The Eye Book Chicago Review Press
The first book from the acclaimed Atlanta interior designer, known for elegantly

collected interiors. Beth Webb believes that regardless of who we are or what kind of style we prefer, beauty and comfort are paramount for any home. Because each room is an environment, her design elevates the everyday by speaking to the five senses. In this lavishly illustrated book, Webb explores the fundamentals of creating a home in which every element we see and touch, and how the room makes us feel, enhance our ability to live well. Drawing from her background in the fine arts, Webb offers insight into how form, line, and scale render a space timeless and promote a sense of well-being. There should be texture, calm colors, and plenty of visual moments to keep the eye moving. There should be

impeccable tailoring and polished details. And most important, there should be soul, meaning that the house must reflect its owners and their evolving lifestyle. Webb gracefully shares ideas, images, and stories illustrating these principles throughout this rich visual resource and design reference.

The Eye of the I Forge Books

From monocles to pince-nez and goggle-eyes, a cultural and technological history of glasses in fact and fiction. This book examines those who wore glasses through history, art, and literature, from the green emerald through which Emperor Nero watched gladiator fights to Benjamin Franklin's homemade bifocals, and from Marilyn Monroe's cat-eye glasses to the famed four-eyes of Emma Bovary and Harry Potter. Spectacles are objects that seem commonplace, but In the Blink of an Eye shows that because they fundamentally changed people's lives, glasses were the wellspring of a quiet social, cultural, and economic revolution. Indeed, one can argue that modernity itself began with the paradigm shift that transformed poor eyesight from a severely limiting disease—treated with pomades

and tinctures—into a minor impairment that can be remedied with mechanisms constructed from lenses and wire.

An Eye for an Eye Rizzoli Publications
Developed by the Design Leader for Global Retail Hair at Procter & Gamble, *An Eye for Color* teaches readers how to develop their color sense. The book presents a unique, easy-to-follow system that the author developed to create effective color patterns, which differentiates it from the standard index-style books on the market that provide color combinations without placing those combinations in context. *An Eye for Color* shows how to build your own color index by "dissecting" a gorgeous selection of works used by master

painters, graphic designers, fashion and furniture designers and craftsmen—all selected for their exceptional use of color. In addition, the book's compact design and irresistibly chunky format will make it useful and attractive to designers, artists, students, professionals, or anyone trying to find attractive color combinations. *An Eye for Color* is organized into chapters by color. In every spread, the author first presents the work of a designer or painter. Second, she breaks down the color palette of the work, providing color squares on the page in both RGB and CMYK configurations. Text accompanying each chosen image contains information on the artist's inspiration for his use of color and interprets it. The text also describes the technical, emotional and artistic qualities of the work. The third step is for the reader to replicate the color swatches with Pantone chips or a Photoshop print out and place them onto a rolodex card which would then become the basis for their own inspiration file. Perforated sheets at the beginning of each chapter will enable readers to immediately start building their rolodexes based on the examples shown in the book.

An Eye for an Eye and Your Other Eye and the Rest of Your Family Open Road Media Five friends meet. Only four come home. On Christmas morning, DS Robin Butler has no plans to celebrate. He'll be glad to get back to work – a wish that comes true sooner than he anticipates. A dog walker at a local beach has discovered five unresponsive people strewn across the shingle. By the time Robin arrives, one is pronounced dead, and the other four are being treated in hospital. DC Freya West is less than pleased when the romantic day with her boyfriend is scuppered, but duty calls. As she and Butler speak to those involved, it's clear something is being left unsaid. They claim they are friends, and that they don't know how one of the group was killed. But why are they so cagey? A cold case investigation unlocks some answers about the history between the beach-going gang, yet they're tight-lipped about what prompted them to meet on Christmas Eve. Butler and West are getting nowhere, and their partnership is about to face another test. When Freya wants to come clean about events in her past, it's not just her neck on the line, but Robin's too. Can their relationship survive

if their pact of silence is broken? The thrilling new instalment from policing's most dauntless duo. Perfect for fans of Cara Hunter, Jane Casey and Susie Steiner. Praise for Blink of an Eye 'A thrilling and unusual mystery, spiced with sadness, masterfully unspooling past secrets into present danger. Butler and West would make high quality Sunday night network television.' Dominic Nolan, author of Vine Street 'Butler and West are fast becoming my favourite detective partnership... Addictive reading!' Alison Belsham, author of The Tattoo Thief 'The untangling of the long-held web of lies from The Five was expertly done... the story telling seems so effortlessly easy, and before you know it, you're chapters in and can't stop.' Fliss Chester, author of A Dangerous Goodbye 'Blink of an Eye is a blindingly brilliant return to the Butler and West series, with a tight-knit and claustrophobic friendship group at the core of its mystery. The chemistry between detectives Freya and Robin is the absolute star of the show – the twists and turns of their partnership will leave you desperate for more. Cannot recommend this series enough!' Heather Critchlow 'I've just raced through Blink of

an Eye and couldn't put it down. A Christmas Day body found on a beach, and a suspicious group of old friends... What's not to love! Tense, brilliant plotting and the perfect duo.' Rachael Blok, author of The Fall 'A punchy and pacy police procedural with heart.' Jo Furniss, author of All The Little Children 'One of the best detective series there is. Smooth, thrilling and full of emotion, this series of books are a must-read!' James Delargy, author of Vanished 'Great characters and a compelling mystery. Highly recommend.' Reader review 'Blink of an Eye, the fourth in Butler and West series, is one of the most intriguing British police procedurals published today.' Reader review 'A solid mystery with a tangled web at heart, perfectly crafted characters and a smart narrative. Both compelling and immersive.' Reader review 'So perfectly paced and boy do the jaw-dropping moments never cease. Superbly done.' Reader review Beth Webb: An Eye for Beauty Random House Books for Young Readers A brilliant work that dissolves the barriers between the known and the unknown, science and spirituality, and

Enlightenment from world-renowned author, psychiatrist, clinician, and spiritual teacher, David R. Hawkins, M.D., Ph.D. Delve deep into the mysteries of consciousness and the spiritual realm in this classic by Dr. David Hawkins, a leading figure in the field of self-realization and personal development. This groundbreaking work illuminates your path to spiritual growth, awakening, and enlightenment by exploring the intricate mind-body connection and the power of positive thinking. "I consider myself a student of David Hawkins and return to his books and work time and time again. His wisdom deeply resonates with my lived experiences; he is often able to beautifully articulate what I cannot put into words." - Vex King *The Eye of the I* (which calibrates at 950) is more advanced than *Power vs. Force* (which calibrates at 850) and brilliantly reveals the very core of the spiritual process critical to the state of Enlightenment. This is the second volume of a trilogy that began with *Power vs. Force* and came before the third volume entitled *I: Reality and Subjectivity*. The intrinsic power of the information in this classic will elevate the consciousness of

the reader. Included are verbatim dialogues with advanced students, instructions, and explanations that illuminate the spiritual teachings. *The Eye of the I* dissolves the barriers between the Newtonian linear paradigm of the ego and the nonlinear reality of Enlightenment. With the resolution of the self, the Self shines forth and reveals one's true identity. With a blend of metaphysics, meditation, and motivational wisdom, this book is your key to unlocking an elevated consciousness and achieving personal transformation. An essential read for anyone on a spiritual journey or those seeking enlightenment, offering guidance and encouragement for awakening and raising your consciousness. So, open your mind, nurture your spirit, and embrace your highest self with Dr. David Hawkins and join the millions of readers whose lives have been transformed by his empowering philosophy.

In this short book, the author proposes that vindictive emotions (anger, resentment, and the desire for revenge) actually deserve a more legitimate place in our emotional, social, and legal lives

than we currently recognize, while forgiveness deserves to be more selectively granted.

An Eye for Form Amazing Scientists

This book is a historical and philosophical meditation on paying back and buying back, that is, it is about retaliation and redemption. It takes the law of the talion - eye for an eye, tooth for a tooth - seriously. In its biblical formulation that law states the value of my eye in terms of your eye, the value of your teeth in terms of my teeth. Eyes and teeth become units of valuation. But the talion doesn't stop there. It seems to demand that eyes, teeth, and lives are also to provide the means of payment. Bodies and body parts, it seems, have a just claim to being not just money, but the first and precisest of

money substances. In its highly original way, the book offers a theory of justice, not an airy theory though. It is about getting even in a toughminded, unsentimental, but respectful way. And finds that much of what we take to be justice, honor, and respect for persons requires, at its core, measuring and measuring up.

Images of Jamaica and the Bahamas as tropical paradises full of palm trees, white sandy beaches, and inviting warm water seem timeless. Surprisingly, the origins of

those images can be traced back to the roots of the islands' tourism industry in the 1880s. As Krista A. Thompson explains, in the late nineteenth century, tourism promoters, backed by British colonial administrators, began to market Jamaica and the Bahamas as picturesque "tropical" paradises. They hired photographers and artists to create carefully crafted representations, which then circulated internationally via postcards and illustrated guides and lectures. Illustrated with more than one hundred images, including many in color, *An Eye for the Tropics* is a nuanced evaluation of the aesthetics of the "tropicalizing images" and their effects on Jamaica and the Bahamas. Thompson describes how representations created to project an image to the outside world altered everyday life on the islands. Hoteliers imported tropical plants to make the islands look more like the images. Many prominent tourist-oriented spaces, including hotels and famous beaches, became off-limits to the islands' black populations, who were encouraged to act like the disciplined, loyal colonial subjects depicted in the pictures. Analyzing the

work of specific photographers and artists who created tropical representations of Jamaica and the Bahamas between the 1880s and the 1930s, Thompson shows how their images differ from the English picturesque landscape tradition. Turning to the present, she examines how tropicalizing images are deconstructed in works by contemporary artists—including Christopher Cozier, David Bailey, and Irénée Shaw—at the same time that they remain a staple of postcolonial governments' vigorous efforts to attract tourists.

From "an eye for an eye" to debates over capital punishment, humanity has a long and controversial relationship with doling out justice for criminal acts. Today, crime and punishment remain significant parts of our culture, but societies vary greatly on what is considered criminal and how it should be punished. In this global survey of crime and punishment throughout history, Mitchel P. Roth examines how and why we penalize certain activities, and he scrutinizes the effectiveness of such efforts in both punishing wrongdoers and bringing a sense of justice to victims. Drawing on anthropology, archaeology,

folklore, and literature, Roth chronicles the global history of crime and punishment—from early civilizations to the outlawing of sex crimes and serial homicide to the development of organized crime and the threat today of global piracy. He explores the birth of the penitentiary and the practice of incarceration as well as the modern philosophy of rehabilitation, arguing that these are perhaps the most important advances in the effort to safeguard citizens from harm. Looking closely at the retributions societies have condoned, Roth

also look at execution and its many forms, showing how stoning, hemlock, the firing squad, and lethal injection are considered either barbaric or justified across different cultures. Ultimately, he illustrates that despite advances in every level of human experience, there is remarkable continuity in what is considered a crime and the sanctions administered. Perfect for students, academics, and general readers alike, this interdisciplinary book provides a fascinating look at criminality and its consequences.
