Originally published in 1958, The
Professional is the story of boxer Eddie

Brown's quest for the middleweight
championship of the world. But it is so
much more. W. C. Heinz not only serves
up a realistic depiction of the circus-like
atmosphere around boxing with its
assorted hangers-on, crooked
promoters, and jaded journalists, but he

gives us two memorable characters in Eddie Brown and in Brown's crusty trainer, Doc Carroll. They are at the heart of this poignant story as they bond together with their eye on the only prize that matters—the middleweight championship. The Professional is W. C. Heinz at the top of his game—the writer who covered the fights better than anyone else of his era, whose lean sentences, rough-and-ready dialogue, dry wit, and you-are-there style helped lay the foundation for the New Journalism of Jimmy Breslin, Gay Talese, and Tom Wolfe. And all the trademark qualities of W. C. Heinz are on ample display in this novel that Pete Hamill described as "one of the five best sports novels ever written."

Hard Rain Falling Grove/Atlantic, Inc. During the 1920s—the Golden Age of sports—sports writers gained their own recognition while covering such athletes as Babe Ruth, Bobby Jones, Jack Dempsey, and Red Grange. The top journalists of the era were the primary means by which fans learned about their favorite teams and athletes, and their popularity and importance in the sports world continued for decades. *Legendary Sports Writers of the Golden Age*: Grantland Rice, Red Smith, Shirley

Povich, and W. C. Heinz details the lives and careers of four sports-writing greats and the iconic athletes and events they covered. Although these writers established themselves during the 1920s, their careers extended well into the decades that followed. They reported on Jesse Owens, Joe Louis, Sandy Koufax, Arnold Palmer, and many other stars from the 1920s and beyond. Lee Congdon examines not only the lives and careers of Rice, Smith, Povich, and Heinz, but the distinctive writing style that each of them developed. Taken together, these four writers lifted sports reporting to heights that it is unlikely to reach again. This book brings to life the greatest era in sports history, as seen through the eyes of four legendary sports writers. Sports fans, historians,

and those interested in sports journalism will all find this a fascinating and informative look at a time when the sports world was at its peak.

Two Ton New York Review of Books
From the author of *Infinite Jest* and *Consider the Lobster*: a collection of five brilliant essays on tennis, from the author's own experience as a junior player to his celebrated profile of Roger Federer at the peak of his powers. A "long-time rabid fan of tennis," and a regionally ranked tennis player in his youth, David Foster Wallace wrote about the game like no one else. On Tennis presents David Foster Wallace's five essays on the sport, published between 1990 and 2006, and hailed as some of the greatest and most innovative sports writing of our time. This lively and

entertaining collection begins with Wallace's own experience as a prodigious tennis player ("Derivative Sport in Tornado Alley"). He also challenges the sports memoir genre ("How Tracy Austen Broke My Heart"), takes us to the US Open ("Democracy and Commerce at the U.S. Open"), and profiles of two of the world's greatest tennis players ("Tennis Player Michael Joyce's Professional Artistry as a Paradigm of Certain Stuff About Choice, Freedom, Limitation, Joy, Grotesquerie, and Human Completeness" and "Federer Both Flesh and Not"). With infectious enthusiasm and enormous heart, Wallace's writing shows us the beauty, complexity, and brilliance of the game he loved best.

In the golden years of professional football, one team and one coach reigned supreme: the 1960s Green Bay Packers, and the fiery Vince Lombardi. Run to Daylight! is Lombardi's own diary of a week at the helm of that magnificent club. Together with legendary sports-journalist, W.C. Heinz,

Lombardi takes us from the first review of game films on Monday right through the final gun on Sunday afternoon. We see the planning, the plotting, the practice and the pain as forty-plus men come together to form that precision unit that makes for winning football. Now, in this anniversary edition, with a special foreword by David Maraniss, we are once again reminded of the passion and power behind America's greatest game. Written in W.C. Heinz's inimitable style, *Run to Daylight!* is part diary, part philosophy text, part coaches manual. Here, is professional football at its best. Words and Music SIU Press
In the 1940s, two-time world

middleweight champion Tony Zale seemingly had it all. Battling colorful Rocky Graziano in bouts that are considered as among the most exciting trilogies in boxing history, "The Man of Steel" from Gary, Indiana convincingly won their third and final contest in 1948. The son of Polish immigrants, Zale was a shy and withdrawn young boy who learned boxing because of his older brothers. Once his professional boxing career had ended, botched financial investments and a bitter divorce left little to show for all his pain and sacrifice endured in the ring. But Zale never lost the Spirit within, and he touched the lives of countless young people, both as the head coach of the Chicago Catholic Youth Organization and Chicago Parks Department boxing programs.

The result of extensive scholarship and consultation with leading scholars, this text introduces students to twenty-four theorists and compares and contrasts their theories on how we develop as individuals. Emphasizing the theories that build upon the developmental tradition established by Rousseau, this text also covers theories in the

environmental/learning tradition. What A Time It Was John Wiley & Sons
A major revision of an established textbook on the theory, measurement, and history of economic growth, with new material on climate change, corporate capitalism, and innovation. Authors Duncan Foley, Thomas Michl, and Daniele Tavani present Classical and Keynesian approaches to growth theory, in parallel with Neoclassical ones, and introduce students to advanced tools of intertemporal economic analysis through carefully developed treatments of land- and resource-limited growth. They cover corporate finance, the impact of government debt and social security systems, theories of endogenous technical change, and the implications of climate change. Without excessive

formal complication, the models emphasize rigorous reasoning from basic economic principles and insights, and respond to students' interest in the history and policy dilemmas of real-world economies. In addition to carefully worked out examples showing how to use the analytical techniques presented, Growth and Distribution presents many problems suitable for inclusion in problem sets and examinations. Detailed answers to these problems are available. This second edition includes fresh data throughout and new chapters on climate change, corporate capitalism, models of wealth inequality, and technical change. **The Devil and Sonny Liston** Hamilcar Publications
The anti-Ali, Sonny Liston represents everything that is compelling and

terrifying about boxing. An overwhelmingly powerful fighter, Liston rose from a desperately poor childhood to street criminal to world heavyweight champion. He then became the pawn of a series of criminal organizations and was shadowed throughout his life by government investigations, arrests, and the rumor of corruption. *The Devil and Sonny Liston* is not just the biography of a boxer; it is one of the greatest organized-crime stories ever told and confirms Toschess place as one of the most powerful and original writers of our time. Toschess acclaimed biography of Dean Martin, *Dino*, sold more than 110,000 copies. From the rappers Wu-Tang Clan to writer Thom Jones, people are fascinated by Sonny Liston and by boxing in general. *King of the World* by

David Remnick sold more than 100,000 copies. Tom Cruise's Cruise/Wagner Productions is at work on a movie based on this book. A collection of Toschess best writing, *The Nick Tosches Reader*, is due out in 2000. Tosches is a contributing editor of *Vanity Fair*. *Ignition!* Simon and Schuster A comprehensive and illuminating survey of literary journalism with both historical and international scope, this anthology is the only one of its kind. In a series of sparkling readings, Kevin Kerrane and Ben Yagoda trace the evolution of the so-called "new" journalism back to the 18th century. *Fighting Ruben Wolfe* Walter de Gruyter GmbH & Co KG From his earliest days as a culture-beat reporter, through a wildly successful four

decades in the book business, to his latest philanthropic ventures, Stephen Rubin has witnessed up close the highs and lows of publishing, music, and entertainment over the last half-century. Now, in this refreshingly forthright and uninhibited memoir, he shares the stories and secrets of a legendary career. Freshly graduated from New York University, Rubin parlayed what had been a music column in his college paper into a freelance writing gig, covering culture, pop and classical music, and Hollywood. This landed him spots in major newspapers and put him in the company of fabulous opera divas, pop singers, and other unforgettable personalities (including his future wife Cynthia, a talent manager). Here, he shares his adventures with such varied

and iconic figures as Luciano Pavarotti, Judy Garland, Pierre Boulez, Burt Lancaster, Dimitri Shostakovich, and Gregory Peck. Rubin recounts how, after joining Bantam Books in 1984, he rose steadily through the ranks of the publishing business, taking readers behind the scenes of the publication of record-breaking bestsellers such as John Grisham's *The Firm* and Dan Brown's *The Da Vinci Code*. With an uncanny ability to right the ship of floundering houses and imprints, he stepped into roles (and on some toes) at Bantam, Doubleday, Transworld, Henry Holt, and Simon & Schuster. He spares no details or feelings as he recounts corporate missteps and personal feuds at the highest levels of the literary world. Full of riveting detail, engagingly told, and

generously leavened with insider dish, this is an unparalleled look at the culture industry from the man who's seen it all first-hand.

A Farewell to Heroes University of Pittsburgh Press

The bestselling biography of Muhammad Ali--with an Introduction by Salman Rushdie. On the night in 1964 that Muhammad Ali (then known as Cassius Clay) stepped into the ring with Sonny Liston, he was widely regarded as an irritating freak who danced and talked

way too much. Six rounds later Ali was not only the new world heavyweight boxing champion: He was "a new kind of black man" who would shortly transform America's racial politics, its popular culture, and its notions of heroism. No one has captured Ali--and the era that he exhilarated and sometimes infuriated--with greater vibrancy, drama, and astuteness than David Remnick, the Pulitzer Prize-winning author of *Lenin's Tomb* (and editor of *The New Yorker*). In charting Ali's rise from the gyms of Louisville, Kentucky, to his epochal fights against Liston and Floyd Patterson, Remnick creates a canvas of unparalleled richness. He gives us empathetic portraits of wisecracking sportswriters and bone-breaking mobsters; of the baleful Liston and the

haunted Patterson; of an audacious Norman Mailer and an enigmatic Malcolm X. Most of all, *King of the World* does justice to the speed, grace, courage, humor, and ebullience of one of the greatest athletes and irresistibly dynamic personalities of our time. *When We Were One* Da Capo Press A hardboiled novel about life in the American underground, from the pool halls of Portland to the cells of San Quentin. Simply one of the finest books ever written about being down on your luck. Don Carpenter's *Hard Rain Falling* is a tough-as-nails account of being down and out, but never down for good—a Dostoyevskian tale of crime, punishment, and the pursuit of an ever-elusive redemption. The novel follows the adventures of Jack Levitt, an

orphaned teenager living off his wits in the fleabag hotels and seedy pool halls of Portland, Oregon. Jack befriends Billy Lancing, a young black runaway and pool hustler extraordinaire. A heist gone wrong gets Jack sent to reform school, from which he emerges embittered by abuse and solitary confinement. In the meantime Billy has joined the middle class—married, fathered a son, acquired a business and a mistress. But neither Jack nor Billy can escape their troubled pasts, and they will meet again in San Quentin before their strange double drama comes to a violent and revelatory end.

lose it, Cam. I'm tryin' to find it.' The Wolfe brothers know how to fight. They've been fighting all their lives. Now there's something more at stake than just winning. A powerful, poignant novel from the author of the international bestseller, *The Book Thief*.

Fat City is a vivid novel of allegiance and defeat, of the potent promise of the good life and the desperation and drink that waylay those whom it eludes. Stockton, California is the setting: the Lido Gym, the Hotel Coma, Main Street lunchrooms and dingy bars, days like long twilights in houses obscured by untrimmed shrubs and black walnut trees. When two men meet in the ring -- the retired boxer Billy Tully and the

newcomer Ernie Munger - their brief bout sets into motion their hidden fates, initiating young Ernie into the company of men and luring Tully back into training. In a dispassionate and composed voice, Gardner narrates their swings of fortune, and the plodding optimism of their manager Ruben Luna, as he watches the most promising boys one by one succumb to some undefined weakness; still, "There was always someone who wanted to fight." *The Top of His Game: The Best Sportswriting of W. Run to Daylight! Rowman & Littlefield Before Game Change there was What It Takes, a ride along the 1988 campaign trail and “possibly the best [book] ever written about an American election” (NPR). Written by Pulitzer Prize-winning journalist and New York Times–bestselling author Richard Ben Cramer, What It Takes is “a perfect-pitch rendering of the emotions, the intensity, the anguish, and the emptiness of what may have been the last normal two-party campaign in American history”

(Time). An up-close, in-depth look at six candidates—George H. W. “Poppy” Bush, Bob Dole, Joe Biden, Michael Dukakis, Richard Gephardt, and Gary Hart—this account of the 1988 US presidential campaign explores a unique moment in history, with details on everything from Bush at the Astrodome to Hart’s Donna Rice scandal. Cramer also addresses the question we find ourselves pondering every four years: How do presumably ordinary people acquire that mixture of ambition, stamina, and pure shamelessness that allows them to throw their hat in the ring as a candidate for leadership of the free world? Exhaustively researched from thousands of hours of interviews, *What It Takes* creates powerful portraits of these

Republican and Democratic contenders, and the consultants, donors, journalists, handlers, and hangers-on who surround them, as they meet, greet, and strategize their way through primary season chasing the nomination, resulting in “a hipped-up amalgam of Teddy White, Tom Wolfe, and Norman Mailer” (Los Angeles Times Book Review). With timeless insight that helps us understand the current state of the nation, this “ultimate insider’s book on presidential politics” explores what helps these people survive, what makes them prosper, what drives them, and ultimately, what drives our government—human beings, in all their flawed glory (San Francisco Chronicle).
