The reader will be appraised of how God has been speaking to His people through public and private revelation for over 2000 years. A special chapter in this work deals with some saints and holy people who have had private revelations about or visits from souls in purgatory, hell or heaven. Another chapter and several of the appendixes are devoted to Marian Apparitions to include those that are approved, not approved and those appending a decision by the Church. By far one of the greatest strengths of this undertaking is the identification of some 43 categories of concomitant extraordinary phenomena and some of the saints and holy people who have experienced them. Color paintings by artists are depicted of some saints experiencing such mystical phenomena. Another unique feature of the book is a listing of some 600 individuals from the 13th to the 21st centuries who bore the stigmata. By knowing that God is present and alive to His people this book may help bring others to a deeper faith in God.

A biography of Vittoria Colonna, a confidante of Michelangelo, the scion of one of the most powerful families of her era, and a pivotal figure in the Italian Renaissance Ramie Targoff's *Renaissance Woman* tells of the most remarkable woman of the Italian Renaissance: Vittoria Colonna, Marchesa of Pescara. Vittoria has long been celebrated by scholars of Michelangelo as the artist's best friend—the two of them exchanged beautiful letters, poems, and works of art that bear witness to their intimacy—but she also had close ties to Charles V, Pope Clement VII and Pope Paul III, Pietro Bembo, Baldassare Castiglione, Pietro Aretino, Queen Marguerite de Navarre, Reginald Pole, and Isabella d'Este, among others. Vittoria was the scion of an immensely powerful family in Rome during that city's most explosively creative era. Art and literature flourished, but political

and religious life were under terrific strain. Personally involved with nearly every major development of this period—through both her marriage and her own talents—Vittoria was not only a critical political actor and negotiator but also the first woman to publish a book of poems in Italy, an event that launched a revolution for Italian women's writing. Vittoria was, in short, at the very heart of what we celebrate when we think about sixteenth-century Italy; through her story the Renaissance comes to life anew.

The Society of Jesus was founded by Ignatius Loyola on a principal of strict obedience to papal and superiors' authorities, yet the nature of the Jesuits's work and the turbulent political circumstances in which they operated, inevitably brought them into conflict with the Catholic hierarchy. In order to better understand and contextualise the debates concerning obedience, this book examines the Jesuits of south-western Europe during the generalate of Claudio Acquaviva. Acquaviva's thirty year generalate (1581-1615) marked a challenging time for the Jesuits, during which their very system of government was called into doubt. The need for obedience and the limits of that obedience posed a question of fundamental importance both to debates taking place within the Society, and to the definition of a collective Jesuit identity. At the same time, struggles for jurisdiction between political states and the papacy, as well as the difficulties raised by the Protestant Reformation, all called for matters to be rethought. Divided into four chapters, the book begins with an analysis of the texts and contexts in which Jesuits reflected on obedience at the turn of the seventeenth century. The three following chapters then explore the various Ignatian sources that discussed obedience, placing them within their specific contexts. In so doing the book provides fascinating insights into how the Jesuits under Acquaviva approached the concept of obedience from theological and practical standpoints.

This volume contains contributions based

on the papers presented at the 'First International Conference on John Bradburne (1921-1979): Poet, Mystic and Martyr', held at the Università per Stranieri di Perugia, Italy, in March 2017. Each contributor adopts a broad perspective, investigating different elements and domains, such as poetry, literature, translation, spirituality, and mysticism. The essays gathered here reflect the multifaceted experience of John Bradburne's life and the turbulent times he encountered in mid-20th-century Rhodesia. The volume provides a foundation for further exploration of the literary, theological, and humanitarian legacies of John Bradburne, and will serve to act as a stimulus for his eventual recognition as a saint of the 20th century.

A "marvelous" Mediterranean memoir of an expatriate father raising his children in Italy—from the author of *Italian Neighbors* (The Washington Post). Tim Parks offers another lively firsthand account of Italian society and culture—this time focusing on all the little things that turn an ordinary newborn infant into a true Italian. When British-born Tim Parks heard a mother at the beach in Pescara shout to her son,

“Alberto, don’t sweat! No you can’t go in the sea till eleven, it’s still too cold, go and see your cousin in row three number fifty-two,” he was inspired to write about parenting in Italy—which he was doing himself at the time after adopting the country as his own. In this humorous memoir, Parks offers an enchanting portrait of Italian childhood that shifts from comedy to despair in the time it takes to sing a lullaby. The result is “a wry, thoughtful, and often hilarious book . . . a parable of how our children, no matter what, are other than ourselves” (The New Yorker). “Glimpses of Italy that are fond, critical, pithy and penetrating.” —The Atlanta Journal-Constitution

An aging singer abandons Italy for South America as he struggles with the loss of his stardom, in a Strega Prize-nominated novel by the famed filmmaker. Born on the streets and born singing, Tony Pagoda has had his day. But what a day it was! He had fame, money, women, and talent. He spent his golden years entertaining a flourishing and garishly happy Italy. His success stretched over borders and across the seas. But somewhere things began to go awry, the public’s tastes in music first and foremost. His band is now a shadow of its former self and his life is fraught with mundane but infuriating complications. It’s time to make a clean break with the past. Following a brief tour in Brazil, Tony decides to decamp and make a life for himself in South America. Here, his vision of the world, shaped by those years in which he hobnobbed with Sinatra and enjoyed the adoration of audiences the world over, is under assault. Now that he has abandoned music, the world strikes him as a barren place completely at odds with his understanding of it. Tony’s story is the story of a worldly yet strangely naive man forced to reconcile with life or lose himself entirely. “Tony’s episodic account of his life is a nonstop onslaught of sex, profanity, high-rolling and low-dealing across decades. . . . A furious, ironic, idiosyncratic, unexpurgated torrent, capturing Italian modernity through the lens of a monstrous character.” —Kirkus

Reviews “The vignettes that showcase Tony’s moral ineptitude are decidedly entertaining.”—Publishers Weekly

 Il fuoco entra nel novero delle creature che san Francesco proclama beate. Più volte nella sua vita il Poverello d’Assisi ha avuto a che fare con esso. L’autore, grande e sempre curioso viaggiatore, accompagna il lettore in un avventuroso periplo attorno al mondo alla ricerca del fuoco: dalle voragini del deserto del Turkmenistan al fuoco della guerra in Iraq, dalle pire per cremare i morti sulle rive del Gange al ribollire della terra in Islanda. Il fuoco è simbolo della fede ma anche dell’inesauribile creatività che alberga nel cuore dell’uomo, come si può capire dalle diverse tappe del viaggio, che mostra la capacità distruggitrice del fuoco ma anche la sua insostituibilità per la vita umana, a tutte le latitudini e paralleli.

 The creation of the Museum of the Friars Minor Capuchin of the Roman Province is designed to highlight the spirituality of a religious order whose cornerstones are intense mysticism, a simple and sober way of life, constant involvement with people, and a strong but gentle spirit of brotherly love. The eight rooms of the museum set up inside the friary host a series of sections devoted to its origins and history as well as the life of those who joined the order and drew inspiration from the example of extraordinary Capuchin saints like Felix of Cantalice, Crispin of Viterbo and Joseph of Leonessa but also contemporary figures known to the public on a vast scale, such as St Pio of Pietrelcina, who bore the stigmata for fifty years, and Father Mariano of Turin, the first multimedia preacher. The museum is also a new repository for the artistic and historical legacy of the Capuchins of Rome and the region of Lazio, as its rooms are in fact designed not only to house and exhibit the various items but also to ensure their preservation. To this end, the opening of the museum was preceded by major work to restore the original splendour not only of various kinds of artworks, books and documents but also and above all Capuchin liturgical vessels and articles of everyday use epitomizing the spirit of humble self-sufficiency that is the hallmark of the order. Encapsulating the extraordinarily rich experience of nearly 500 years of Capuchin life, this museum is concerned not only with preserving the past but also with projecting itself into the future as a sort of ongoing laboratory of initiatives, a venue for exhibitions, cultural events and spiritual experiences aimed at establishing dialogue and asserting the continuing primacy of the human dimension today.

 This book delineates the attempt, carried out by the Congregations of the Inquisition and the Index during the sixteenth and

early seventeenth century, to purge various devotional texts in the Italian vernacular of heterodox beliefs and superstitious elements, while imposing a rigid uniformity in liturgical and devotional practices. The first part of the book is focused on Rome's anxious activity toward the infiltration of Protestant ideas in vernacular treatises on prayer meant for mass consumption. It next explores how, only in the second half of the sixteenth century, once Rome's main preoccupation toward Protestant expansion had subsided, the Church could begin thinking about a move from a rejection of any consideration of the merits of interior prayer to a recovery and acceptance of mental prayer. The final section is dedicated to the primary objective of the Church's actions in purging superstitious practices which was not simply the renewal of the spiritual life of the faithful,

but also the control of the religious and social life of many faithful who were uneducated. Based on a careful examination of the archival records of the two Roman dicasteri in question, many of which have only been accessible to scholars since 1998, as well as a close reading of the many of suspect devotional texts themselves, this book offers a fascinating contribution towards a fuller appreciation of the complex landscape that characterized the spiritual realities of early modern Italy.

In this seductive account of an Italian neighborhood with a statue of the Virgin at one end of the street, a derelict bottle factory at the other, and a wealth of exotic flora and fauna in between, novelist Tim Parks celebrates ten years of living with his wife in Verona, Italy. More than a travel book, this is a tale of how the most curious people and places gradually assume the familiarity of home, a work that manages to be both a portrait and an invitation for everyone who has ever dreamed about Italy.--From publisher description.
