KADENCE FARLEY

Teacher's Book Vanderbilt University Press

David Crystal's classic English as a Global Language considers the history, present status and future of the English language, focusing on its role as the leading international language. English has been deemed the most 'successful' language ever, with 1500 million speakers internationally, presenting a difficult task to those who wish to investigate it in its entirety. However, Crystal explores the subject in a measured but engaging way, always backing up observations with facts and figures. Written in a detailed and fascinating manner, this is a book written by an expert both for specialists in the subject and for general readers interested in the English language.

Magical Realism and the Remystification of Narrative CAMBRIDGE University Press

This reference and practice book contains 60 attractive two-page units featuring approximately 1,000 phrasal verbs. This new level of English Phrasal Verbs in Use is specifically designed for advanced level students looking to improve their knowledge of this often difficult area of the English language. The book includes many phrasal verbs useful to students preparing for the Cambridge CAE, CPE and IELTS examinations.

Proficiency Gold Longman

CPE Practice Tests John Wiley & Sons

Fantasy is a creation of the Enlightenment, and the recognition that excitement and wonder can be found in imagining impossible things. From the ghost stories of the Gothic to the zombies and vampires of twenty-first-century popular literature, from Mrs Radcliffe to Ms Rowling, the fantastic has been popular with readers. Since Tolkien and his many imitators, however, it has become a major publishing phenomenon. In this volume, critics and authors of fantasy look at its history since the Enlightenment, introduce readers to some of the different codes for the reading and understanding of fantasy, and examine some of the many varieties and subgenres of fantasy; from magical realism at the more literary end of the genre, to paranormal romance at the more popular end. The book is edited by the same pair who produced *The Cambridge Companion to Science Fiction* (winner of a Hugo Award in 2005).

Reinventing Reference Pearson English Language Teaching

The Cambridge Companion to Fantasy Literature Scorebuilders

Ordinary Enchantments investigates magical realism as the most important trend in contemporary international fiction, defines its characteristics and narrative techniques, and proposes a new theory to explain its significance. In the most comprehensive critical treatment of this literary mode to date, Wendy B. Faris discusses a rich array of examples from magical realist novels around the world, including the work not only of Latin American writers like Gabriel Garcia Marquez, but also of authors like Salman Rushdie, Gunter Grass, Toni Morrison, and Ben Okri. Faris argues that by combining realistic representation with fantastic elements so that the marvelous seems to grow organically out of the ordinary, magical realism destabilizes the dominant form of realism based on empirical definitions of reality, gives it visionary power, and thus constitutes what might be called a "remystification" of narrative in the West. Noting the radical narrative heterogeneity of magical realism, the author compares its cultural role to that of traditional shamanic performance, which joins the worlds of daily life and that of the spirits. Because of that capacity to bridge different worlds, magical realism has served as an effective decolonizing agent, providing the ground for marginal voices, submerged traditions, and emergent literatures to develop and create masterpieces. At the same time, this process is not limited to postcolonial situations but constitutes a global trend that replenishes realism from within. In addition to describing what many consider to be the progressive cultural work of magical realism, Faris also confronts the recent accusation that magical realism and its study as a global phenomenon can be seen as a form of commodification and an imposition of cultural homogeneity. And finally, drawing on the narrative innovations and cultural scenarios that magical realism enacts, she extends those principles toward issues of gender and the possibility of a female element within magical realism.

Four New Tests for the Revised Cambridge Certificate of Proficiency in English Cambridge University Press

Separated into seven categories for easy reference, the techniques within each chapter are applied to practice situations in a concise format for easy reference and use. The interventions illustrated include Storytelling, to enhance verbalizations in children; Expressive Art, to promote children's coping ability by using various art mediums; Game Play, to help children express themselves in a playful environment; Puppet Play, to facilitate the expression of conflicting emotions; Play Toys and Objects, to demonstrate the therapeutic use of various toys and objects in the playroom; Group Play, to offer methods and play techniques for use in group settings; and Other, to provide miscellaneous techniques that are useful in many settings. This book is a response to the evident need of clinicians for easy to use play therapy techniques. A welcome addition to the earlier collection, it is designed to help children enhance verbalization of feeling, manage anger, deal with loss and grief, and heal their wounds through the magic of play therapy. Clear and marvelously simple, this manual will be an invaluable addition to any professional's or student's library.
