Home | IFPSM Supply chains are becoming more and more international and at the same time increasingly integrated, thus increasingly interdependent than in earlier years. This is referred to as the

qualitative dimension of globalization. Moreover, new possibilities of optimizing the supply chains belong to the qualitative dimension. Global Supply Chain Management - Drivers and Activities of ... International procurement organizations (or IPOs) are often used as agents to source from “low cost” countries. They can and do identify and develop key suppliers across many sourcing categories in large and complex countries such as China or Brazil. What is global sourcing? - Purchasing & Procurement Center The United States Agency for International Development (USAID) has released eight Requests For Information (RFIs) for the Next Generation Global Health Supply-Chain suite of programs (NextGen). Under NextGen, USAID expects to issue

multiple contracts, with a total funding envelope of approximately \$16 billion over a period of ten years, subject ... NextGen Global Health Supply Chain | U.S. Agency for ... Understanding the difference between procurement and supply chain management is crucial, as these terms are not interchangeable but they often get mixed up. Procurement is the process of acquiring the goods your company needs for its business model. Supply chain management is the process of turning those goods into products and distributing them to customers as efficiently as possible. Procurement vs. Supply Chain Management: What's Different? Global procurement is a broad concept of strategic nature that is usually found in larger firms. It includes procurement from company-internal and

company-external suppliers and covers some issues of production and product development (Schneider et al., 2011). The need to increase the number of suppliers, non-availability of certain commodities in domestic markets, competitiveness of overseas resources and access to worldwide technology are among some of the reasons for a global procurement ...Global Supply Chains - Global ProcurementThe mission of the Journal of Purchasing & Supply Management is to publish original, high-quality research within the field of purchasing and supply management (PSM).
