Make Money Doing What You Love, Even in Tough Times Lifestyle Entrepreneur is the result of having lived a non-traditional life. In my twenties, I launched five businesses and sold the last two. I have been in a rock band touring America, and I've been flown around the world as a professional dating coach. I have traveled to and lived in over twenty-five countries, learning the local languages while there. I feel very blessed to have friends all over the world, a family that loves me at home, and generally able to live the life that I've always dreamed of. But this book isn't about me. It's about you! If you take only 10 percent of the information and ideas in this book and put them into practice, it will change your life. I promise. Lifestyle Entrepreneur contains the essence of everything I've learned over the last ten years of starting businesses, traveling the world, and exploring the things I'm passionate about. Now I would like to share a blueprint for how you can do all of these things and more. Are you ready?

An award-winning business writer dismantles the myths of entrepreneurship, replacing them with an essential story about the experience of real business owners in the modern economy. We're often told that we're living amidst a startup boom. Typically, we think of apps built by college kids and funded by venture capital firms, which remake fortunes and economies overnight. But in reality, most new businesses are things like restaurants or hair salons. Entrepreneurs aren't all millennials -- more often, it's their parents. And those small companies are the fabric of our economy. The Soul of an Entrepreneur is a business book of a different kind, exploring our work but also our passions and hopes. David Sax reports on the deeply personal questions of entrepreneurship: why an immigrant family risks everything to build a bakery; how a small farmer fights to manage his debt; and what it feels like to rise and fall with a business you built for yourself. This book is the real story of entrepreneurship. It confronts both success and failure, and shows how they can change a human life. It captures the inherent freedom that entrepreneurship brings, and why it matters.

Choosing between the stability of a traditional career and the upside of entrepreneurship? Why not have both? Becoming a full-time entrepreneur can look glamorous from the outside. Who doesn't want to chase their dreams, be their own boss, and do what they love? But the truth is that entrepreneurship is often a slog, with no regular hours, no job security, and very little pay. What if there was a way to have the stability of a day job with the excitement of a startup? All of the benefits of entrepreneurship with none of the pitfalls? In *The 10% Entrepreneur*, Patrick McGinnis shows you how, by investing just 10% of your time and resources, you can become an entrepreneur without losing a steady paycheck. McGinnis details a step-by-step plan that takes you from identifying your first entrepreneurial project to figuring out the smartest way to commit resources to it. He shows you how to select and engage in projects that will provide you with upside outside the office while making your better at your day job. He also profiles real-world 10% Entrepreneurs such as...

•Luke Holden, a cash-strapped recent college graduate, who started his own lobster-roll empire and oversaw much of its first year of operations, all while working full time in corporate America •Dipali Patwa, a designer and mom whose side project designing and selling infant clothing is now a sensation. •A group of friends who met at a 6am Bible study class and went on to start a brewery that now generates millions in sales. A successful 10% Entrepreneur himself, McGinnis explains the multiple paths you can follow to invest your cash, time, and expertise in a start-up—including as a founder, angel, adviser, or aficionado. Most importantly, you don't have to have millions in disposable income to become a 10% Entrepreneur. When you put McGinnis's 10% principles into action, you'll quickly start racking up small wins, then watch as they snowball into your new (and far more entrepreneurial) life.

The Art of Creation is the Process of Turning Your Ideas into Reality Right now you have within you the power and potential to create whatever you want in life. Yes, anything! That doesn't necessarily mean that you have the materials, the experience or the willpower to see the art of creation through to completion, but you do have the power and the potential. How powerful would it be to become conscious of the process that results in your life as you experience it now? Wouldn't it be empowering to have the tools to consciously create all the time and in all areas? What will you create next? Whether that means building a business, traveling the world, writing a book or mastering a language, *The Art of Creation* guides you through the process of dreaming big and making it real. In Part 1 you will learn The Hierarchy of Creation Energy to align your thoughts, emotions and actions to become a master creator. This is all about understanding the non-

physical dimensions of life that influence all that we think, feel and do. These are the dimensions of Consciousness, Spirit and Soul. Your level of consciousness determines your worldview and outlook on life, your connection to spirit determines how much of life's energy is available to you at any given time, and embodying your soul allows your unique gifts to be shared with the world. From there, we'll explore the physical dimensions of life which are the mental, emotional and physical planes of existence. The mental plane is the realm of the mind, which governs the thoughts we think and logical problem solving. The emotional plane are the feelings in our bodies and the intuitive guidance they provide. The physical plane is where our actions play out, which determines how others experience us. Aligning your life with The Hierarchy of Creation Energy empowers you to live authentically and let your light shine for all the world to see. In Part 2 you'll be introduced to The Vision-MAP Creative Palette, which is the toolbox that turns your ideas into reality. You'll learn how to create a compelling vision for the life you want to live and all that is in it, then craft a MAP to achieve it. MAP stands for Mission, Action & Product and this is the tactical process of moving from where you are now to where you want to be. Whereas your vision is personal and is limited only by your imagination, the mission you define is meant to make a difference in the lives of others. Your mission is what drives your actions and coordinates the energies and efforts of others around a common purpose. Finally the end product is the outcome you create, the real-world results that move you step-by-step towards actualizing the vision you hold. *The Art of Creation* is your guide to consciously create the life of your dreams. May you be inspired and empowered to realize your full potential and live a life that will leave a legacy!

What if Life Wasn't About 50 Years of Wage-Slavery, Paying Bills and then Dying? Tired of sleepwalking through a mediocre life bribed by mindless video-gaming, redemptive weekends, and a scant paycheck from a soul-suffocating job? Welcome to the SCRIPTED club— where membership is neither perceived or consented. The fact is, ever since you've been old enough to sit obediently in a classroom, you have been culturally engineered for servitude, unwittingly enslaved into a Machiavellian system where illusionary rules go unchallenged, sanctified traditions go unquestioned, and lifelong dreams go unfulfilled. As a result, your life is hijacked and marginalised into debt, despair, and dependence. Life's death sentence becomes the daily curse of the trivial and mundane. Fun fades. Dreams die. Don't let life's consolation prize become a car and a weekend. Recapture what is yours and make a revolutionary repossession of life-and-liberty through the pursuit of entrepreneurship. A paradigm shift isn't needed—the damn paradigm needs to be thrown-out altogether. The truth is, if you blindly follow conventional wisdom pushed by conventional people living conventional lives, can you expect to be anything but conventional? Rewrite life's script: ditch the job, give Wall Street the bird, and escape the insanity of trading your life away for a paycheck and an elderly promise called retirement.

UNSCRIPT today and start leading life— instead of life leading you.

Build, Run, and Sell Your Apple Consulting Practice Morgan James Publishing

10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.
