Entertainment

Today over half of all American households own a dedicated game console and gaming industry profits trump those of the film industry worldwide. In this book, Soraya Murray moves past the technical discussions of games and offers a fresh and incisive look at their cultural dimensions. She critically explores blockbusters like *The Last of Us*, *Metal Gear Solid*, *Spec Ops: The Line*, *Tomb Raider* and *Assassin's Creed* to show how they are deeply entangled with American ideological positions and contemporary political, cultural and economic conflicts. As quintessential forms of visual material in the twenty-first century, mainstream games both mirror and spur larger societal fears, hopes and dreams, and even address complex struggles for recognition. This book examines both their elaborately constructed characters and densely layered worlds, whose social and environmental landscapes reflect ideas about gender, race, globalisation and urban life. In this emerging field of study, Murray provides novel theoretical approaches to discussing games and playable media as culture. Demonstrating that games are at the frontline of power relations, she reimagines how we see them - and more importantly how we understand them.

This explosive Metal Gear Solid novel ventures beyond the thrilling videogame and delves into the dark heart of Solid Snake's world! Highly skilled former FOXHOUND agent Solid Snake is called out of retirement to do what he does best-neutralize a crisis of epic proportions. A deadly team of renegade FOXHOUND operatives has taken over the nuclear disposal facility on Shadow Moses Island in the icy Aleutians. If their demands aren't met, a powerful, top-secret weapon will be unleashed upon the world. Solid Snake's mission is to breach the heavily fortified base to rescue hostages and to destroy the superweapon. His only obstacles are brainwashed commandos, DNA-enhanced troops, and six first-rate killers with extraordinary

abilities. All alone in hostile territory, armed with nothing but his wits, Snake has only a snowball's chance in hell of taking out his target and keeping nuclear nightfall from descending on the earth. But nothing is as it seems. Somebody is hiding something. Somebody has a hidden agenda. And somebody wants Snake to learn secrets about his dark past-secrets that would shake any man to his core.
