"Powerful methods for global investing from a dual expert on Chinese and U.S. markets Tiger Woman on Wall Street is the remarkable story of how one woman has risen to the top of the traditionally male-dominated world of finance. Raised by "tiger parents" in China in the 1980s, when the Chinese economy was just starting to boom, Junh Li came to the United States to attend college and climbed her way up to the top with a relentless personal drive and a remarkable talent for investing and finance. Tiger Woman on Wall Street is both an autobiographical tell-all and a critical review of Chinese and American

comparative cultures and economies. It gives international investors both the insight and the hard advice they need to navigate the increasing complexities of the global economy. Junheng Li runs the independent equity research firm, JL Warren Capital LLC, to advise institutional asset managers on investing in small- to mid-capitalization companies both in the U.S. and China. She was previously senior equity analyst at Aurarian Capital Management"--

 Developed in the classroom by two of the most prominent researchers in the field, Feenstra and Taylor's International Economics is a modern textbook for a modern audience. Most international economics textbooks emphasize theory

and the economies of advanced countries. Feenstra and Taylor's text anchors theoretical coverage to empirical evidence throughout, while reflecting the realities of the global economy by covering emerging markets and developing countries (India, China, Southeast Asia). The new edition has been thoroughly updated, including the latest on the Eurozone crisis.

A new text for new realities: Business Ethics & Corporate Social Responsibility charts a course for students through the unprecedented challenges and turbulence of modern business and its implications for people across the globe. Moving beyond the Anglo-American focus of existing works, the authors employ a refreshingly international perspective to leave students with a broad and reflective understanding of business ethics. A flexible 3-part structure, developed from extensive market feedback, aligns with the latest course structures, while a strong focus on environmental ethics and sustainability throughout provides market-leading coverage of this vital issue. An unparalleled range of case

studies, including chapter cases and longer premium cases supplied by HBR, Ivey and ECCH, combine with a full set of online supporting resources to make this the complete introduction to business ethics in a rapidly evolving world.
