Confucianism

SUNY Press
Since the very
beginning,
Confucianism
has been
troubled by a

serious gap
between its
political ideals
and the reality
of societal
circumstances

<p>Contemporary Confucians must develop a viable method of governance that can retain the spirit of the Confucian ideal while tackling problems arising from nonideal modern situations. The best way to meet this challenge, Joseph Chan argues, is to adopt liberal democratic institutions that are shaped by the Confucian conception of the good rather than the liberal</p>	<p>conception of the right. Confucian Perfectionism examines and reconstructs both Confucian political thought and liberal democratic institutions, blending them to form a new Confucian political philosophy. Chan decouples liberal democratic institutions from their popular liberal philosophical foundations in fundamental moral rights, such as popular sovereignty,</p>	<p>political equality, and individual sovereignty. Instead, he grounds them on Confucian principles and redefines their roles and functions, thus mixing Confucianism with liberal democratic institutions in a way that strengthens both. Then he explores the implications of this new yet traditional political philosophy for fundamental issues in modern politics, including authority, democracy,</p>
---	---	--

human rights, civil liberties, and social justice. Confucian Perfectionism critically reconfigures the Confucian political philosophy of the classical period for the contemporary era.
Xu Fuguan and His Theory of Chinese Aesthetics
SUNY Press
A collection of essays that cover many important themes and topics in Chinese Studies, including the Confucian perspective on

human rights, Nationalism and Confucianism, Confucianism and the development of Science in China, crisis and innovation in contemporary Chinese cultures, plurality of cultures in the context of globalization, and more.
Confucianism and Spiritual Traditions in Modern China and Beyond
Univ of California Press
Discusses contemporary Confucianism's relevance

and its capacity to address pressing social and political issues of twenty-first-century life. Condemned during the Maoist era as a relic of feudalism, Confucianism enjoyed a robust revival in post-Mao China as China's economy began its rapid expansion and gradual integration into the global economy. Associated with economic development, individual growth, and

social progress by its advocates, Confucianism became a potent force in shaping politics and society in mainland China, Hong Kong, Taiwan, and overseas Chinese communities. This book links the contemporary Confucian revival to debates—both within and outside China—about global capitalism, East Asian modernity, political reforms, civil society, and human

alienation. The contributors offer fresh insights on the contemporary Confucian revival as a broad cultural phenomenon, encompassing an interpretation of Confucian moral teaching; a theory of political action; a vision of social justice; and a perspective for a new global order, in addition to demonstrating that Confucianism is capable of addressing a wide range of social and political issues

in the twenty-first century.
Conceptualizing Friendship in Time and Place
 Hyperion Press
 On the Rhetoric of Defining Confucianism as a Religion tackles the perennially controversial question of whether Confucianism is a religion and proposes a holistic and contextual approach to the issue.
 Springer Science & Business Media
 This book is a study of the

causes of the Confucian revival and the party-state's response in China today. It concentrates on the interactions between state and society, and the implications for the Chinese state's control over society, or in other words, its survival over a rapidly modernizing society. The book explores the answers to questions such as: Why has Confucianism suddenly gathered

great momentum in contemporary Chinese society? What is the role of the Chinese state in its rise? Is the state really the orchestrator of the Confucian revival as has been widely assumed? This book will be of interest to think-tank and policy researchers, sinologists, and those with an interest in Chinese society.
**Volume One:
The Problem
of
Intellectual
Continuity**

Columbia University Press Johnson's account of the last years of the Chinese Qing dynasty provides a unique Western perspective on this historic period.
Twilight in the Forbidden City BRILL Contrasting with conventional Neo-Confucian attempts to recast the Confucian heritage in light of modern Western values, this book offers a Reconstructio

nist Confucian project to reclaim Confucian resources to meet contemporary moral and public policy challenges. Ruiping Fan argues that popular accounts of human goods and social justice within the dominant individualist culture of the West are too insubstantial to direct a life of virtue and a proper structure of society. Instead, he demonstrates that the moral insights of Confucian

thought are precisely those needed to fill the moral vacuum developing in post-communist China and to address similar problems in the West. The book has a depth of reflection on the Confucian tradition through a comparative philosophical strategy and a breadth of contemporary issues addressed unrivaled by any other work on these topics. It is the first in English to explore not

only the endeavor to revive Confucianism in contemporary China, but also brings such an endeavor to bear upon the important ethical, social, and political difficulties being faced in 21st century China. The book should be of interest to any philosopher working in application of traditional Chinese philosophy to contemporary issues as well as any reader interested in comparative

cultural and ethical studies. *Confucian Revival in Contemporary China* SUNY Press
What is it like to be a Westerner teaching political philosophy in an officially Marxist state? Why do Chinese sex workers sing karaoke with their customers? And why do some Communist Party cadres get promoted if they care for their elderly parents? In this entertaining

and illuminating book, one of the few Westerners to teach at a Chinese university draws on his personal experiences to paint an unexpected portrait of a society undergoing faster and more sweeping changes than anywhere else on earth. With a storyteller's eye for detail, Daniel Bell observes the rituals, routines, and tensions of daily life in China. China's New

Confucianism makes the case that as the nation retreats from communism, it is embracing a new Confucianism that offers a compelling alternative to Western liberalism. Bell provides an insider's account of Chinese culture and, along the way, debunks a variety of stereotypes. He presents the startling argument that Confucian social hierarchy can actually contribute to

economic equality in China. He covers such diverse social topics as sex, sports, and the treatment of domestic workers. He considers the 2008 Olympics in Beijing, wondering whether Chinese overcompetitiveness might be tempered by Confucian civility. And he looks at education in China, showing the ways Confucianism impacts his role as a political theorist and

teacher. By examining the challenges that arise as China adapts ancient values to contemporary society, China's New Confucianism enriches the dialogue of possibilities available to this rapidly evolving nation. *Confucian Spirituality* Springer This collection of essays explores the development of the New Confucianism movement during the twentieth-century and questions

whether it is, in fact, a distinctly new intellectual movement or one that has been mostly retrospectively created. The questions that contributors to this book seek to answer about this neo-conservative philosophical movement include: 'What has been the cross-fertilization between Chinese scholars in China and overseas made possible by the shared discourse of Confucianism?'; 'To what

extent does this discourse transcend geographical, political, cultural, and ideological divides?'; 'Why do so many Chinese intellectuals equate Confucianism with Chinese cultural identity?'; and 'Does the Confucian revival of the 1990s in China and Taiwan represent a genuine philosophical renaissance or a resurgence in interest based on political and cultural factors?'

Rethinking Morality after the West World Scientific
First published in 1958 These volumes analyze modern Chinese history and its inner process, from the pre-western plateau of Confucianism to the communist triumph, in the context of many themes: science, art, philosophy, religion and economic, political, and social change. Volume One includes: · The critique of Idealism ·

Science and Ch'ing empiricism · The Ming style, in society and art · Confucianism and the end of the Taoist connection · Eclecticism in the area of native Chinese choices · T'i and Yung · The Chin-Wen School and the classical sanction · The modern Ku-Wen opposition to Chin-Wen reformism · The role of nationalism · Communism · Western powers and Chinese revolutions ·

<p>Language change and the problem of continuity</p> <p><i>Confucianism for the Contemporary World</i></p> <p>World Scientific</p> <p>This 1934 collection of lectures considers the tensions between ancient philosophy and the New Culture Movement in the Chinese Republic.</p> <p><i>Confucian China and its Modern Fate</i></p> <p>BRILL</p> <p>This book represents the cutting edge of theoretical works on Confucianism.</p>	<p>Starting from Confucianism's comeback in modern China and ending with the proposal of the new philosophical concept of "multiple universality" in the face of the world culture, the author conducts an in-depth analysis and discussion of many facets of the relationship between Confucianism, Confucian traditions and the modern world culture. It has a focused theme and a</p>	<p>strong sense of contemporaneity, as well as responds to the current challenges confronting Confucianism from the perspective of modern culture. The chapters not only elucidate the Confucian position in the face of challenges of global ethics, dialogues on human rights, and ecological civilization, but also provide a modern interpretation of classical Confucian ideas on education,</p>

politics and ritual politics as well as an analysis of the development of modern Confucianism. All in all, this work is a comprehensive exposition of the Confucian values and their modern implications.

Confucianism for the Modern World

Princeton University Press
The second and final volume of the most important work ever to appear in English on Confucian spiritual

thought and practice.
Politics and Everyday Life in a Changing Society
Routledge
An interdisciplinary exploration of the contemporary Confucian revival. Until its rejection by reformers and revolutionaries in the twentieth century, Confucianism had been central to Chinese culture, identity, and thought for centuries. Confucianism was rejected by both

Nationalists under Chiang Kai-shek and Mao Zedong's Communist Party, which characterized it as an ideology of reaction and repression. Yet the sage has returned: today, Chinese people from all walks of life and every level of authority are embracing Confucianism. As China turned away from the excesses of the Cultural Revolution and experienced the adoption and

challenges of market practices, alternatives were sought to the prevailing socialist morality. Beginning in the 1980s and continuing through the years, ideas, images, behaviors, and attitudes associated with Confucianism have come back into public and private life. In this volume, scholars from a wide range of disciplines explore the contemporary Confucian revival in

China, looking at Confucianism and the state, intellectual life, and popular culture. Contributors note how the revival of Confucianism plays out in a variety of ways, from China's relationship with the rest of the world, to views of capitalism and science, to blockbuster movies and teenage fashion. Confucianism Encounters Religion: The Formation of Religious Discourse and

the Confucian Movement in Modern China China's New ConfucianismP olitics and Everyday Life in a Changing Society Temples dedicated to Confucius are found throughout China and across East Asia, dating back over two thousand years. These sacred and magnificent sanctuaries hold deep cultural and political significance. This book brings together studies from Chin-shing

Huang's decades-long research into Confucius temples that individually and collectively consider Confucianism as religion. Huang uses the Confucius temple to explore Confucianism both as one of China's "three religions" (with Buddhism and Daoism) and as a cultural phenomenon, from the early imperial era through the present day. He argues for viewing Confucius temples as the

holy ground of Confucianism, symbolic sites of sacred space that represent a point of convergence between political and cultural power. Their complex histories shed light on the religious nature and character of Confucianism and its status as official religion in imperial China. Huang examines topics such as the political and intellectual elements of Confucian enshrinement,

how Confucius temples were brought into the imperial ritual system from the Tang dynasty onward, and why modern Chinese largely do not think of Confucianism as a religion. A nuanced analysis of the question of Confucianism as religion, Confucianism and Sacred Space offers keen insights into Confucius temples and their significance in the intertwined intellectual, political, social, and

religious histories of imperial China. State-Society Relations and Confucian Revivalism in Contemporary China Cambridge University Press The volume "Conceptualizing Friendship in Time and Place" brings together reflections on the meaning and practice of friendship in a variety of social and cultural settings in history and in the present time, focusing on Asia and the Western

world. A Modern Interpretation Cambridge University Press Presents an introduction to Confucius' work "The Analects," discussing how the Chinese philosopher's advice for achieving inner spiritual harmony and peace can be applied to everyday situations in modern life. Confucian Perfectionism University of Hawaii Press Confucianism is reviving in China and spreading in

America. This multidisciplinary volume includes philosophical and theological articulations of Confucianism and other spiritual traditions for the modern and globalizing world, and empirical studies of and analytical reflections on Confucianism and other traditions in Chinese societies by historians, sociologists, and anthropologists. **China's New**

Confucianism Simon and Schuster
At the start of the twenty-first century, China is poised to become a major global power. Understanding its culture is more important than ever before for western audiences, but for many, China remains a mysterious and exotic country. This Companion explains key aspects of modern Chinese culture without assuming

prior knowledge of China or the Chinese language. The volume acknowledges the interconnected nature of the different cultural forms, from 'high culture' such as literature, religion and philosophy to more popular issues such as sport, cinema, performance and the internet. Each chapter is written by a world expert in the field. Invaluable for students of Chinese studies, this book includes

a glossary of key terms, a chronology and a guide to further reading. For the interested reader or traveler, it reveals a dynamic, diverse and fascinating culture, many aspects of which are now elucidated in English for the first time.
