When a trip to a haunted hotel unearths a statue steeped in malevolent power, and a string of murders draws a trail to the abandoned old Navy yard, Cassidy and Sorren discover a diabolical plot to unleash a supernatural onslaught on their city. It's time for

Kincaide and her team to get rid of these Deadly Curiosities before the bodies start piling up. **Blood Crime (Graphic Novel)** Harper Collins Seventeen, dead, and in charge of heaven's dark angels—all itching to kill someone. Madison Avery's dreams of ever fitting in at her new school died when she did. Especially since she was able to maintain the illusion of a body, deal

with a pesky guardian angel, and oh yeah, bring the reaper who killed her to his untimely end. Not exactly in-crowd material. It's amazing that her crush, Josh, doesn't think she's totally nuts. Now Madison has learned that she's the dark timekeeper, in charge of angels who follow the murky guidelines of fate. Never one to abide by the rules, she decides it's time for a major change

to the system. With the help of some unlikely allies, Madison forms a rogue group of reapers who definitely don't adhere to the rules of the heavens. But as she grapples with the terrifying new skills that come with being a timekeeper, Madison realizes she may not be prepared for what lies ahead—unless she gets some seriously divine intervention. You can't tell

the story of how it all began for supernatural cops Ivy Tamwood and Rachel Morgan without telling how it all nearly ended. The fiery living vampire and erstwhile earth witch never asked to be paired up in the first place. And having to work Inderland Security's crummiest beat—busting two-bit paranormal street punks—sure didn't sweeten the deal. But when it counts, Ivy

and Rachel always have each other's backs. They'd better—because someone just hung targets on both of them. It doesn't take a hotshot homicide detective to know that nearly getting flattened by a falling gargoyle or impaled by a lead pipe aren't on-the-job accidents. But it doesn't seem possible that the class of crooks Ivy and Rachel routinely collar could kill anything but brain cells. So who put

For twenty of fantasy's finest imaginers, the answer is obviously,

"Yes." So welcome to visionary, modern-day realms of magic where surprising things can still happen. When Ivy met Rachel, the result wasn't exactly love at first sight.
Sparks flew as the living vampire and the stubborn witch learned what it meant to be partners.
Now Kim Harrison, the acclaimed author of Pale

Demon and Black Magic Sanction, turns back the clock to tell the tale—in an original full-color graphic novel. Hot-as-hell, tough-as-nails detective Ivy Tamwood has been demoted from homicide down to lowly street-crime detail. As if rousting trolls and policing pixies instead of catching killers wasn't bad enough, she's also been saddled with a newbie partner who's an earth witch. It's enough to make any

living vampire bare her fangs. But when a coven of murderous witches begins preying on werewolves, Rachel Morgan quickly proves she's a good witch who knows how to be a badass. Together, Ivy and Rachel hit the mean streets to deal swift justice to the evil element among Cincinnati's supernatural set. But there's more to their partnership than they realize—and more blood

and black magic in their future than they bargained for. people into their deformed reflections. Blake ultimately has to face up to a horrible secret from his own past to save himself and his brother-- that is, if the carnival doesn't claim their souls first!
