HAILEY BALDWIN

The Scarlet Letter W.
W. Norton & Company
Rage is an unprecedented
and intimate tour de force
of new reporting on the
Trump presidency facing
a global pandemic,

economic disaster and
racial unrest. Woodward,
the #1 international
bestselling author of Fear:
Trump in the White
House, has uncovered the
precise moment the
president was warned
that the Covid-19
epidemic would be the
biggest national security
threat to his presidency.
In dramatic detail,
Woodward takes readers
into the Oval Office as
Trump's head pops up

when he is told in January
2020 that the pandemic
could reach the scale of
the 1918 Spanish Flu that
killed 675,000 Americans.
In 17 on-the-record
interviews with Woodward
over seven volatile
months—an utterly vivid
window into Trump's
mind—the president
provides a self-portrait
that is part denial and
part combative
interchange mixed with
surprising moments of

doubt as he glimpses the perils in the presidency and what he calls the “dynamite behind every door.” At key decision points, Rage shows how Trump’s responses to the crises of 2020 were rooted in the instincts, habits and style he developed during his first three years as president. Revisiting the earliest days of the Trump presidency, Rage reveals how Secretary of Defense James Mattis, Secretary of State Rex Tillerson and Director of National Intelligence Dan Coats

struggled to keep the country safe as the president dismantled any semblance of collegial national security decision making. Rage draws from hundreds of hours of interviews with firsthand witnesses as well as participants’ notes, emails, diaries, calendars and confidential documents. Woodward obtained 25 never-seen personal letters exchanged between Trump and North Korean leader Kim Jong Un, who describes the bond between the two leaders

as out of a “fantasy film.” Trump insists to Woodward he will triumph over Covid-19 and the economic calamity. “Don’t worry about it, Bob. Okay?” Trump told the author in July. “Don’t worry about it. We’ll get to do another book. You’ll find I was right.”

The sixteenth volume in the Aubrey/Maturin series, and Patrick O'Brian's first bestseller in the United States. At the outset of this adventure filled with disaster and delight, Jack Aubrey and Stephen

Maturin pursue an American privateer through the Great South Sea. The strange color of the ocean reminds Stephen of Homer's famous description, and portends an underwater volcanic eruption that will create a new island overnight and leave an indelible impression on the reader's imagination. Their ship, the *Surprise*, is now also a privateer, the better to escape diplomatic complications from Stephen's mission, which is to ignite the revolutionary tinder of

South America. Jack will survive a desperate open boat journey and come face to face with his illegitimate black son; Stephen, caught up in the aftermath of his failed coup, will flee for his life into the high, frozen wastes of the Andes; and Patrick O'Brian's brilliantly detailed narrative will reunite them at last in a breathtaking chase through stormy seas and icebergs south of Cape Horn, where the hunters suddenly become the hunted.

Defiant Unto Death W. W.

 "The old master has us again in the palm of his hand."—Los Angeles Times (a Best Book of 1999) Napoleon has been defeated at Waterloo, and the ensuing peace brings with it both the desertion of nearly half of Captain Aubrey's crew and the sudden dimming of Aubrey's career prospects in a peacetime navy. When the *Surprise* is nearly sunk on her way to South America—where Aubrey and Stephen Maturin are to help Chile assert her independence

from Spain—the delay occasioned by repairs reaps a harvest of strange consequences. The South American expedition is a desperate affair; and in the end Jack's bold initiative to strike at the vastly superior Spanish fleet precipitates a spectacular naval action that will determine both Chile's fate and his own.

(Aubrey/Maturin Novels)

On 8 March 2012 Frank Moe completed a week-

long 362-mile trek on a dogsled pulled by a team of ten dogs from Grand Marais, Minnesota, to the State Capitol in Saint Paul. He delivered to Governor Dayton over 12,000 petitions from Minnesotans opposed to sulfide mining in the Lake Superior watershed and very close to the Boundary Waters Canoe Area Wilderness. His successful trip-through challenging weather, trail and road conditions-brought to the attention of many Minnesotans the real risks that both Lake

Superior and the Boundary Waters face from the proposed copper/nickel sulfide mines. Getting his sled dog team to the Capitol was so much more than that epic eight-day trip. It was in fact the culminating adventure of a much longer journey for Frank and his incredible dog team. The book 'Sled Dogs to Saint Paul' is the story of Frank's discovery of dog sledding, and how the dogs came to be the focus of his life. Beginning with his first dogsled adventures on the lakes

and trails near Bemidji, Minnesota, it continues to tell of Frank's rise in world of sled-dog racing and what led to the mission that now drives his kennel. The story is sometimes funny, and at other times quite serious yet always epic in some way. Excerpts from this manuscript were first published in *Flyway, Journal of Writing and Environment*, in the Winter of 2011/2012. *Odyssey* W. W. Norton & Company

Napoleon, escaped from Elba, pursues his enemies across Europe like a vengeful phoenix. If he can corner the British and Prussians before their Russian and Austrian allies arrive, his genius will lead the French armies to triumph at Waterloo. In the Balkans, preparing a thrust northwards into Central Europe to block the Russians and Austrians, a horde of Muslim mercenaries is gathering. They are inclined toward Napoleon because of his

conversion to Islam during the Egyptian campaign, but they will not move without a shipment of gold ingots from Sheik Ibn Hazm which, according to British intelligence, is on its way via camel caravan to the coast of North Africa. It is this gold that Jack Aubrey and Stephen Maturin must at all costs intercept. The fate of Europe hinges on their desperate mission.  A revealing and insightful look at one of the modern world's most acclaimed historical novelists Patrick O'Brian was well into his seventies when the world fell in love with his greatest creation: the maritime adventures of Royal Navy Captain Jack Aubrey and ship's surgeon Stephen Maturin. But despite his fame, little

detail was available about the life of the reclusive author, whose mysterious past King uncovers in this groundbreaking biography. King traces O'Brian's personal history, beginning as a London-born Protestant named Richard Patrick Russ, to his tortured relationship with his first wife and child, to his emergence from World War II with the entirely new identity under which he would publish twenty volumes in the Aubrey-Maturin series. What King unearths is a life no less

thrilling than the seafaring world of O'Brian's imagination.

This companion for fans of the Napoleonic sea sagas offers maps of the novels' streets, seas, and coasts, and much more. The tall-masted sailing ships of the early nineteenth century were the technological miracles of

their day, allowing their crews to traverse the seas with greater speed than had ever been possible before. Novelist Patrick O'Brian captured the thrill of that era with his characters Jack Aubrey and Stephen Maturin, who visited exotic locales in the service of the Royal Navy. From frigid Dieppe to balmy Batavia, they strolled the ports of the world as casually as most do the streets of their hometown. Packed with maps and illustrations from the greatest age of sail, this volume shows

not just where Aubrey and Maturin went, but how they got there. An incomparable reference for devotees of O'Brian's novels and anyone who has dreamed of climbing aboard a warship, *Harbors and High Seas* is a captivating portrait of life on the sea, when nothing stood between man and ocean but grit, daring, and a few creaking planks of wood.
