Misguided Morality

Cambridge University
Press

A collection of articles
that looks at the
interconnected

relationships involving
religion, morality and
public policy, from a
variety of opinions and
voices.

**Catholic Moral
Philosophy in Practice
& Theory** Paulist Press

In this magisterial volume Charles E. Curran surveys the historical development of Catholic moral theology in the United States from its 19th century roots to the present day. He begins by tracing the development of pre-Vatican II moral theology that, with the exception of social ethics, had the limited purpose of training future confessors to know what actions are sinful and the degree of sinfulness. Curran then

explores and illuminates the post-Vatican II era with chapters on the effect of the Council on the scope and substance of moral theology, the impact of *Humanae vitae*, Pope Paul VI's encyclical condemning artificial contraception, fundamental moral theology, sexuality and marriage, bioethics, and social ethics. Curran's perspective is unique: For nearly 50 years, he has been a major influence on the development of the field and has witnessed first-hand the dramatic

increase in the number and diversity of moral theologians in the academy and the Church. No one is more qualified to write this first and only comprehensive history of Catholic moral theology in the United States.

[The Moral Wisdom of the Catholic Church](#) Harper San Francisco

Excellent textbook introduction to the basic issues of fundamental moral theology that considers all of today's moral issues. +

[The Origins of Moral Theology in the United](#)

States Georgetown University Press

This title was first published in 2002. *Misguided Morality* presents a survey of how the Catholic moral programme has failed to make a decisive impact on the behaviour of the Church's members. Despite a cogent theology of human conduct, Michael Winter argues that its effectiveness is not impressive. This book analyses what has gone wrong in the transmission of the New Testament ideals. The book covers

the whole field of morality, starting with the bible and tracing the historical and sociological factors which have effected the dilution of those ideals, frequently to the level of anodyne respectability. Having explored the causes of failure, Winter offers positive suggestions for improvement in each area where shortcomings have been revealed. Combining loyalty to the Roman Catholic Church, with constructive criticism of shortcomings in implementing moral

policies, this book is essential reading to those studying and participating in Catholic moral teaching in the contemporary church. The author is well known for his books on the challenges to the Church after Vatican II, including his books *Mission or Maintenance*, and *Whatever Happened to Vatican II*. *Morality* Paulist Press
With Nihil Obstat & Imprimatur. We are all called to be saints! This is what we are made for and this is the only way to happiness. Life in Christ, a

life lived according to the will of God, is the only way to live out our dignity and to experience the freedom we so long for. This book helps to shed light on the glorious calling we have received to become saints. A life of sin leads to death and despair, a life of grace and moral uprightness leads to happiness. This is a simple truth that we must all discover and live. Catholic morality is often seen in a negative way. We often think morality is about “what I can’t do.” It’s true that Christ’s

teachings on the moral life limit us from engaging in actions contrary to His will and contrary to our dignity. But morality is so much more than just a list of restrictions. Morality is also about living in freedom! It’s about living in the freedom that our Triune God has in store for us! About this Series: The My Catholic Life! series is a three volume series written as a complete summary of our glorious Catholic faith! The goal of these books is to answer the difficult and deep questions of life in a

clear and understandable way. We need to know who we are and what life is all about. And we need to know who God is and what He has spoke to us through the ages. Volume One, My Catholic Faith! is a summary of the Apostles and Nicene Creed. This volume looks at everything from the creation of the world to God’s eternal plan of salvation. Other topics include: Afterlife, saints, God, faith, and the Church. It is a summary of the teaching of the Catechism of the Catholic

Church #1-1065. Volume Two, My Catholic Worship! is a summary of the life of grace found in prayer and the Sacraments. So often the Sacraments can be seen as dry and empty rituals. But they are, in reality, the greatest treasures we have! They are God's true presence among us! It is a summary of the Catechism of the Catholic Church #1066-1684 and #2558-2865. Volume Three, My Catholic Morals! is a summary of the morality itself, knowing how we choose right from

wrong, as well as a summary of all the moral teachings of our faith. It is a summary of the Catechism of the Catholic Church #1691-2557. Nihil Obstat & Imprimatur granted for three volume series.

Tradition and Church Reform

Paulist Press Jesus said, "The truth will set you free." Father Spitzer lays bare the theological and philosophical roots of Catholic morality, and also uses secular statistical studies to demonstrate that these

teachings, even from a scientific standpoint, help human beings to flourish. Gathering data from universities, general psychiatry, medical institutes, and general survey organizations such as Pew Research, Gallup Research, and Harris Poll, this book shows that going against foundational Christian doctrines, from marriage to the sanctity of unborn life, leads to significant increases in depression, anxiety, substance abuse, familial tensions, suicidal contemplation. The

numbers speak for themselves. Many people today, particularly the young, are embarrassed by the Church's moral teaching. For them, it is only an outdated expression of hatred or disgust. Yet nothing could be further from the truth. Sin is what degrades man and kills his joy, and a moral life is a life of love. If we tell the truth about destructive lifestyles, we can rescue our loved ones from a life of darkness, helping to bring about a shift in our culture. With scientific clarity, this work

provides readers everything they need to know to speak credibly, effectively, and persuasively about the most controversial moral issues. Imprimatur: +The Most Reverend Kevin J. Vann, J.C.D., O.D. Bishop, Diocese of Orange

My Catholic Morals!
Springer Science & Business Media
The Catholic tradition has always tried to explain its theology in a coherent and systematic way, but the great changes and tensions existing within

Catholic moral theology today have made it difficult to develop systematic approaches to what was once called fundamental moral theology. Now a leading scholar active in this field for forty years offers a synthesis of Catholic moral theology set in the context of the broader Catholic tradition and the significant developments that have occurred since the Second Vatican Council. Charles E. Curran's succinct, coherent account of his wide-ranging work in

Catholic moral theology points out agreements, disagreements, and changes in significant aspects of the Catholic moral tradition. His systematic approach explores major topics in a logical development: the ecclesiological foundation and stance of moral theology; the person as moral subject and agent; virtues, principles and norms; conscience and decision making; and the role of the church as a teacher of morality. Curran's work condenses and organizes a large

amount of material to show that the Catholic theological tradition is in dialogue with contemporary life and thought while remaining conscious of its rich history. Of great interest to theologians for its broad synthetic scope, this book is also a thorough introduction to the Catholic moral tradition for students and interested readers, including non-Catholics. **Catholic Morality** Liturgical Press Charles E. Curran presents the first in-depth

analysis of the origins of Catholic moral theology in the United States, focusing on three significant figures in the late nineteenth century and demonstrating that methodological pluralism and theological diversity existed in the Church even then. Curran begins by tracing the historical development of moral theology, especially as presented in nineteenth-century manuals of moral theology, which offered a legal model of morality including a heavy emphasis on canon law.

He then probes the different approaches and ideas of three important writers: Aloysius Sabetti, a Jesuit who was a typical, as well as the most influential, American manualist; Thomas J. Bouquillon, first chair of moral theology at Catholic University of America, a neoscholastic who criticized the manuals' approach as narrow and incomplete for failing to address principles, virtues, and the connection to systematic theology; and clerical educator John B. Hogan, a

casuist who developed a more inductive and historically conscious methodology. Curran describes how all three men dealt in different ways with the increasing role of authoritative teachings in moral theology from the Vatican. He also shows how they reflected their American context and the views of their own time on women and sexuality. So little attention has been paid to the development of moral theology in this country that these authors are unknown to

many scholars. Curran's book corrects this oversight and proposes that the ferment revealed in their writings offers important lessons for contemporary Catholic moral theology. *Catechism of the Catholic Church* Catholic University of America Press + ORM Many people today believe that the traditional Catholic view of sex is antiquated, unrealistic, and potentially harmful. In *Catholic Sexual Morality*, Dr. Robert Fastiggi asks whether the permissive

sexual attitude of today's culture is really contributing to deeper love, better relationships, and true happiness for men, women, children, and families. He begins with the example of St. Augustine who recognized he was a slave to lust and in need of true freedom. Fastiggi then examines the foundations for Catholic sexual morality in Scripture, reason, and human experience. The hope is that people will realize that the Catholic Church is not "against sex" but sees sexual

intimacy as something so beautiful and life-giving that it requires the stability of marriage for its true and rightful expression. Catholic Sexual Morality is grounded in the belief that the church's teachings on sex correspond to God's plan for human happiness. These teachings are challenging, and the church understands how easy it is to fail in sexual matters. God's mercy, however, is more powerful than human weakness and sin. This book

explains the reasons why the Catholic Church teaches as she does on matters such as pornography, masturbation, fornication, adultery, contraception, divorce, and homosexual acts. It presents these teachings in a realistic way with full recognition of the reasons why people reject them. The ultimate desire is to help people understand that Catholic sexual morality is not a creation of church leaders but a response to what God has made known to us in Sacred Scripture and

the natural law. In a world filled with infidelity, divorce, wounded children, and broken hearts, the wisdom of traditional Catholic sexual morality deserves a more sympathetic view—not just because it is Catholic but because it is true.

A History of Catholic Moral Theology in the Twentieth Century Ignatius Press

Grounded in human experience, this accessible introduction to principles in Catholic morality focuses on moral development, not simply the acquisition of

learning. The book begins with a historical overview of moral theology and goes on to examine such issues as conscience, freedom, fundamental option, authority, law, sin, and conversion.

New Wine, New Wineskins

Wipf and Stock Publishers Completely revised and updated, this classic introduction to moral theology in the Roman Catholic tradition speaks clearly to anyone interested in understanding what it means to live the Christian life. Beginning

with a concise definition of the roles of revelation and interpretation in the formation of moral theology, O'Connell explores the concept of a moral person, the shape and dynamics of a moral world, and the implications not only for the individual Christian but for the community as a whole.

An Introduction to Catholic Ethics since Vatican II Saint Pauls

This volume brings together previously published studies presenting the spectrum

of opinion on the change in official Catholic moral teachings.

Understanding Catholic Morality Aeterna Press Completely revised and updated, this classic introduction to moral theology in the Roman Catholic tradition speak clearly to anyone interested in understanding what it means to live the Christian life. Catholic Sexual

Morality Burns & Oates

An introduction to Catholic moral teaching. *Change in Official Catholic Moral Teachings* Scepter Publishers

In essays reflecting the broad themes that have characterized his career, Charles Curran examines developments in Catholic social thought, sexual

morality, and the question of reform and renewal in the church. His overview of Catholic Social Teaching includes a personal response to the challenge of "white privilege," and a fascinating treatment of human rights----"an excellent example of discontinuity and even error in the Catholic tradition" as the church has moved from hostility to enthusiastic support for human rights.

The Development of Moral Theology Paulist Press

Over 3 million copies sold! Essential reading for Catholics of all walks of life. Here it is - the first new Catechism of the Catholic Church in more than 400 years, a complete summary of what Catholics around the world commonly believe. The Catechism draws on the Bible, the Mass, the Sacraments, Church tradition and teaching, and the lives of saints. It comes with a complete index, footnotes and cross-references for a fuller understanding of every subject. The word

catechism means "instruction" - this book will serve as the standard for all future catechisms. Using the tradition of explaining what the Church believes (the Creed), what she celebrates (the Sacraments), what she lives (the Commandments), and what she prays (the Lord's Prayer), the Catechism of the Catholic Church offers challenges for believers and answers for all those interested in learning about the mystery of the Catholic faith. The

Catechism of the Catholic Church is a positive, coherent and contemporary map for our spiritual journey toward transformation.
Morality Wipf and Stock Publishers
 THE contents of this volume appeared originally in The Catholic Transcript, of Hartford, Connecticut, in weekly installments, from February, 1901, to February, 1903. During the course of their publication, it became evident that the form of instruction adopted was

appreciated by a large number of readers in varied conditions of life—this appreciation being evinced, among other ways, by a frequent and widespread demand for

back-numbers of the publishing journal. The management finding itself unable to meet this demand, suggested the bringing out of the entire

series in book-form; and thus, with very few corrections, we offer the “Briefs” to all desirous of a better acquaintance with Catholic Morals.
