The Tales of Hoffmann (1951) is a unique and important film, both in the history of British cinema and in the history of interdisciplinary art-making. It is the first full-throttle presentation of an opera on screen: a Technicolor exploration of romance, fantasy, and failure, more danced than sung.

Dancing with Dragonflies is a fable written for children and adults of all ages. It may be read out loud in less than 20 minutes, making it a good length for a bedtime story. The tale is about a princess and a knight named Lirona and Zohar. They meet while on separate journeys and continue on different paths in search of treasure. With the help of a little magic supplied by a mysterious old woman called Adamina, they find themselves where they first met, and continue their journey together to discover something more valuable than any precious gem. Among other things, the book encourages the ability to see opportunity, and the

courage to act upon it. It also advocates work, balance, cooperation, perseverance and self-determination. The words and whimsical illustrations work together to form a contemporary trip into the past and the future. Visit the author's website at www.dancingwithdragonflies.com "This little book shows dance as a common ground where two people from very different worlds can come together. On the dance floor, they're able to take down the defensive walls they've built and not only find each other but also find their inner strength to trust and love again. Some may find this a fairy tale. Others a life lesson." Karen Pfrommer, Co-owner and dance instructor Let's Dance in Rhythm Branford, CT About the author: Jack Francis Gorfien is a writer and licensed acupuncturist practicing in Madison, Connecticut. His inspiration for this story grew in part from having studied the principles of Traditional Chinese Medicine. He found that the concept of balancing the opposing forces known as Yin and Yang to relieve pain and create a state of good health, apply to all areas of life. Inspiration for this

story also grew out of his experiences with ballroom dancing. He discovered that ballroom dancing is an excellent metaphor for all types of relationships, and the benefits available to partners who are willing to strive for balance and help each other excel. The author's desire is to encourage people to look within themselves and others to focus on their qualities, and choose to cultivate those qualities to their most positive potential. In today's chaotic and sometimes frightening world, we will all be well served by nourishing what is best in others and ourselves whenever possible. About the illustrator: Grace Turman has a mother, a father, a brother, two sisters and a handsome prince who keep her life just as exciting as it should be. She needs water (preferably sparkling), shelter, and at least three different colored ink pens to survive. Grace also helped illustrate *The Thimble Island Story Book*, a collection of salty sea stories by Captain Bob Milne.

150 Page Lined Notebook/Diary Tate Publishing & Enterprises *Dragonfly Dance* is a collection of poems remarkable for their candor and sense of catharsis. Writing from the vantage point of an American Indian woman, Denise Lajimodiere opens a door into the lives of Native girls and women. Her poems often reflect the deep tensions between Native culture and white culture. Reflected in Lajimodiere's poems, life is sometimes beautiful but rarely easy. "The Necklace," the narrator details how her mother repaired a favorite beaded necklace, "her arthritic fingers patiently / threading beads / on the

long thin needle, weaving / night after night." When the necklace is finally repaired, she wears it to school where At recess a White boy ran by, yanked it off my neck and threw it. I watched as it ascended high above the blacktop, the beads glittered, scattering their light, a rainbow against gray skies. Unadorned, direct, and often raw, these riveting poems sear their way into our imaginations, inviting us into a world we might never have known. We are richer for the knowledge.

God Came to My Garage Sale The Rosen Publishing Group, Inc The girl has had many selves in her short life. The first she remembers is Aissa, the daughter of Mama and Dada, sister to Zufi who watched the goats. Then the Bull King's raiders came, and Mama said, "Don't make a sound till I come back." And when the villagers found her she was silent as stone, because Mama never came back again. So the villagers cursed her as back luck and made her No-Name, lowest of the servants to the Lady, the island's priestess. But there were whispers, as she grew, of another self: of the Lady's

rejected first daughter, born imperfect with two extra thumbs. The silent girl looks at the scars on her wrists and wonders, but she has more pressing concerns. The villagers blame her bad luck for the tribute the Bull King now demands of them: two youths given each spring to dance with his bulls and die for his god's glory. And the servants hate and fear the unnatural way the animals all come to her. For Aissa, though, this bond with creatures of fur and scale is the first clue in finding the true self that no one else can give to her, or take away. Wendy Orr, the author of *Nim's Island*, introduces a resourceful and resilient heroine for slightly older readers. Inspired by an archeological trip to the island of Crete, where frescoes show figures leaping over the backs of bulls, Orr weaves an intriguing mythological portrayal of the Bronze Age Minoan civilization. Lyrically written and refreshingly unpredictable, *Dragonfly Song* suggests a fascinating origin for the legend of the Minotaur and his dark tribute.

The book is the volume of "The History of Art in Wei, Jin, Southern and Northern Dynasty" among a series of books of "Deep into China Histories". The earliest known written records of the history of China date from as early as 1250 BC, from the Shang dynasty (c. 1600-1046 BC) and the Bamboo Annals (296 BC) describe a Xia dynasty (c. 2070-1600 BC) before the Shang, but no writing is known from the period The Shang ruled in the Yellow River valley, which is commonly held to be the cradle of Chinese civilization. However, Neolithic civilizations originated at various cultural centers along both the Yellow River and Yangtze River. These Yellow River and Yangtze civilizations arose millennia before the Shang. With thousands of years of continuous history, China is one of the world's oldest civilizations, and is

regarded as one of the cradles of civilization. The Zhou dynasty (1046-256 BC) supplanted the Shang and introduced the concept of the Mandate of Heaven to justify their rule. The central Zhou government began to weaken due to external and internal pressures in the 8th century BC, and the country eventually splintered into smaller states during the Spring and Autumn period. These states became independent and warred with one another in the following Warring States period. Much of traditional Chinese culture, literature and philosophy first developed during those troubled times. In 221 BC Qin Shi Huang conquered the various warring states and created for himself the title of Huangdi or "emperor" of the Qin, marking the beginning of imperial China. However, the oppressive government fell soon after his death, and was supplanted by the longer-lived Han dynasty (206 BC - 220 AD). Successive dynasties developed bureaucratic systems that enabled the emperor to control vast territories directly. In the 21 centuries from 206 BC until AD 1912, routine administrative tasks were

handled by a special elite of scholar-officials. Young men, well-versed in calligraphy, history, literature, and philosophy, were carefully selected through difficult government examinations. China's last dynasty was the Qing (1644–1912), which was replaced by the Republic of China in 1912, and in the mainland by the People's Republic of China in 1949. Chinese history has alternated between periods of political unity and peace, and periods of war and failed statehood – the most recent being the Chinese Civil War (1927–1949). China was occasionally dominated by steppe peoples, most of whom were eventually assimilated into the Han Chinese culture and population. Between eras of multiple kingdoms and warlordism, Chinese dynasties have ruled parts or all of China; in some eras control stretched as far as Xinjiang and Tibet, as at present. Traditional culture, and influences from other parts of Asia and the Western world (carried by waves of immigration, cultural assimilation, expansion, and foreign contact), form the basis of the modern culture of China.

From one of the writers of the twentieth-century Native American Literary Renaissance comes a remarkable tale about how to acknowledge the past and take a chance on the future. Rooted in tribal-world consciousness, *That Guy Wolf Dancing* is the story of a young tribal wolf-man becoming a part of his not-sonatural world of non-tribal people. Twenty-something Philip Big Pipe disappears from an unsettled life he can hardly tolerate and ends up in an off-reservation town. When he leaves, he doesn't tell anyone where he is going or what his plans, if he has any, might be. Having never taken himself too seriously, he now faces a world that feels very foreign to him. As he struggles to adapt to the modern universe, Philip, ever a "wolf dancer," must improvise, this time to a sound others provide for him. Like the wolf, Philip sometimes feels hunted, outrun, verging on extinction. Only by moving rhythmically in a dissident, dangerous, and iconic world can Philip Big Pipe let go of the past and craft a new future.

Since the fall of the USSR, Mongolia has been a veritable open door for Christianity to spread far and wide. Starting in the early 1990s, God set the stage for Mongolia Campus Crusade for

Christ (MCCC) to facilitate a message of hope and deliverance for a time such as this ... when Zula, a young Mongolian mother and MCCC staff member would forge a lasting friendship with Rhonda, a stateside Christian conciliator and grandmother, through a short-term mission partnership with MCCC. This story takes you on the journey of God's design that brought these two women together from completely different countries and cultures and transformed them through heartrending tragedy. Gratitude has come as I've made this journey. I'm thankful that God is using my broken heart to transform me for His purposes and for His glory, and to bring encouragement to the hurting hearts of others who have also experienced loss. -

Rhonda Johnson Wootton I now consider my grief to be a precious gift. - Zula Jantsan "This book is so unusual that it is hard to describe. Its unusual nature makes it stand out, almost demanding that we read it. I am sure you will come to the same conclusion once you read it, which I hope you do. Rhonda and Zula are friends who live about as

far apart on this earth as two people can. They were already friends. But their deep friendship was forged through suffering, as deep friendships often are. They both lost sons, and only days apart. Strangely (and providentially), Rhonda was with Zula, comforting her over the tragic loss of her son, when her own son died just as tragically. They suffered together and grieved together. Now they have written a book together, a book full of sorrow, hope, wisdom and light. I commend this book to you, not only because it is so unusual, but also because it is so lovely and deep." - Jerry Sittser, author of *A Grace Disguised* and *A Grace Revealed* "God binds us together across continents and cultures to be one body. In the pages that follow you will hear a story of pain, sadness and loss, but also of faithfulness, hope and redemption shared by two women of faith separated by thousands of miles and joined by one great Savior. This testimony is an encouragement to every one of us to keep walking and keep looking up to God through the darkest chapters of life and death." -Tim McConnell, Lead Pastor,
