An account of the discovery and excavation of the French ship La Belle, shipwrecked in 1686 in Matagorda Bay, Texas.

*Lost and Found* Texas A&M University Press

In 1995, Texas Historical Commission underwater archaeologists discovered the wreck of La Salle's La Belle, remnant of an ill-fated French attempt to establish a colony at the mouth of the Mississippi River that landed instead along today's Matagorda Bay in Texas. During 1996-1997, the Commission uncovered the ship's remains under the direction of archaeologist James E. Bruseth and employing a team of archaeologists and volunteers. Amid the

shallow waters of Matagorda Bay, a steel cofferdam was constructed around the site, creating one of the most complex nautical archaeological excavations ever attempted in North America and allowing the archaeologists to excavate the sunken wreck much as if it were located on dry land. The ship's hold was discovered full of everything the would-be colonists would need to establish themselves in the New World; more than 1.8 million artifacts were recovered from the site. More than two decades in the making, due to the immensity of the find and the complexity of cataloging and conserving the artifacts, this book thoroughly documents one of the most significant North American archaeological discoveries of the twentieth century.

*Jayne Mansfield* Laurel Leaf

People today remember Jayne Mansfield as a famous Hollywood movie star. However, she starred in only three American movies before moving to low-budget European films. She was a master of publicity who appeared in newspapers across the nation almost daily. The media focused on her figure and her stormy love life. Through her constant exposure in the press, she gave the public the false impression that she was a major movie star. This book charts the captivating life and career of Jayne Mansfield. A biography overviews her rise to fame, her three marriages and five children, and her death in a grisly automobile accident at an early age. The chapters that follow are each devoted to her performances in a particular genre,

such as film, stage, and television. Each chapter contains annotated entries for her work in that media, providing cast and credit listings, plot summaries, review excerpts, and commentary. Appendices list her appearances on magazine and record covers, and an annotated bibliography discusses additional sources of information.

Runner-up, 2019 Texas Old Missions and Forts Restoration Book Award, sponsored by the Texas Old Missions and Forts Restoration Association (TOMFRA) Despite the strategic importance of the Lower Rio Grande Valley during the Civil War, the two battles fought there—the first (September 1864) and the second (May 1865) battles of Palmito Ranch—have largely faded from public

memory even as the second battle earned the title “Last Land Battle of the Civil War.” In *Palmito Ranch: From Civil War Battlefield to National Historic Landmark*, Jody Edward Ginn and William Alexander McWhorter document efforts to redress this lacuna in the popular consciousness. They offer new information about these battles while chronicling the efforts to save and preserve the battlefield site, one of the few places in Texas where the war was contested. Opening with a crisp retelling of the principal military events that unfolded at Palmito Ranch, near the Confederate port city of Brownsville, Ginn and McWhorter recount the initiative pursued by a multidisciplinary team organized largely through the efforts of the Texas Historical

Commission to study, document, and preserve this important Texas historic site. Now, visitors to the area may benefit from not only improved and expanded historical markers, but also a radio transmitter and a viewing platform, along with other interpretive aids. All this is due to the campaign spearheaded by McWhorter, Ginn, and a cohort of dedicated volunteers and professionals. Providing a case study in constituency building and public awareness raising to preserve and promote historic sites, *Palmito Ranch* will interest and educate heritage tourists, Civil War enthusiasts, and travelers to South Texas and the Lower Rio Grande Valley.

As a teenager, Toni Murphy had a life full of typical adolescent complications: a boyfriend she adored, a younger sister she couldn't relate to, a strained relationship with her parents, and classmates who seemed hell-bent on making her life miserable. Things weren't easy, but Toni could never have predicted how horrific they would

become until her younger sister was brutally murdered one summer night. Toni and her boyfriend, Ryan, were convicted of the murder and sent to prison. Now thirty-four, Toni, is out on parole and back in her hometown, struggling to adjust to a new life on the outside. Prison changed her, hardened her, and she's doing everything in her power to avoid violating her parole and going back. This means having absolutely no contact with Ryan, avoiding fellow parolees looking to pick fights, and steering clear of trouble in all its forms. But nothing is making that easy—not Ryan, who is convinced he can figure out the truth; not her mother, who doubts Toni's innocence; and certainly not the group of women who made Toni's life hell in high school and may

have darker secrets than anyone realizes. No matter how hard she tries, ignoring her old life to start a new one is impossible. Before Toni can truly move on, she must risk everything to find out what really happened that night. But in *That Night* by Chevy Stevens, the truth might be the most terrifying thing of all.

This book comprehensively surveys the colorful history of mass hysteria and kindred phenomena in schools, documenting outbreaks of demonic possession during witchcraft scares, to modern incidents of collapsing bands, itching frenzies, ghost panics and

mystery illnesses. Strange behaviors and illnesses in students are examined through the centuries. Possessed children went into trance states and began to bark like dogs in 16th and 17th century Holland; an epidemic of twitching, trembling and blackout spells swept through European schools during the latter 1800s; an outbreak of Tourette's-like symptoms struck schoolgirls in western New York in 2011-12. In addition to the US and Europe, separate chapters detail accounts from Asia, Africa, Latin America and Oceania. A variety of theories to explain outbreaks are examined.

*Love Me If You Dare* John Wiley & Sons African American Political Thought offers an unprecedented philosophical history of thinkers from the African American community and African diaspora who have addressed the central issues of political life: democracy, race, violence, liberation, solidarity, and mass political

action. Melvin L. Rogers and Jack Turner have brought together leading scholars to reflect on individual intellectuals from the past four centuries, developing their list with an expansive approach to political expression. The collected essays consider such figures as Martin Delany, Ida B. Wells, W. E. B. Du Bois, James Baldwin, Toni Morrison, and Audre Lorde, whose works are addressed by scholars such as Farah Jasmine Griffin, Robert Gooding-Williams, Michael Dawson, Nick Bromell, Neil Roberts, and Lawrie Balfour. While African American political thought is inextricable from the historical movement of American political thought, this volume stresses the individuality of Black thinkers, the transnational and diasporic consciousness, and how individual speakers and writers draw on

various traditions simultaneously to broaden our conception of African American political ideas. This landmark volume gives us the opportunity to tap into the myriad and nuanced political theories central to Black life. In doing so, African American Political Thought: A Collected History transforms how we understand the past and future of political thinking in the West.

Your Movie Sucks Simon and Schuster  
A collection of some of the Pulitzer Prize-winning film critic's most scathing reviews, from Alex & Emma to the remake of Yours, Mine, and Ours. From

Roger's review of Deuce Bigalow: European Gigolo (0 stars): "The movie created a spot of controversy in February 2005. According to a story by Larry Carroll of MTV News, Rob Schneider took offense when Patrick Goldstein of the Los Angeles Times listed this year's Best Picture nominees and wrote that they were 'ignored, unloved, and turned down flat by most of the same studios that . . . bankroll hundreds of sequels, including a follow-up to Deuce Bigalow: Male Gigolo, a film that was sadly overlooked at Oscar time because apparently nobody had the foresight to invent a category for Best Running Penis Joke Delivered by a Third-Rate Comic.' Schneider retaliated by attacking Goldstein in full-page ads in Daily Variety and the Hollywood

Reporter. In an open letter to Goldstein, Schneider wrote: "Well, Mr. Goldstein, I decided to do some research to find out what awards you have won. I went online and found that you have won nothing. Absolutely nothing. No journalistic awards of any kind . . . . Maybe you didn't win a Pulitzer Prize because they haven't invented a category for Best Third-Rate, Unfunny Pompous Reporter Who's Never Been Acknowledged by His Peers . . . ." Schneider was nominated for a 2000 Razzie Award for Worst Supporting Actor but lost to Jar-Jar Binks. But Schneider is correct, and Patrick Goldstein has not yet won a Pulitzer Prize. Therefore, Goldstein is not qualified to complain that Columbia financed Deuce Bigalow: European Gigolo while passing on the opportunity

to participate in Million Dollar Baby, Ray, The Aviator, Sideways, and Finding Neverland. As chance would have it, I have won the Pulitzer Prize, and so I am qualified. Speaking in my official capacity as a Pulitzer Prize winner, Mr. Schneider, your movie sucks." Roger Ebert's I Hated Hated Hated This Movie, which gathered some of his most scathing reviews, was a bestseller. This collection continues the tradition, reviewing not only movies that were at the bottom of the barrel, but also movies that he found underneath the barrel.
