My name is Betty

Steinhauer. I have no

address. I own very

little besides what I

carry with me as I roam the streets. Just stuff bundled in 9-10 suitcases parked with friends across the world. For me, being homeless is part of a bigger plan. After being hit by a car several years ago not long after retiring, I had an epiphany. I realised that I had been on my own spiritual journey since my first visit to India in 1990. Since then, I have travelled to 155 countries, sometimes as a tourist, sometimes on business, sometimes for my charity. I have made friends all over the world. But, I still had unanswered questions. So, I decided to sell everything, pack up my life and travel the world with a difference. This time I would journey not as a tourist

but as a traveller wanting to learn from every wise person who crossed my path, and every challenging situation I found myself in. I would document my learning from the people I interviewed across the world. And so was born my new book, *In Search of Spiritual Intelligence. Sức mạnh của trí tuệ tâm linh* Society for the New Message Here are practical tools and easy to use approaches to unleash the power of the whole person, both at work and at home.

Churches and individuals are coming to the conclusion that far too many people are active in church their entire lives but never mature, going directly from Pampers to Depends. How can this be? In *Spiritual Intelligence*, Nelson will help readers take charge of their spiritual growth by helping them incorporate methods Jesus used in teaching his disciples. Readers will assess their own spiritual maturity and

 Now Spiritual Quotient is being recognized as comprehensive. It embodies I.Q. + E.Q. = S.I.E.Q. It is a useful, better tool (it is more and much, much more than I.Q. and E.Q.). It is all management, and management of everything and anything in business, trade, human relations, love, anger, hatred, stress, et al. S.Q. enables one to understand and perform the Real Role (ultimate purpose of human life) and the Functional Roles as father, mother, student, teacher, friend, employer, employee, etc. S.Q.

does this by resolving the duality of inner and outer cosmos by proving to mankind that man is a mini universe. S.Q. is a function of faith. This book explains faith as a parameter precondition of S.Q., above intelligence, reason and science. Faith can never be blind.

Ray Kurzweil is the inventor of the most innovative and compelling technology of our era, an international authority on artificial intelligence, and one of our greatest living visionaries. Now he offers a framework for envisioning the twenty-first century--an age in which the marriage of human sensitivity and artificial intelligence fundamentally alters

and improves the way we live. Kurzweil's prophetic blueprint for the future takes us through the advances that inexorably result in computers exceeding the memory capacity and computational ability of the human brain by the year 2020 (with human-level capabilities not far behind); in relationships with automated personalities who will be our teachers, companions, and lovers; and in information fed straight into our brains along direct neural pathways. Optimistic and challenging, thought-provoking and engaging, *The Age of Spiritual Machines* is the ultimate guide on our road into the next century.

Spiritual Intelligence
refers to the intuitive
knowledge of the self,
others, situations and
techniques to achieve
the desired objectives.
Hence it can be called
the soul of all
intelligences. Spiritual
Intelligence enhances

our power to inspire
others by transforming
their souls in such a
way that their desires
and aspirations are
aligned in a single
direction. Soul is
beyond all reason and

the source of mind and
intellect. One who
knows his soul knows
the universe, since soul
is nothing but the
microcosm of the
universe. This book
explains this body-soul
continuum and
suggests practical
steps to evolve

to reach our soul.
