Simple Steps to Impossible

Dreams Crown Currency
 In this short, powerful book, multimillionaire and bestselling author Steven K. Scott reveals King Solomon's breakthrough strategies to achieve a life of financial success and personal fulfillment. Steve Scott flunked out of every job he held in his first six years after college. He couldn't succeed no matter how hard he tried. Then Dr. Gary Smalley challenged him to study

the book of Proverbs, promising that in doing so he would achieve greater success and happiness than he had ever known. That promise came true, making Scott a millionaire many times over. In *The Richest Man Who Ever Lived*, Scott reveals Solomon's key for winning every race, explains how to resolve conflicts and turn enemies into allies, and discloses the five qualities essential to becoming a

valued and admired person at work and in your personal life. Scott illustrates each of Solomon's insights and strategies with anecdotes about his personal successes and failures, as well as those of such extraordinary people as Benjamin Franklin, Thomas Edison, Oprah Winfrey, Bill Gates, and Steven Spielberg. At once inspiring and instructive, *The Richest*

The Super Achievers

Simon and Schuster

Most salespeople lose the deal before they ever get started! It isn't uncommon for the customer to have already made a decision before most salespeople even learn of the opportunity.

Most salespeople have to beat the preferred competitor by a significant margin just to be considered equivalent.

Don't you wish that you could

be the preferred vendor in all of your opportunities? Selling is a difficult career in which to make a living; it is not uncommon to have the commission check denied before the salesperson even gets a chance to win. Analysis of thousands of sales situations has made it phenomenally obvious that most salespeople begin their sales campaign so late in the decision-

making process that they are virtually guaranteed to lose the order. To make matters worse, when they do start the campaign early enough, most salespeople do not know how to control the prospect adequately so that they can guarantee their victory. Typical turnover for a sales department is 10-20%. Many companies see turnover that approaches 40-60%! This turnover costs

them 50% of their revenue-generating capability. In any organization that exceeds 25% turnover, the loss of trust with the customer can be astounding as the new salesperson tries to rebuild the entire relationship. In any given quarter dozens or hundreds of companies do not make their forecasted numbers and are dramatically punished by Wall Street. This book will provide the management

of a company with a framework to teach their salespeople how to attain their quotas with higher profits. It will also allow salespeople to rise to the top of their organization and be the super-achievers who win awards, trips, bonuses, and respect. In this book, I will show you how to eliminate your competition and maximize your commission. *How to Win at College : Surprising Secrets for*

Success from the Country's Top Students Createspace Independent Publishing Platform Think and Grow Rich is a 1937 motivational personal development and self-help book by Napoleon Hill. Inspired by a suggestion from Scottish-American businessman Andrew Carnegie. While the title implies that this book deals with how to get rich, the author explains how to use the law

of attraction and how it can be used to help people succeed in all lines of work and to do or be almost anything they want. He gives practical information and analytical exercises to help you discover and nurture your own personal desires. Jim Murray (sportswriter) wrote that *Think and Grow Rich* was credited for Ken Norton's boxing upset of Muhammad Ali in 1973. The Reverend Charles Stanley writes,

"I began to apply the principles of (*Think and Grow Rich*) to my endeavors as a pastor, and I discovered they worked!" The book was first published during the Great Depression. At the time of Hill's death in 1970, *Think and Grow Rich* had sold more than 20 million copies and by 2011 over 70 million copies had been sold worldwide. It remains the biggest seller of Napoleon Hill's books. *BusinessWeek*

Magazine's Best-Seller List ranked it the sixth best-selling paperback business book 70 years after it was published. *Think and Grow Rich* is listed in John C.
