that these were the demigods of Sumerian and Babylonian lore, such as the famed Mesopotamian king Gilgamesh as well as the hero of the Deluge, the Babylonian Utnapishtim. Are we then, all of us, descendants of demigods? In this crowning oeuvre, Zecharia Sitchin proceeds step-by-step through a mass of ancient writings and artifacts, leading the reader to the stunning Royal Tombs of Ur. He reveals a DNA source that could prove the biblical and Sumerian tales true, providing conclusive physical evidence for past alien presence on Earth and an unprecedented scientific opportunity to track down the "Missing Link" in humankind's evolution, unlocking the secrets of longevity and even the ultimate mystery of life and death.

The Family Simon and Schuster
Reveals Zecharia Sitchin's groundbreaking research into the code left behind by the creators of humanity. • Explains how the Anunnaki were not merely the mythical gods of the Sumerians, but rather the founders of human life on Earth. • Using Biblical and ancient Sumerian sources, explains how to decode these messages our star ancestors left behind. Daring to challenge our long-held beliefs about the origins of man, Zecharia Sitchin suggests that humans are not the children of God, but rather the children of the Anunnaki, an ancient race

from the planet Nibiru. His revolutionary theories are supported by his intense scrutiny of not only ancient Sumerian texts but also stone structures all over the world. The similarities and astrological significance of these formations suggests that rather than looking for guidance from leaders here on Earth, humanity should instead look to the sky for answers. The Earth Chronicles deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. For the first time, the entire Earth Chronicles series is now available in a hardcover collector's edition.

The Stairway to Heaven (Book II) Simon and Schuster
Zecharia Sitchin's secret allegorical novel that brings to life the key concepts of his bestselling book *The 12th Planet* • Reimagines the Epic of Gilgamesh in the context of Sitchin's discoveries • Details ancient Sumerian sex rituals, the Anunnaki lineage of the gods who lived in Sumer, Anunnaki spacecraft technology, the workings of the Oracle of Anu, and Gilgamesh's relationship with the

goddess Ishtar Written in secret so as not to incite criticism about his controversial discoveries, this novel from the late Zecharia Sitchin brings to life the key themes of his bestseller *The 12th Planet*. The story begins in London as Astra arrives at the British Museum's opening for their new Gilgamesh exhibit. There she meets a handsome stranger who knows secrets about her that no stranger should know, including the source of the unusual scar on her hand. Taking her to his apartment, he reveals that she is descended from the goddess Ishtar and that he is the modern-day avatar of Gilgamesh seeking to claim the eternal life Ishtar denied him so long ago. Reenacting their sacred sex ritual from eons ago, they find themselves transported to ancient Sumer as Gilgamesh and Ishtar, where he is at last able to continue his quest for immortality. But as Gilgamesh fulfills his sacred duties with Ishtar, something goes awry and the Oracle of Anu will not renew its blessing upon his kingship. Following the direction of his mother, the Anunnaki goddess Ninsun--the source of his

partial divinity--Gilgamesh flees the city for the Anunnaki forbidden zone in search of a way to the planet Nibiru and eternal life. Travel alongside Gilgamesh and his immortal companion Enkidu as they escape the fate pronounced by the oracle, discover a Tablet of Destiny meant for Ishtar, fight off Marduk's raiders, and foil the plot of the high priest, Gilgamesh's half-brother who is seeking Gilgamesh's crown for himself. Retelling the Epic of Gilgamesh in the context of his discoveries about the Anunnaki, Zecharia Sitchin weaves a tale of ancient ceremony, accidental betrayal, gods among men, interplanetary travel, and a quest for immortality spanning millennia.

Ptolemy's *Almagest* is one of the most influential scientific works in history. A masterpiece of technical exposition, it was the basic textbook of astronomy for more than a thousand years, and still is the main source for our knowledge of ancient astronomy. This translation, based on the standard Greek text of Heiberg, makes the work accessible to English

readers in an intelligible and reliable form. It contains numerous corrections derived from medieval Arabic translations and extensive footnotes that take account of the great progress in understanding the work made in this century, due to the discovery of Babylonian records and other researches. It is designed to stand by itself as an interpretation of the original, but it will also be useful as an aid to reading the Greek text.

Technology of the Gods
Harper

Thousands of years ago, the Earth was a battlefield. These were the wars that would shape man's destiny—terrible conflicts that began lifetimes earlier on another planet. Parting the mists of time and myth, the internationally renowned scholar Zecharia Sitchin takes us back in this volume to the violent beginnings of the human story, when gods—not men—ruled the Earth. In a spellbinding reconstruction of epic events preserved in legends and ancient writings, he traces the conflicts that began on another world, continued on Earth, and culminated in the use of nuclear

weapons—an event recorded in the Bible as the upheaval of Sodom and Gomorrah.

The Complete Earth Chronicles Simon and Schuster

The paperback release of the second volume of Sitchin's autobiographical account of the investigations and discoveries that led to The Earth Chronicles series • Zecharia Sitchin tells how his life was at risk inside the Great Pyramid and reveals the existence of a secret chamber • Reports on Vatican encounters,

the Iceman of the Alps, the Antikythera computer, the temples and Ruts of Malta--and offers a solution to the enigma of the Nazca lines • 18,000 copies sold in hardcover since September 2007 In *Journeys to the Mythical Past* the renowned researcher of antiquity Zecharia Sitchin reveals, for the first time, the existence of a secret chamber in Egypt's Great Pyramid, and he tells his own story of an indefatigable dedication to finding the truth that almost cost him his life--accidentally or otherwise--when uncovering secrets of the Giza pyramids and Sphinx. Exposing hidden artifacts that contradict establishment assumptions or that baffle scientists, Sitchin's firsthand accounts of his explorations take the reader into the inner workings of the Vatican, the enigma of a futuristic computer from millennia ago, and the secret handiwork of a Divine Architect at Stonehenge, at Malta, and at a site in the Americas. Looking deep into antiquity, Sitchin offers astounding evidence that links the Nazca lines and a baffling adjoining site to the Departure from Earth of the Anunnaki, the ancient

gods who, he believes, vowed to Return.

The End of Days Simon and Schuster

Over the years, startling evidence has been uncovered, challenging established notions of the origins of life on Earth—evidence that suggests the existence of an advanced group of extraterrestrials who once inhabited our world. The first book of the revolutionary Earth Chronicles series offers indisputable documentary evidence of the existence of the mysterious planet Nibiru and tells why its astronauts came to Earth eons ago to fashion mankind in their image. The product of more than thirty years of meticulous research, *The 12th Planet* treats as fact, not myth, the tales of Creation, the Deluge, the Tower of Babel, and the Nefilim who married the daughters of man. By weaving together the biblical narrative with Sumerian and Babylonian clay-tablet texts, it challenges the established notions of the origins of Earth and mankind, and offers a compelling alternative history and prehistory of both.

Revelation Tangerine Press

Our origins as a slave species and the Anunnaki legacy in our DNA • Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species, first proposed by Zecharia Sitchin in *The 12th Planet* • Shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA • Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of the Anunnaki leader Enki Scholars have long believed that the first civilization on Earth emerged in Sumer some 6,000 years ago. However, as Michael Tellinger reveals, the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200,000 years ago. Sent to Earth in search of life-saving gold, these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold--thus beginning our global traditions of gold obsession, slavery, and god as dominating

master. Revealing new archaeological and genetic evidence in support of Zecharia Sitchin's revolutionary work with pre-biblical clay tablets, Tellinger shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA--which explains why less than 3 percent of our DNA is active. He identifies a recently discovered complex of sophisticated ruins in South Africa, complete with thousands of mines, as the city of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy. Matching key mythologies of the world's religions to the Sumerian clay tablet stories on which they are based, he details the actual events behind these tales of direct physical interactions with "god," concluding with the epic flood--a perennial theme of ancient myth--that wiped out the Anunnaki mining operations. Tellinger shows that, as humanity awakens to the truth about our origins, we can overcome our programmed animalistic

and slave-like nature, tap in to our dormant Anunnaki DNA, and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving God of our universe.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Old Testament is the source of the biblical verses quoted in *The Twelfth Planet*. The credibility of the Bible was shaken by the acceptance of Evolution, but if Man evolved, then he could not have been created all at once by a deity who premeditated him. #2 *The Twelfth Planet* is a narrative that attempts to answer the specific questions of When, How, Why and Wherefrom. It explains how the solar system was formed, an invading planet caught into solar orbit, and Earth and other parts of the solar system brought into being.
