Ante-Nicene Fathers Volume 1 Yale University Press

A landmark of early Christian scholarship, The Ante-Nicene Fathers is a collection of writings by the Church

Fathers, from the Apostolic Age to the Council of Nicaea in 325 CE. Edited by Alexander Roberts and James Donaldson, the book includes translations of works by Tertullian, Origen, Clement of Alexandria, and many others, as well as extensive notes and commentaries. The book is an essential resource for anyone interested in the history of Christianity and the development of Christian thought. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in

the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Will the Real Heretics Please Stand Up
Hendrickson Publishers

Where did the Bible come from? Author Craig D. Allert encourages more evangelicals to ask that question. In *A High View of Scripture?* Allert introduces his audience to the diverse history of the canon's development and what impact it has today on how we view Scripture. Allert affirms divine inspiration of the Bible and, in fact, urges the very people who proclaim the ultimate authority of the Bible to be informed about how it came to be. This book, the latest in the *Evangelical Ressourcement* series, will be valuable as a college or seminary text and for readers interested in issues of canon development and biblical authority.

The Apostolic Fathers in English Baker Academic

Most evangelical Christians believe that the smallest sin will cause eternal condemnation. This horrific falsehood and others underlie a Christian belief system that is imposed on the Bible rather than received from it. Paul Pavao uses the plain statements of Scripture to uproot the old foundations, lay out and establish the foundations clearly described in the Bible, and rebuild the basics of the faith. Verse after verse,

called difficult by traditional teachers, click neatly into place when put into the Christian system taught by the apostles and once believed by all churches. J.T. Tancock, Welsh apologist, author, and Bible college teacher calls *Rebuilding the Foundations* "explosive." He writes, "It upsets apple carts, slays sacred cows, and demands that we 'go back to the Bible'." For all of those reasons all of us must read it. "God shaped Paul's life, personality, circumstances, and spiritual upbringing to prepare him to write this book. "I wrote *Decoding Nicea* to prove I could deal honestly with the facts and make solid historical sources available to the average Christian. That book was written as much to prove that I am qualified to write this book as for any other reason." Thousands of churches have hundreds of different theological systems. Converts to all branches of modern Christianity fall away in droves, most not even attending a church years down the road. Pastors know the majority of their congregants have little or no zeal for the things of Christ. A foundation of errors can only produce more errors, both theologically and practically. Building on what the apostle Paul called "God's firm foundation" can deliver us from those errors.

The Ante-Nicene Fathers: The apostolic fathers, Justin Martyr, Irenæus

Faith of the Early Fathers This selection of writings from early church leaders includes work by Clement of Rome, Ignatius, Polycarp, Irenaeus, Athenagoras, and Justin Martyr. Long recognized for the quality of its translations, introductions, explanatory notes, and indexes, the Library of Christian Classics provides scholars and students with modern English translations of some of the most significant Christian theological texts in

history. Through these works--each written prior to the end of the sixteenth century--contemporary readers are able to engage the ideas that have shaped Christian theology and the church through the centuries.

The Faith of the Early Fathers CCEL Interest in the ways of the early church has never been more intense. What did early Christians believe about the divinity of Christ? What were the beliefs of those who sat at the feet of Jesus' disciples? Now, for the first time, a unique dictionary has been developed to allow easy access to the ancient material and furnish ready answers to these questions and others like them. David W. Bercot has painstakingly combed the writings of these early church leaders and categorized the heart of their thinking into more than 700 theological, moral, and historical topics to create A Dictionary of Early Christian Beliefs. Wonderfully suited for devotional or thematic study as well as sermon illustration, this resource offers a window into the world of the early church and affords special opportunity to examine topically the thoughts of students of the original apostles, as well as other great lights in the life of the early church. Collects relevant comments on key Christian concepts from prominent figures such as Origen, Clement of Alexandria, Clement of Rome, and Hippolytus. Includes key biblical verses associated with a given topic. Offers brief definitions of unfamiliar terms or concepts, allowing easy access to the ancient material. Provides a "who's who" of ante-Nicene Christianity to put in context the ancient Christian writers. Discusses more than 700 key theological, moral, and historical topics. Gives strategic cross-references to related topics. Functions as a topical

index to the writings of Ante-Nicene Fathers

Writings of the Nicene and Post-Nicene Fathers Liturgical Press

A Trusted Introduction to the Church Fathers This concise introduction to the church fathers connects evangelical students and readers to twelve key figures from the early church. Bryan Litfin engages readers with actual people, not just abstract doctrines or impersonal events, to help them understand the fathers as spiritual ancestors in the faith. The first edition has been well received and widely used. This updated and revised edition adds chapters on Ephrem of Syria and Patrick of Ireland. The book requires no previous knowledge of the patristic period and includes original, easy-to-read translations that give a brief taste of each writer's thought.

The One Wipf and Stock

Most evangelical Christians believe that those people who are not saved before they die will be punished in hell forever. But is this what the Bible truly teaches? Do Christians need to rethink their understanding of hell? In the late twentieth century, a growing number of evangelical theologians, biblical scholars, and philosophers began to reject the traditional doctrine of eternal conscious torment in hell in favor of a minority theological perspective called conditional immortality. This view contends that the unsaved are resurrected to face divine judgment, just as Christians have always believed, but due to the fact that immortality is only given to those who are in Christ, the unsaved do not exist forever in hell. Instead, they face the punishment of the "second death"--an end to their conscious existence. This volume brings together excerpts from a variety of well-

respected evangelical thinkers, including John Stott, John Wenham, and E. Earl Ellis, as they articulate the biblical, theological, and philosophical arguments for conditionalism. These readings will give thoughtful Christians strong evidence that there are indeed compelling reasons for rethinking hell.

A Guide to the Teachings of the Early Church Fathers Catholic Answers Press

"One of the first great events in Christian history was the Council of Nicaea in 325 AD, convened to organize Christian sects and beliefs into a unified doctrine. The great Christian clergymen who wrote before this famous event are referred to as the Ante-Nicenes and the Apostolic Fathers, and their writings are collected here in a ten-volume set. The Ante-Nicenes lived so close to the time of Christ that their interpretations of the New Testament are considered more authentic than modern voices. But they are also real and flawed men, who are more like their fellow Christians than they are like the Apostles, making their words echo in the ears of spiritual seekers. In Volume I of the 10-volume collected works of the Ante-Nicenes first published between 1885 and 1896, readers will find the writings of: Clement of Rome, the fourth pope, who was supposedly martyred by being tied to an anchor and tossed overboard Mathetes, an anonymous writer considered the first Christian apologist Polycarp, a Christian bishop who was stabbed to death after he failed to burn at the stake Ignatius, a student of John the Apostle, who was Bishop of Antioch before he was killed Barnabas, an anonymous writer given the name of Saint Barnabas Papias,

author of Interpretations of the Sayings of the Lord, a textbook on quotes from Jesus Justin Martyr, a Christian apologist and accomplished philosopher, and Irenaeus, disciple of Polycarp, apologist, and bishop of Lugdunum."

Tertullian St Vladimir's Seminary Press
Over 3 million copies sold! Essential reading for Catholics of all walks of life. Here it is - the first new Catechism of the Catholic Church in more than 400 years, a complete summary of what Catholics around the world commonly believe. The Catechism draws on the Bible, the Mass, the Sacraments, Church tradition and teaching, and the lives of saints. It comes with a complete index, footnotes and cross-references for a fuller understanding of every subject. The word catechism means "instruction" - this book will serve as the standard for all future catechisms. Using the tradition of explaining what the Church believes (the Creed), what she celebrates (the Sacraments), what she lives (the Commandments), and what she prays (the Lord's Prayer), the Catechism of the Catholic Church offers challenges for believers and answers for all those interested in learning about the mystery of the Catholic faith. The Catechism of the Catholic Church is a positive, coherent and contemporary map for our spiritual journey toward transformation.

The Apostolic Fathers Psychology Press

From atheism and agnosticism to Trinitarian Christianity which itself is not rooted in the simple faith of the one true God of the Bible - J. Dan Gill meets all of these candidly and head on. He asks, "Why do most Christians not even know the Shema - the amazing biblical creed about God which was given by Moses, affirmed by Jesus and is spoken in synagogues to this day?" J. Dan challenges Christians to by-pass centuries of their own religious traditions

and discover anew the God of Jesus.

Writings of the Church Fathers According to Topic Baker Academic

Series I of the Nicene and Post-Nicene Fathers consists of eight volumes of the writings of St. Augustine, the greatest and most influential of the early Church Fathers, and six volumes of the treatises and homilies of St. Chrysostom. The series is edited by the eminent church historian Philip Schaff (1819-1893), professor at Union Theological Seminary, New York.

Nicene and Post-Nicene Fathers:

Expositions on the book of Psalms Wipf and Stock Publishers

The Christian Church has continually looked to its beginnings to discover new insights and new strength for the present. Today the interest in early Christianity and its leaders is as lively as it ever was. Those who know these early days never tire in calling today's Church back to the Scriptures and the Spirit directed history of the Church. In this book, Dr. Williams has given the preacher, teacher, and concerned layman a very readable, concise, and helpful guide to the teachings of the early Church leaders. He communicates the exciting quality of Christian theology as it came to expression in the thought and life of men to whom the Christian Church today is greatly in debt, and from whom, with humility, it can continue to learn and find inspirations. The early Church Fathers were concerned, in the words of the Apostle Peter, to make a defense to anyone who called them to account for the hope that was in them. They were concerned, as the Church is today, to understand the faith for themselves and to explain it to those outside the Church. Their answers to the following problems are still relevant: the relationship of God to all the world, redemption, the Trinity, the person of Christ, the relationship between God's will and man's, and the problem of church and state. Today the Church still possesses the faith that overcomes the world and seeks to practice that faith in all of life. Twentieth century Christians can be strengthened in that possession and practice through an acquaintance with the teachings of the early Church Fathers. This book will guide them.

Four Anti-Pelagian Writings (The Fathers of the Church, Volume 86)
Harvard University Press

Taken together, these three volumes represent a basic English-language reference book of patristic works.

Volume 1 ends circa 382; Volume 2 concludes with Julian of Eclanum (d. 454); Volume 3 ends with St. John of Damascus (d. 749).

The Ante-Nicene Fathers. Translations of the Writings of the Fathers Down to A.D. 325 Volume; Volume 7 Hendrickson Publishers

The Nicene and Post-Nicene Fathers: Second Series contains in fourteen volumes the works of the Greek Fathers from Eusebius to John of Damascus and the Latin Fathers from Hilary to Gregory the Great. Several of the writings appear for the first time in English. The first three volumes are a complete collection of the historical writings of the Fathers, whose permanent value as the primary sources is universally acknowledged. Other volumes contain the works of eminent figures in early Christian history, such as Athanasius, Jerome, and Ambrose. The series concludes with the canons and decrees of the seven ecumenical councils, as well as canons of local synod with ecumenical acceptance. The Second Series is edited by Philip Schaff, eminent church historian and professor at Union Theological Seminary, NY, and Henry Wace, Principal of Kings College, London.
