retention. Salon owners will see younger staff learn faster reducing time that they are unprofitable and hairdressing teachers will see that it helps students meet learning targets more easily.

The Hair Colour Book

Library of Alexandria
“An excellent idea for a book. . . . Next time I spend more than \$40 on an article of clothing, I’ll run it by Linett first.” —The New York Times Book Review In a

culture where trends are born and die every minute, maintaining style and effortlessness at every age requires that little extra something—the cool factor. Being “cool” isn’t about chasing trends or defying age but about following a few key guidelines. Yes, the cool factor is a skill that can be learned! In this photo-packed guide, Andrea Linett, a famed personal stylist and founding creative

director of Lucky magazine, offers easy-to-implement, actionable tips that will change the way women dress. The tips are modeled by real-life style icons like Kim Gordon of Sonic Youth and Christene Barberich, founder of Refinery29, as Andrea highlights the ingenious ways in which they skillfully pile on layers, or dress up denim for work or a party. The book is organized into chapters that

include wardrobe classics, denim, leather, suits, dressing up, and accessories, and features style hacks that turn an outfit into a masterpiece (choosing shoes that instantly slim you, combining tough and feminine pieces, and accessorizing a day-to-night look). Packed with useful lists and examples, this guide is the would-be stylish woman's best friend.

One of the
most firmly
entrenched
beliefs of
contemporary
philosophy is

that the only
way to

Arguing that

A different type of coloring book, "S M Coloring and Shading Books" can be as challenging or as simple to color as you wish. The pictures are sketch-like and intentionally printed lighter, so that you can color over the gray.

Visit our Facebook page "S M Coloring and Shading Books" for examples, ideas, techniques and more. For a more challenging experience, use the gray shading in the picture as a guide to work on shading techniques. We like to color over or outline the darker areas with one or a few shades of a color, then color the lighter areas with a contrasting or lighter shade. For a simple

coloring experience just color the picture, the gray may show through depending on what you are coloring with and your technique, this will give some depth to the picture. You can always outline in black if you prefer that look. Art and Craft Supplies Coloring Book contains over 35 one-sided pictures of art and craft supplies to color including colored pencils, tiles, shells, glass, watercolors, rocks, tools

and more. Pull out your pastel pencils, colored pencils, crayons, markers or whatever you like and start coloring. (Some techniques may bleed through the paper so put extra paper in between if needed.) The pages are one-sided to enable you to take a picture out if needed for technique, framing, or a gift and not miss out on coloring the other side or have it bleed through. Be sure to check

out our whole line, search "S M Coloring and Shading Books."

Designed for both hairdressing students and experienced technicians, the object of this book is to unveil the visionary world of colour. This book will help you to understand the philosophy, the history, and the power of colour and, perhaps more importantly, it will also show you how, with step-by-step photo

sequences, to take the uncertainty and complexity out of colouring hair. David Adams is one of the UKs leading hair colourists and is technical director at the Aveda Salon in Harvey Nichols, London. His reputation for technical brilliance and innovation in new techniques mean he commands the utmost respect from the industry and trust from his clients. As such, he is the

ideal author of a book on hair colouring for his fellow professionals, students training as hairdressers, and those involved in teaching and training. *A Practical Guide to the Theory of Colouring Hair* Artisan Books Beauty--the book, born out of Cooper Hewitt, Smithsonian Design Museum's 2015 Triennial of the same name, curated by Andrea Lipps and Ellen Lupton-- showcases some of the

most exciting and provocative design created around the globe during the past three years. These pages aim not to emphasize the hidden beauty in the everyday--a beloved teapot or favorite shoe-- but to locate transformational beauty in contemporary design that is exuberant, ethereal, atmospheric, experiential, exceptional or sublime. Sixty-two designers represent a vast range of disciplines

from architecture, fashion, digital, graphic, and product design, to interiors, hair, nail and lighting design. The objects featured cause us to take pause, catch our breath and get lost in our pursuit to understand or explain them. Designed by the innovative Kimberly Varella, the book is itself a tactile, fluid and provocative interpretation of beauty. Varella's

design provides unexpected points of entry, playing with the concepts of beauty by using reflective surfaces, hot pink thread weaving pages together and a "heart" of the book, from which all else flows. Ethereal, Intricate, Extravagant, Transformativ e, Transgressive, Elemental and Emergent Beauty are the seven themes. Each section includes the

individual designers in conversation with the curators about her or his process and beauty's differing forms, punctuated by rich galleries of their work, generating the ultimate feast for the senses. **I Love My Hair** Butterworth-Heinemann Orange Coast Magazine is the oldest continuously published lifestyle magazine in the region, bringing together Orange County's most

to be carcinogenic — but you don't have to choose between gorgeous color and good health. Natural hair care expert Christine Shahin shows you how to use nontoxic plant pigments — henna, indigo, amla, and cassia — to color your hair naturally, whatever your hair type or ethnicity, with beautiful results! These pigments are readily available at natural food stores and

online, and they're simple, safe, easy to use, and cost-effective. With clearly written instructions and step-by-step photography, Shahin shows you exactly how to apply these pigments, alone or in combinations, to achieve a full range of shades of brown, black, and red. She also includes instructions for transitioning from chemical dyes to natural ones and for using chemical and

natural dyes together.

The coloring pages in this book have been created from professional photographs

purchased from a reliable source and converted into greyscale designs. To color them, follow the three shades of one color rule to simply color over the shades of gray for a unique experience that results in your own masterpiece that looks like a painting. Perfect for both the novice colorist and the experienced colorist! The grayscale shading will show through your transparent pigments for

beautiful results. Color over the gray, matching light and dark tones to reveal lifelike shading. Saturate the grayscale with heavy color, use the lightest of touches or simply let it be. Flood the page with vibrant brights or allow a softer color palette to emerge. As the colorist, you are free to immerse yourself in the space between black and white, and explore the many shades of your

imagination. The complex gray tones add variance and depth to your art, taking your adult coloring to the next level, resulting in pictures you'll be proud to share. It may appear a bit intimidating but these	grayscale coloring books are surprisingly simple. Just let the gray guide you when deciding where and how dark or light to color. Your image will come to life with great detail and realism. You will be amazed at the	result! Features: * Full size (8.5"x 11"), white 60 lb. paper * 50 single-sided grayscale images to color * Printed on medium weight paper * Solid bound book (NOT Spiral bound) * Fun & rewarding for all skill levels
