This book explains, compares and assesses the legal implications of Dieselgate within a range of selected jurisdictions and at the EU, international and comparative law level. The book analyses the US EPA-VW \$14.7 billion dollar settlement of 2016, one of the largest civil settlements in the history of environmental law. As it

shows, the Dieselgate affair has raised a host of issues concerning corporate and social responsibility, tort liability, environmental liability, contractual defective products, warranty, and false environmental claims in a range of jurisdictions. Issues like repurchasing or retrofitting cars from consumers and making direct payments to consumers through car buy-backs and

compensation are analysed. Further, the book relates how Dieselgate has also contributed to the discussion about the introduction of more effective collective measures of redress for consumers, such as class actions, in Germany, France, Italy and the UK. The book subsequently reviews the criminal offences Volkswagen is currently confronted with in Germany, France and

Italy, i.e. fraud and manipulation of capital markets (by belatedly providing shareholders with essential information relevant for the share value), and, potentially, environmental crimes. It demonstrates how Dieselgate has sparked new debates in Germany, Italy, France and the UK about the need to introduce enterprise liability for organised crimes, lack of compliance

and control structures, and intentional violations of the law. Lastly, the book discusses how EU law has sought to respond to Dieselgate and thus investigates the controversial EU Regulation No. 2016/646 introducing a "temporary conformity factor" of 2.1 (equivalent to a 110% increase on the current limit) to be applied for NOx in the new RDE testing cycle, and the works

of the EU committee of inquiry into Emissions Measurements in the Automotive Sector (EMIS).

*First Fix Your Alibi* Haynes Service and Repair Manuals "This is another entertaining, laugh-out-loud, mesmerizing, and completely original installment in an excellent series" Booklist Starred Review When a major drugs dealer seeks vengeance for the death of his family, policemen Harpur and Iles must do all they can to prevent a bloodbath Following the

murder of his wife and son, tycoon drugs dealer Mansel Shale is determined to get vengeance - and he wants another drugs baron, Ralph Ember, to help him. Having heard of the movie *Strangers on a Train*, in which two men agree to undertake each other's murders as a way of preventing detection, Shale suggests he and Ralph should have a similar arrangement - and Ralph is in

no position to refuse. When he learns of the plan, Assistant Chief Constable Desmond Iles fears that if things go wrong, the hard-won peace he and Harpur have established in the city will be seriously threatened. The two top policemen find they have their work cut out to limit the damage and restore tranquility. [A Beer in the Loire](#) Haynes Publishing Frustrated by a dead end job, fed up
