A gripping novel set during Mussolini’s 1935 invasion of Ethiopia, *The Shadow King* takes us back to the first real conflict of World War II, casting light on the women soldiers who were left out of the historical record. With the threat of Mussolini’s army looming, recently orphaned Hirut struggles to adapt to her new life as a maid in Kidane and his wife Aster’s household. Kidane, an officer in Emperor Haile Selassie’s army, rushes to mobilize his strongest men before the Italians invade. His initial kindness to Hirut shifts into a flinty cruelty when she resists his advances, and Hirut finds herself tumbling into a new world of thefts and violations, of betrayals and overwhelming rage. Meanwhile, Mussolini’s technologically advanced army prepares for an easy victory. Hundreds of thousands of Italians—Jewish photographer Ettore among them—march on Ethiopia seeking adventure. As the war begins in earnest, Hirut, Aster, and the other women long to do more than care for the wounded and bury the dead. When Emperor Haile Selassie goes into exile and Ethiopia quickly loses hope, it is Hirut who offers a plan to maintain morale. She helps disguise a gentle peasant as the emperor and soon becomes his guard, inspiring other women to take up arms against the Italians. But how could she have predicted her own personal war as a prisoner of one of Italy’s most vicious officers, who will force her to pose before Ettore’s camera? What follows is a gorgeously crafted and unputdownable exploration of female power, with Hirut as the fierce, original, and brilliant voice at its heart. In incandescent, lyrical prose, Maaza Mengiste breathes life into complicated characters on both sides of the battle line, shaping a heartrending, indelible exploration of what it means to be a woman at war.

Stories from Ethiopia where the reality is more astonishing than fiction "The Case of the Criminal Walk and Other Stories" presents a collection of short stories by Ethiopian writer Hama Tuma. As one reviewer put it, the stories of Hama Tuma ' give a voice to the plight of the ordinary people, tackling the themes of the tragedy of the Ethiopian people as a whole, including corruption and poverty, contrasted with the strength of the human spirit'. These are tales of a City on the one hand and that of a nation and a people on the other. As the famous Kenyan writer, Ngugi Wa Thiongo, put it in a review of Hama Tuma's earlier book, "The Case of the Socialist Witchdoctor and other Stories," Hama Tuma continues to "brilliantly capture the contradictions that make up the real Ethiopia of the twentieth century." In Ethiopia, the tragedy continues despite change of government and Hama Tuma delves into the tormented souls of his compatriots to highlight not only the suffering but also the hope and optimism that makes the living, however hard the struggle, tolerable and worthy.

*An Ethiopian Novel in Amharic* Henry Holt

Addis Ababa is a sprawling melting pot of cultures where rich and poor live side by side in relative harmony--until they don't. "Several of the 14 stories here, most of them striking and accomplished, involve post-revolution loss, guilt and revenge. Some are surreal--fitting for a culture where, as Mengiste writes in her introduction, "there are men who live in the mountains of Ethiopia and can turn into hyenas.'" --Washington Post "While most stories told about or set in Africa deny the continent and the nearly 60 countries that constitute it narrative complexity, this anthology works overtime to get specific about the people and problems that define Addis Ababa." --Los Angeles Review of Books Maaza Mengiste's story "Dust, Ash, Flight" has won the 2021 Edgar Award for Best Short Story, presented by the Mystery Writers of America! "Addis is one of Africa's--and the world's--most vibrant, dynamic scene, and the new Akashic collection displays it in all its complexity. With acclaimed writer Maaza Mengiste at the editing helm, the book brings together

an exciting collection of voices exploring the city's noir side. This is a chance for readers to discover an important literary scene and to explore a city's past and present." --CrimeReads, One of the Most Anticipated Crime Books of 2020 "Addis Ababa Noir is a beautiful read, and it succeeds in the historical excavation it undertakes...[It] is a powerful collection, carefully curated and plunging unexpected depths." --New Frame "[The book's] strength is these writer's unflinching approach to reality...The other major plus is the opportunity to discover many accomplished Ethiopian writers. A book to definitely explore." --Dispatches from Ethiopia "A taut collection of thrilling stories that encompasses modes from the realistic to the uncanny." --Vol. 1 Brooklyn "Editor Maaza Mengiste takes the idea of Noir well beyond the well trod paths of crime stories. Mengiste's vision of Noir embraces myth, memory and the paranormal." --Ink19 Akashic Books continues its award-winning series of original noir anthologies, launched in 2004 with Brooklyn Noir. Each book comprises all new stories, each one set in a distinct neighborhood or location within the respective city. Brand-new stories by: Maaza Mengiste, Adam Reta, Mahtem Shiferraw, Linda Yohannes, Sulaiman Addonia, Meron Hadero, Mikael Awake, Lelissa Girma, Rebecca Fisseha, Solomon Hailemariam, Girma T. Fantaye, Teferi Nigussie Tafa, Hannah Giorgis, and Bewketu Seyoum. From the introduction by Maaza Mengiste: What marks life in Addis Ababa are the starkly different realities coexisting in one place. It's a growing city taking shape beneath the fraught weight of history, myth, and memory. It is a heady mix. It can also be disorienting, and it is in this space that the stories of Addis Ababa Noir reside... These are not gentle stories. They cross into forbidden territories and traverse the damaged terrain of the human heart. The characters in these pages are complicated, worthy of our judgment as much as they somehow manage to elude it. The writers have each discovered their own ways to get us to lean in while forcing us to grit our teeth as we draw closer... Despite the varied and distinct voices in these pages, no single book can contain all of the wonderful, intriguing, vexing complexities of Addis Ababa. But what you will read are stories by some of Ethiopia's most talented writers living in the country and abroad. Each of them considers the many ways that myth and truth and a country's dark edges come together to create something wholly original--and unsettling.

In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, Notes from the Hyena's Belly offers an unforgettable portrait of Ethiopia, and of Africa, during the

defining and turbulent years of the last century.

"Northern Ethiopia was the home to an ancient, powerful city and a kingdom called Axum. It was ruled by a king and nobles with maybe about 20,000 farmers and craftspeople who had their own system of writing, coins, and agriculture. Ships went out from Axum to trade with many other countries. Meanwhile, people from Egypt, southern Arabia, Europe, and Asia came to visit and sometimes live. A Persian writer described Axum as one of the four greatest powers in the world at the time--along with Persia, Rome, and China."--Amazon.com.

*Bilingual Early Learning & Easy Teaching Amharic Books for Kids* OromayThis is the first complete English translation of Bealu Girma's classic. Originally published in 1983 in Ethiopia, the novel served as a critical account of the Red Star Campaign, the Communist Derg government's attempt at a final comprehensive victory over the secessionist rebellion in Eritrea. A passionate and turbulent story of love and war, Oromay mocked high-level members of Ethiopia's communist regime and criticized the Derg's actions in Eritrea. The criticism contained in this incisive political allegory put Bealu in considerable danger owing to the repressive environment in which it was published. The novel was almost immediately banned after publication. Government officials attempted to confiscate all available copies but bootleg versions continued to circulate. In the aftermath, Bealu was fired from his job in Ethiopia's Ministry of Information and a few months later disappeared. It is generally believed that he was abducted and killed on the orders of government officials in retaliation for Oromay. Bealu's life had a dramatic arc of its own. Born in rural Ethiopia to an Ethiopian mother and Indian father, he was a graduate of Addis Ababa University and later studied journalism in the United States. In addition to serving as editor of several of Ethiopia's most respected magazines and newspapers (including Addis Zemen and The Ethiopian Herald) he also worked as a civil servant in Ethiopia's Ministry of Information. This position allowed him access to government officials during both the Imperial and Communist governments. Prior to Oromay, he wrote five other popular and critically-acclaimed Amharic-language novels: Beyond the Horizon, The Bell of Conscience, The Call of the Red Star, Haddis, and The Author. His integrity as a journalist, courageous criticism of repressive regimes, and martyrdom to the cause of literary freedom make him a significant figure in modern Ethiopian history and Amharic literature.Only in EthiopiaEast Africa's Rarest Animals in Amharic and EnglishDozens of animals are found only in Ethiopia, from the majestic Black Lion to the gentle Somali wild donkey. #### *Everyday Ethiopian Life in Somali and English* Algora Publishing

This anthology, which is the first of its kind ever on Ethiopian literature, aspires to provide insights into a body of literature which had been marginalized more than other post-colonial literatures. The articles collected here trace and analyze the development of Ethiopian languages and literatures from Ge'ez to the first Amharic novel, T'obbia. In an attempt to create balance, effort has also been made to incorporate representative critical works from almost all modern literary forms. This collection intends to provide readers with a general insight and an increased awareness of the richness of Ethiopian literature. The volume brings together a number of scholars and practitioners of the world whose interest in the subject matter is rivaled only by an equally compelling interest in reading and situating Ethiopian literature in the wider context of world

literature. In this sense, other scholars and interested readers will have at their disposal the means/tools to engage in inter- and intra-literary studies. Since this volume has a pre-cursorial contour, and since it is the first, it is hoped that it will engender discussion and pique the interest of the reading public.
