Quantum Sorcery is a modern magical system through which an individual can learn to manifest desired effects in the physical world through the exertion of Will, assisted by appropriate symbols and tools. This paradigm incorporates elements from earlier magical systems as well as physics, psychology, mathematics and biology to propose a mechanism by which such an act might occur through means more natural than supernatural. Basic

magical principles such as the laws of similarity and contagion are examined alongside the principles of entanglement and entrainment. The application of thermodynamic laws and communication theory to the transmission of magical intent is approached. Examples of ritual workings and the creation of magical constructs are included to display the flexibility of Quantum Sorcery as a stand-alone system, a larger framework in which other types of magic can

be practiced, or as a robust set of techniques for those who prefer to assemble their own system of practical sorcery.

It has always been my position that there is more to life, to reality, and to what is possible for human beings. As a practicing Alchemist I know that people are far more capable than they may suspect and that it is possible for those with the right knowledge and dedication to escape the

three-dimensional walls that trap us all on this planet. This course is a step by step formula on how to achieve this. It is not just a 'red pill', because such red pill enlightenment is not enough. Indeed, enlightenment without power can be a curse: knowing the walls are there but having no way to get out can be hell on Earth. This course shows you how to acquire all the power that you will ever need to escape these walls, and it provides those ready for it, much

more. Within the pages of this text, you will find: The way towards effortless action and unbending intent. The truth about the Great Archon and the prison without walls. The reason why your attempts at Inner Action (magick, manifestation, astral travel, etc.) up to this point may have been unreliable and weak. How to find personal enlightenment and uncover the structure of your psyche. The power of personal attention and how to master it. How to open THE GATE in order

to become a true sorcerer/sorceress. How to absorb all negative energy in the present and how to gain power from this action. How to absorb entire negative situations in order to completely stop negative trends and what some might refer to as a wave of bad luck. How to PROPERLY re-absorb all lost energy from your ENTIRE LIFE HISTORY and gain immense power. This is the technique that some may know as recapitulation, Tantric cleansing, etc.

Information on energetic storage (the Cauldron).
 How to heal all energetic wounds accumulated after a lifetime of suffering.
 How to use two energy pumps simultaneously.
 How to refine accumulated energy in order to start the process of creating the PHILOSOPHER'S STONE.
 How to use the power of the Philosopher's Stone to begin to change your life situation by using powerful thought-forms.
 How to begin to REFINED THE PHILOSOPHER'S STONE INTO THE

IMMORTAL BODY. The course includes illustrations, exercises, and a general 'workout' routine to help you reach your goal. Indeed, this is a complete course on the MAGNUM OPUS! Here you have found The Great Work of Inner Alchemy, presented in a clear and straightforward manner. There are no riddles, no cryptic symbolism, no initiation rituals, and no hidden secrets to weed out the uninitiated. This is the truth, the Magnum Opus; this is the Great Work that shows you how

to create the Philosopher's Stone, and how to use that Stone to go beyond the walls that now trap human beings on this Earth. There is really no more time for games and riddles. We only have time now for the plain truth. Some have asked why present this course as a book? Why not make a video course or some other digital format that is more popular in these times? And the reason for this is quite simply: time. I have been around long enough to see many things come

and go, and my senses have become keen enough to see some of the intricacies of this world. Through such experience and perceptions, I have seen things peak and wane, and I have seen many things lost within the medium of time. Videos and digital formats require a complex system to work and be maintained, and such complex systems are usually the first to fall or change when exposed to the brutal torrents and extreme pressures of

time. But a print book (as well as an eBook for your convenience), that is something that you can keep in your personal library for a lifetime with only moderate care. And history has shown us that a simple book can outlast even whole civilizations. Overcoming the Archon Through Alchemy Createspace Independent Publishing Platform
Hard Times illustrated Charles Dickens - Hard Times: For These Times (commonly known as Hard Times) is the tenth novel by Charles Dickens,

first published in 1854. The book surveys English society and satirises the social and economic conditions of the era. "Now, what I want is, Facts. . . . Facts alone are wanted in life." Thus begins Superintendent Mr. Gradgrind—a wealthy, retired merchant—addressing a group of young students at his school in the industrial town of Coketown, England. A rigid man of fact, rational self-interest and realities, he not only teaches his pupils according to the

utilitarian principles, but also raises his children with the same philosophy. When they grow up, as their lives begin to turn chaotic, they reproach their father for their upbringing. Will Mr. Gradgrind realize his flaws and become a humble man? Satirizing the laissez-faire system, Dickens' *Hard Times* lays bare the wide gap between the rich and the poor. Criticizing the materialistic world, this Victorian novel throws light on the value of emotions and the human

heart. It has undergone several film and theatre adaptations.

In *Walking with Spirits*, I share my process for connecting and working with spirits that enables you to get consistent results, while building collaborative relationships with the spirits you work with. Working with spirits doesn't have to involve the coercion of spirits that you find in conventional approaches to spirit work.

What I share is an alternative approach that enables you to develop a friendly relationship with the spirits you work with and allows you to get results. Instead of trying to force a spirit to do something for you, you'll learn the following: How to create a rapport with spirits that allows you to become allies. Why a co-equal relationship with spirits is better than any other type of relationship you could form. What the problems are with conventional Western spirit work techniques

such as what you find in the grimoires. How to use experiential embodiment to connect with spirits. How to use a simplified approach to invocation and evocation that allows you to work with spirits and get results. If you're ready to learn a different approach to working with spirits, where you don't create enemies, and instead have life long relationships where you and the spirits from working with each other, *Walking with Spirits* will show you a different path for working with spirits

that gets you results. *The Secret of Spirit-Thought Magic* Egregore Pub
Astral Projection is one of those things that most people would love to do. Who would not like to be able to detach from the physical body and travel to distant places, discover amazing worlds and learn the answers to many of the questions that they might have. Indeed the Out of Body Experience allows you to know that there is more to you than the physical body. It can expand your creativity

and conscious awareness, and it can even lessen the fear of death. Unfortunately many become highly disappointed when they try technique after technique without any positive results. It is not surprising then that most think that Out of Body Experiences are very difficult to achieve. Certainly, after participating in arduous physical and mental Out of Body techniques that rely on trying to maintain postures that make your body ache, chants that

make your throat sore, or highly boring meditative routines that are only successful at making you fall asleep, people can't be blamed for thinking that Astral Travel is impossible. The thing is though that Out of Body Experiences are part of our natural heritage as human being, and as such they are within the realm of possibility for all of us. In this book you will not be asked to wake up in your dreams even though you are never really told how to consistently achieve this difficult task.

You won't be asked to set your alarm to wake in the middle of the night, and keep some odd sleeping schedule that is only successful at wrecking a good night's sleep. This book will not demand that you feel the energy vibrations within your body and project these vibrations outside of yourself, without ever mentioning that such energy work can take a long time to master. The techniques in this book are easy, natural, and can be done by anyone. They are easy to implement

because they use the natural tendencies of human consciousness, they work with the natural flow of consciousness instead of against it. In this book you will find out how to: -Quickly and easily initiate Out of Body travel -Consciously participate in Astral Travel and Lucid Dreaming - Create and solidify an Astral/Double body - Develop Energetic Containment so that you can travel anywhere you want safely You will also learn about: -The different worlds that you can

access in the Out of Body state -The type of beings that you can encounter - Ways to deal with and overcome the limitations of the ego/self

I've always believed in the power of the mind. As a child I remember that I could always make myself sick on command if I had to, whatever it took to get out of school. I would usually have dream déjà vu and I would never cease to be amazed by

the fact that something in my dreams would later become part of my objective reality. I constantly saw amazing things, some things that scared the daylights out of me, and I was blessed by the fact that I lived with my great-grandmother who seemed to be able to play with reality like some kids play with toys. At the time I did not feel so blessed to be around my great grandmother, and her antics scared me to death, but now in retrospect I find it

amazing that others have never seen what I have seen and even doubt that such things exist. Life has an inner reality, I explore that realm. I believe that thought created reality instead of the other way around. What I have discovered, I try to share. *Biggle Horse Book* Megalithica Books Are there still Gnostics and can their roots be chased back to John the Baptist? Among the casualties of the western intervention in Iraq and the recent activities of ISIS are the Mandeans of

Southern Iraq. These peace-loving people are now fleeing to the west . They are the last Gnostics, the only surviving remnant of the ancient sects who taught the direct knowledge of God, created their own gospels and myths and were persecuted as heretical by the church in the second and third centuries. The Mandeans place weekly river baptisms at the centre of their religious life and the primary exemplar of their religion is none other than John the Baptist. What is

the real history of this mysterious and long lived sect? Can the Mandaean peoples really be traced back to the first century? And who was John the Baptist? This book follows the history of the Mandeans from their present plight back through their earliest encounters with the West, their place in Islamic counties, their possible influence on the Templars, back to their origins as a first century baptismal sect connected to John the Baptist and beyond.

The Magnum Opus, a Step by Step Course

In this book, Eric Havelock presents a challenging account of the development of the idea of justice in early Greece, and particularly of the way justice changed as Greek oral tradition gradually gave way to the written word in a literate society. He begins by examining the educational functions of poets in preliterate Greece, showing how they conserved and transmitted the traditions

of society, a thesis adumbrated in his earlier book Preface to Plato. Homer, he demonstrates, has much to say about justice, but since that idea is nowhere in the epics directly stated or expressed, it must be deduced from the speech and actions of the characters. Havelock's careful reading of the Iliad and the Odyssey is original and revealing; it sheds light both on Homeric notions of justice and on the Archaic Greek society depicted in the poems. As Havelock

continues his inquiry from Hesiod to Aeschylus, his findings become more complex. The oral Greek world shades into a literate one. Words lose some kinds of meanings, gain others, and steadily become more suited to the conceptualization that Plato strove for and achieved. This evolution of language itself, Havelock shows, was one of the principal accomplishments of the Greek world. Lucidly written and forcefully argued, this book is a major contribution to our

knowledge of ancient Greece--its politics, philosophy, and literature, from Homer to Plato.

Larry Darrell is a young American in search of the absolute. The progress of this spiritual odyssey involves him with some of Maugham's most brilliant characters - his fiancée Isabel, whose choice between love and wealth have lifelong repercussions, and Elliot Templeton, her uncle, a classic expatriate

American snob. The most ambitious of Maugham's novels, this is also one in which Maugham himself plays a considerable part as he wanders in and out of the story, to observe his characters struggling with their fates.

The Mechanical Vintage Discover Your Subconscious Power! Historian and New Thought scholar Mitch Horowitz shines a new light on Joseph Murphy's landmark, *The Power of Your Subconscious Mind*, showing how to maximize Murphy's methods,

reverse setbacks, and remove mental blocks. He demonstrates how current insights from mind-body medicine and quantum theory show you how to strengthen Murphy's techniques. In this powerful Master Class: • Mitch reveals posthumous letters from Murphy's readers and responds to their questions and problems; • advises what do to in the face of setbacks or failure; • writes bluntly about lifting self-imposed mental blocks that sap your abilities; • explores how

Murphy's methods address the complexities of life today—and faces the facts of where they fail to and how to improve upon them; • weds current insights from placebo studies, neuroplasticity, and quantum theory to Murphy's work; • provides a comprehensive timeline of Murphy's life and little-known biographical details, including Murphy's tutelage under Neville Goddard's teacher Abdullah. Paris Match: "Mitch Horowitz, a specialist in American

esotericism, traces the history of positive thinking and its influence ... takes us far from naive doctrines." HuffPost: "Has the rare gift of making the esoteric accessible to discerning masses." Boing Boing: "Horowitz comes across as the real deal: he is an authentic 'adept mind' and he knows his stuff."

This is the most personal magick imaginable, and it can reward you with extreme pleasure, the power to create change, and the ability to attract prosperity in all areas of your life. Everything that could be said about servitors has been said. Until now. Servitor magick has been around for a long time, but it became popular in the last half-

century or so. There are countless Chaos Magick books and free websites that will tell you how to create a servitor. There are a small number of variations on a theme, but the essence of these sources is the same. Magickal Servitors contains two major secrets discovered by The Gallery of Magick, which are embedded within the fabric of this process. This magick is designed to be accessible to beginners as well as experienced occultists. If you are new to magick, all you need is

an open mind and the willingness to work with the techniques as instructed. You will be pleasantly surprised by the way the world yields to the touch of magick. You will discover: Spirits that are easy to contact and effortless to command. Servitors that grow and change with your needs. Magick for long-term, repeating results. Servitors for Self-Development, that help you enhance or subdue a personality trait. Perception Servitors, to see people and

situations clearly. Servitors of influence, to stir thoughts and feelings in others. Manifestation Servitors for material rewards and real-world change. The secret process of Vision, Creation and Life that gives birth to a loyal, powerful spirit. Acclaimed author Damon Brand say, 'With the secrets of practical magick, you create your life according to your true will. There is no higher magick than the magick that brings results.' This book presents a system for creating servitors that

will enable you to craft a conscious spirit that will act on your behalf, manipulating matter, time and the patterns of reality to bring the results you desire.

Many people are interested in using thought power to manifest money, wealth, and prosperity in their lives. Unfortunately, they do not know that there is more out there to work with than just 'The Law of Attraction' or 'The Secret'. In this book you will

discover the difference between thought forms and servitors and how you can create your own very powerful thought forms to manifest the material things that you desire. You will learn: - How to create a wealth building servitor, and how you can participate in a group-created wealth servitor which I refer to as the "MOLamp Experiment." - How thoughts create reality and how they create the objects and situations in all our lives. - What beliefs are, how to discover your own beliefs

and how to change them. This definition and the techniques mentioned are quite different, at a fundamental level, from what many are now practicing. - About the Obtainability Factor, and how this seldom mentioned dynamic can make all the difference when it comes to your success in manifestation. - How synchronicity, omens, and meaningful coincidences play a major role in getting you what you want. - How to achieve a detached mental state that will

allow you to relax and to attract luck into your life. - Why it is impossible to be happy, appreciative, and positive all the time and why you can't use the mind in this way to manifest the things that you desire. It is my hope that this book will be a valid resource for beginners and seasoned practitioners alike. **Create a Servitor** Taylor Ellwood

The chief scientist at the Institute of Noetic Sciences (IONS) turns a critical eye toward such practices as telepathy, clairvoyance, precognition and psychokinesis. Are such powers really possible? Science says yes. According to noted scientist and bestselling author of *The Conscious Universe*, Dean Radin, magic is a natural aspect of reality, and each of us can tap into this power with diligent practice. But wait, aren't things like ESP

and telepathy just wishful thinking and flights of the imagination? Not according to the author, who worked on the US government's top secret psychic espionage program known as Stargate. Radin has spent the last forty years conducting controlled experiments that demonstrate that thoughts are things, that we can sense others' emotions and intentions from a distance, that intuition is more powerful than we thought, and that we can tap into the power

of intention (think *The Secret*, only on a more realistic and scientific level). These dormant powers can help us to lead more interesting and fulfilling lives. Beginning with a brief history of magic over the centuries (what was called magic two thousand years ago is turning out to be scientific fact today), a review of the scientific evidence for magic, a series of simple but effective magical techniques (the key is mental focus, something elite athletes know a lot about), Radin then offers

a vision of a scientifically-informed magic and

explains why magic will

play a key role in frontiers of science.
