Hi! I am Otter and this is a book about me and my best friends, Otter Keeper and Teddy. It's all about the fun and messy (and little bit scary) adventure we had one day when Otter Keeper was at work. I hope you like the story! (And if you don't, it's probably Teddy's fault.)

Although rarely seen in the wild, the otter is admired for its playful character and graceful aquatic agility, fixed in the popular imagination through books and films such as Tarka the Otter and Ring of Bright Water. This is just a small part of its story, however: throughout history, the otter has been hunted for its fur and to prevent it from killing fish. Featuring numerous images from nature and culture, as well as examples from folklore, sports, and literature, this wide-ranging book also explores the movement against otter hunting, and the ongoing efforts promoting otter conservation. A fittingly lively study of its subject, Otter offers a new way of thinking about this much-loved but endangered animal.

Ring of Bright Water [by] Gavin Maxwell, Centenary Edition Lulu.com

Over the course of a year, Miriam Darlington travelled around Britain in search of wild otters; from her home in Devon to the wilds of Scotland; to Cumbria, Wales, Northumberland, Cornwall, Somerset and the River Lea; to her childhood home near the Ouse, the source of her watery obsession. Otter Country follows Darlington's search through different landscapes, seasons, weather and light, as she tracks one of Britain's most elusive animals. During her journey, she meets otter experts, representatives of the Environment Agency, conservationists, ecologists, walkers, Henry Williamson's family, Gavin Maxwell's heir; zoo keepers, fishermen, scientists, hunters and poets. Above all she learns how to track and be around otters, and that the stillness required to actually see this shy animal can bring many unasked-for wonders. Written in mesmerising prose, Otter Country establishes Darlington as a prominent voice in the new generation of British nature writers.

In a time of uncertainty about our environmental future—an eye-opening global tour of some of the most wounded places on earth, and stories of how a passionate group of eco-restorers is leading the way to their revitalization. Award-winning science journalist Judith D. Schwartz takes us first to China's Loess Plateau, where a landmark project has successfully restored a blighted region the size of Belgium, lifting millions of people out of poverty. She journeys on to Norway, where a young indigenous reindeer herder challenges the most powerful orthodoxies of conservation—and his own government. And in the Middle East, she follows the visionary work of an ambitious young American as he attempts to re-engineer the desert ecosystem, using plants as his most sophisticated technology. Schwartz explores regenerative solutions across a range of landscapes: deserts, grasslands, tropics, tundra, Mediterranean. She also highlights various human landscapes, the legacy of colonialism and industrial agriculture, and the endurance of indigenous

knowledge. The Reindeer Chronicles demonstrates how solutions to seemingly intractable problems can come from the unlikeliest of places, and how the restoration of local water, carbon, nutrient, and energy cycles can play a dramatic role in stabilizing the global climate. Ultimately, it reveals how much is in our hands if we can find a way to work together and follow nature's lead.

1945. War has ended, but for sisters Isobel and Flora the struggles still continue. They've lost their father and had their home destroyed in a bombing raid, and now they must go to live with their aunt and her awful husband Mr Godfrey in their ancestral home, Splint Hall. From the moment of their arrival it seems that this is a place shrouded in mysteries and secrets. Who are the strange men who arrive with packages at night? What is the source of the strange blue sparks coming from the ground? And why do the locals seem to hate their family so much? As the girls begin to unearth an ancient myth and family secret, the adventure of a lifetime begins.

Fifty years ago Gavin Maxwell went to live in an abandoned house on a shingle beach on the west coast of Scotland. A haven for wildlife - he named his home Camusfearna and settled there with the otters Mij, Edal and Teko. Ring of Bright Water chronicles Gavin Maxwell's first ten years with the otters and touched the hearts of readers the world over, brilliantly evoking life with these playful animals in this natural paradise. Two further volumes followed bringing the story full circle telling of the difficult last years and the final abandonment of teh settlement. For the first time the entire trilogy is available in a single narrative in this beautifully presented book.

Dan Boothby had been drifting for more than twenty years, without the pontoons of family, friends or a steady occupation. He was looking for but never finding the perfect place to land. Finally, unexpectedly, an opportunity presented itself. After a lifelong obsession with Gavin Maxwell's Ring of Bright Water trilogy, Boothby was given the chance to move to Maxwell's former home, a tiny island on the western seaboard of the Highlands of Scotland. Island of Dreams is about Boothby's time living there, and about the natural and human history that surrounded him; it's about the people he meets and the stories they tell, and about his engagement with this remote landscape, including the otters that inhabit it. Interspersed with Boothby's own story is a quest to better understand the mysterious Gavin Maxwell. Beautifully written and frequently leavened with a dry wit, Island of Dreams is a charming celebration of the particularities of place.

The Rime of the Ancient Mariner Penguin UK

Otters are among Britain's most popular and endearing wild creatures. Made famous by literary phenomenon Ring of Bright Water, they have taken the place in the hearts of the British people. Previously threatened, their survival is now as assured as that of any wildlife can be. Andy Howard has been photographing them for more than a decade, especially on the Isle of Mull, Shetland, and Vancouver Island in Canada. His stunning photography will amaze and enlighten. His story will be reread many times.

'The Children of Lovers are Orphans.' Proverb Bestselling novelist, author of Lord of the Flies, William Golding was a famously acute observer of children. What was it like to be his daughter? In this frank and engaging family memoir, Judy Golding recalls growing up with a brilliant, loving, sometimes difficult parent. The years of her childhood and adolescence saw her father change from an impecunious schoolteacher to a famous novelist. Once adult, she came to understand some of the internal conflicts which led to his writing. The Golding family life, both ordinary and extraordinary, always kept its characteristic warmth, humour, complexity, anger and love, danger and insecurity. This is a book about family and parents, about lovers and their children, and about our impact on one another - for good or ill.

The Three-Body Problem Chelsea Green Publishing

A historical novel based on a true story of the Jacobite rebellion, from "a writer who has a special feeling for the dramatic" (Chicago Tribune). This fiercely beautiful novel tells the true story of Charles Radcliffe, a Catholic nobleman who joined the short-lived Jacobite rebellion of 1715, and of Jenny, his daughter by a secret marriage. Set in the Northumbrian wilds, teeming London, and colonial Virginia—where Jenny eventually settled on the estate of the famous William Byrd of Westover—Jenny's story reveals one young woman's loyalty, passion, and courage as she struggles in a life divided between the Old World and the New. "Miss Seton's narrative is richly buttressed with the results of scrupulous research on the personages and the period. Her sole purpose is to tell a rousing good tale plainly and simply and this she does admirably." —New York Herald Tribune

Otter Farrar, Straus and Giroux (BYR)

This is the story of the author's life in Camusfearna, a wild and remote area of Scotland, and of three otters, Chahala, Mijbil and Edal, who became his constant companions.
