A comprehensive account of Shambhala according to the Jonang school of Tibetan Buddhism. The Realm of Shambhala presents the Kalachakra Tantra's multilayered approach to Shambhala as taught by the Tibetan Buddhist Jonang tradition. Understood to be an ancient kingdom and physical place, Shambhala is also taught to be an exalted state of mind attainable through spiritual practices. Through cultivating peace and extending it into harmonious relationships with others, the transformative power of Shambhala can enter everyday life. This book provides a concise history and analysis of the term "Shambhala" as received in the Western world and provides a new interpretation of much-debated scriptural passages. It then details the tradition's perspective on the origins of Kalachakra literature and includes extensive lineage narratives of Jonang masters who have upheld this tradition in India and Tibet. Khentrul Rinpoche provides a thorough explanation of Shambhala that joins practical teachings with a cosmic vision for humanity rooted in ancient prophecy. The Kalachakra Tantra foresees a golden age of love and compassion, when the individual peace attained through Kalachakra practice spreads to humankind as a whole. The Realm of Shambhala lays out a vision for how we can cultivate an unbiased mind, overcome our collective afflictions, and usher in an era of perfect peace and harmony.

The essential "on the ground" report on the fastest-growing new threat in the Middle East, from the winner of the 2014 Foreign Affairs Journalist of the Year Award Born of the Iraqi and Syrian civil wars, the Islamic State astonished the world in 2014 by creating a powerful new force in the Middle East. By combining religious fanaticism and military prowess, the new self-declared caliphate poses a threat to the political status quo of the whole region. In *The Rise of Islamic State*, Patrick Cockburn describes the conflicts behind a dramatic unraveling of US foreign policy. He shows how the West created the conditions for ISIS's explosive success by stoking the war in Syria. The West—the US and NATO in particular—underestimated the militants' potential until it was too late and failed to act against jihadi sponsors in Saudi Arabia, Turkey and Pakistan.

The Treasury of Knowledge: Book Six, Part Four Simon and Schuster

The premiere volume of Thupten Jinpa's thirty-two-volume Library of Tibetan Classics series, inaugurated to coincide with the Dalai Lama's conferral of the initiation rite of Kalachakra in Toronto in April 2004. The Kalachakra, or "wheel of time," tantra likely entered Indian Mahayana Buddhism around the tenth century. In expounding the root tantra, the Indian master Pundarika, one of the legendary Kalki kings of the land of Shambhala, wrote his influential *Stainless Light*. *Ornament of Stainless Light* is an authoritative Tibetan exposition of this important text, composed in the fifteenth century by Khedrup Norsang Gyatso, tutor to the Second Dalai Lama. One of the central projects of Kalachakra literature is a detailed correlation between the human body and the external universe. In working out this complex correspondence, the Kalachakra texts present an amazingly detailed theory of cosmology and astronomy, especially about the

movements of the various celestial bodies. The Kalachakra tantra is also a highly complex system of Buddhist theory and practice that employs vital bodily energies, deep meditative mental states, and a penetrative focus on subtle points within the body's key energy conduits known as channels. *Ornament of Stainless Light* addresses all these topics, elaborating on the external universe, the inner world of the individual, the Kalachakra initiation rites, and the tantric stages of generation and completion, all in a highly readable English translation.

This book addresses biopsychosocial and transcultural determinants of suicide by self-immolation, populations at risk throughout the world and prevention strategies specifically designed for young women in fragile environments. Self-immolation, the act of burning oneself as a means of suicide, is rare in high-income countries, and is usually a symbolic display of political protest among men that generally receives international media coverage. In contrast, in low- and middle-income countries it is highly prevalent, primarily affects women, and may be one of the most common suicide methods in regions of Central and South Asia and parts of Africa. Psychiatric conditions, like adjustment disorders, traumatic stress disorders, and major depression, and family dynamics that include intimate partner violence, forced marriages, the threat of honor killings, and interpersonal family conflicts in a cultural context of war-related life events, poverty, forced migration and ethnic conflicts are important contributing factors. Written by over 40 academic psychiatrists from all continents, sociologists, and historians, the book covers topics such as region-specific cultural and historical factors associated with suicide; the role of religion and belief systems; marginalization, oppression, retraumatization and suicide risk; countertransference aspects of working in burn centers; responsible reporting and the media; and suicide prevention strategies to protect those at risk.

Ulaanbaatar beyond Water and Grass is the first book in the English language that takes the visitors to an in-depth exploration

of the capital of Mongolia. In the first section of the book, M. A. Aldrich paints a detailed portrait of the history, religion, and architecture of Ulaanbaatar with reference to how the city evolved from a monastic settlement to a communist-inspired capital and finally to a major city of free-wheeling capitalism and Tammany Hall politics. The second section of the book offers the reader a tour of different sites within the city and beyond, bringing back to life the human dramas that have played themselves out on the stage of Ulaanbaatar. Where most guide books often lightly discuss the capital, *Ulaanbaatar beyond Water and Grass: A Guide to the Capital of Mongolia* reveals much that remains hidden from the temporary visitor and even from the long-term resident. Writing in a quirky, idiosyncratic style, the author shares his appreciation and delight in this unique urban setting—indeed, in all things Mongolian. The book finally does justice to one of the most neglected cultural capitals in Asia. 'Combining history, ethnography, architecture, city planning, and folklore with a delightful dash of irony and personal opinion, Michael Aldrich's *Ulaanbaatar beyond Water and Grass* is an authoritative introduction to Mongolia's capital city. For first-time visitors or long-term academics, this is quite simply the best book available on Ulaanbaatar.' —Jack Weatherford, author of *Genghis Khan and the Making of the Modern World* 'The charm of this superb guide to Mongolia's mysterious capital is the exuberance and love the author bestows on his subject. Michael Aldrich's erudition is profound and all embracing, and he is as comfortable discussing abstruse aspects of Buddhism, as he is the city's history from its pastoral and feudal origins through Manchu suzerainty to Soviet communism to the wild capitalism of the present day. He never misses the opportunity for a colourful and amusing anecdote or tidbit of scandal, to relish an obscure custom, to delight in the spice in a local dish or to pause and admire the beauty of a particular artwork, building or monument. The prose rings with his idiosyncratic personality: knowledgeable, urbane and sceptical (sometimes downright cynical), but always passionate and committed. Carrying this book through Ulaanbaatar's streets, or curling into its pages on a sofa at home, he is the perfect companion—squeezing stories out of ancient stones, conjuring ghosts and elegantly baring the city's soul. *Ulaanbaatar beyond Water and Grass* will become as great a classic of travel literature for Central Asia as J. G. Links's *Venice*

for Pleasure was for Europe.' —Adam Williams, author of *The Palace of Heavenly Pleasure* 'Destined to become the quintessential introduction to Ulaanbaatar, not only in terms of the wealth of information but also in terms of the sympathetic understanding and humour the author shares with the reader. Genghis Khan would have loved it.' —Bill Porter, author of *Road to Heaven: Encounters with Chinese Hermits and Finding Them Gone: Visiting China's Poets of the Past* 'Michael Aldrich's guide to Ulaanbaatar reveals a city of religion, of revolution and, latterly, of bold new experiment. It is both a journey through the city of today as well as an imagining of the historical city now lost to development.' —Paul French, author of *The Old Shanghai A-Z* 'This is an interesting and illuminating book, providing fascinating details on the history and evolution of Mongolia's capital and largest city. It should definitely be included on the essential reading list for anyone living or working in Mongolia.' —Jonathan Adleton, Executive Director of American Center for Mongolian Studies; former US Ambassador to Mongolia; author of *Mongolia and the United States: A Diplomatic History* *Lions 316H District Directory* Notion Press

Introduction to the Kalachakra Initiation Simon and Schuster
The imperialist ambitions of China - which invaded Tibet in the late 1940s - have sparked the spectacular spread of Tibetan Buddhism worldwide, and especially in western countries. This work is a study on the malleability of a particular Buddhist tradition; on its adaptability in new contexts. The book analyses the nature of the Tibetan Buddhism in the Diaspora. It examines how the re-signification of Tibetan Buddhist practices and organizational structures in the present refers back to the dismantlement of the Tibetan state headed by the Dalai Lama and the fragmentation of Tibetan Buddhist religious organizations in general. It includes extensive multi-sited fieldwork conducted in the United States, Brazil, Europe, and Asia and a detailed analysis of contemporary documents relating to the global spread of Tibetan Buddhism. The author demonstrates that there is a "de-institutionalized" and "de-territorialized" project of political power and religious organization, which, among several other consequences, engenders the gradual "autonomization" of lamas and lineages inside the religious field of Tibetan Buddhism. Thus, a spectre of these previous institutions continues to exist outside

their original contexts, and they are continually activated in ever-new settings. Using a combination of two different academic traditions – namely, the Brazilian anthropological tradition and the American Buddhist studies tradition – it investigates the "process of cultural re-signification" of Tibetan Buddhism in the context of its Diaspora. Thus, it will be a valuable resource to students and scholars of Asian Religion, Asian Studies and Buddhism.

THE FIRST EXTENSIVE COMMENTARY TO BE GENERATED IN ENGLISH ON A TEACHING DELIVERED BY MANJUSHRI TO TSONGKHAPA For generations, The Four Mindfulnesses—of guru, bodhimind, divine body and emptiness—were taught only orally. The First Panchen Lama and Seventh Dalai Lama provided written texts, on which both of them Gelek Rinpoche has taught. The result is a rare combination that illuminates topics so central to practice. Born in Lhasa, Tibet, in 1939, bestselling author and internationally renowned Tibetan Lama Kyabje Gelek Rinpoche brings his traditional Buddhist training into strong dialogue with science, psychology, medicine, metaphysics, politics and the arts; he skillfully addresses the dilemma of living a spiritual life in a

material world. His collected works now include over 30 transcripts of his teachings, numerous articles as well as the national bestseller *Good Life, Good Death* (Riverhead Books, 2001) and *The Tara Box: Rituals for Protection and Healing from the Female Buddha* (New World Library, 2004). Rinpoche is a U.S. citizen and lives in Ann Arbor, Michigan. In 1988, Rinpoche founded Jewel Heart, a Tibetan Buddhist Center with chapters in the US, Europe and Asia. Jewel Heart offers a multi-layered program for spiritual development, including weekly webcasts, annual retreats and special events. The organization also supports senior lamas and the training of young monks, a children's school and orphanage, and Buddhist performing arts tours. Sales from the Jewel Heart Store support Tibetan refugees and monasteries in India and Nepal. Gelek Rinpoche has consistently shown resiliency and flexibility of character and sound understanding of selflessness. He can be an elegant lama in a formal setting . . . a wise advisor in another setting . . . a loyal and creative colleague in the endless work of seeing to the continuing usefulness of the Dharma. —Robert A.F. Thurman Gelek Rinpoche's mix of astute psychological insight, extraordinary intellect, and great compassion—plus delightful wit—makes him a wonderful, wise spiritual friend and guide. —Daniel Goleman Gelek Rinpoche constantly shows wisdom, gentleness, depth, rascality, humor, spaciousness, and the spiritual side to everyday life. —Ram Dass

In lectures and tours around the world he has touched people's hearts, transcending religious, national and political barriers by the simplicity, profundity and great-heartedness of his message - that of universal responsibility and great compassion. In this small booklet he explains with utter clarity and reasoning why compassion is so inseparable from our human nature and how at any moment we can tap into and develop this birthright.

This edited volume discusses mediatized religion in Asia,

examining the intensity and variety of constructions and processes related to digital media and religion in Asia today. Individual chapters present case studies from various regions and religious traditions in Asia, critically discussing the data collected in light of current mediatization theories. By directing the study to the geographical, cultural and religious contexts specific to Asia, it also provides new material for the theoretical discussion of the pros and cons of the concept mediatization, among other things interrogating whether this concept is useful in non-'Western' contexts."

Kalachakra is a system of highest tantra practice for overcoming the limitations imposed by historical, astrological, and biological cycles so as to become a Buddha for the benefit of all. His Holiness the Dalai Lama and other great Tibetan teachers have been conferring the Kalachakra initiation in the West, empowering prepared practitioners to engage in its meditations. Large numbers of people also attend this initiation as interested observers and gain inspiration for their spiritual growth. Introduction to the Kalachakra Initiation explains on a practical level and in everyday language the theory of tantra, the vows, commitments, and their implications, the factors to consider in deciding if one is ready to attend a Kalachakra initiation as a participant, how to visualize during the initiation, and the most important thoughts and feelings for participants and observers at each step of the empowerment. In preparing this guidebook, Alexander Berzin has done a great service to everyone interested in the Kalachakra initiation. It will help people to prepare for the ceremony and understand the essential points of each step of the procedure.

ISIS and the New Sunni Revolution Simon and Schuster

The vast majority of monasteries in Tibet and nearly all of the monasteries in Mongolia belong to the Geluk school of Tibetan Buddhism, best known through its symbolic head, the Dalai Lama. Historically, these monasteries were some of the largest in the world, and even today some Geluk monasteries house thousands of monks, both in Tibet and in exile in India. In *Building a Religious Empire*, Brenton Sullivan examines the school's

expansion and consolidation of power along the frontier with China and Mongolia from the mid-seventeenth through the mid-eighteenth centuries to chart how its rise to dominance took shape. In contrast to the practice in other schools of Tibetan Buddhism, Geluk lamas devoted an extraordinary amount of effort to establishing the institutional frameworks within which everyday aspects of monastic life, such as philosophizing, meditating, or conducting rituals, took place. In doing so, the lamas drew on administrative techniques usually associated with state-making—standardization, record-keeping, the conscription of young males, and the concentration of manpower in central cores, among others—thereby earning the moniker "lama official," or "Buddhist bureaucrat." The deployment of these bureaucratic techniques to extend the Geluk "liberating umbrella" over

increasing numbers of lands and peoples leads Sullivan to describe the result of this Geluk project as a "religious empire." The Geluk lamas' privileging of the monastic institution, Sullivan argues, fostered a common religious identity that insulated it from factionalism and provided legitimacy to the Geluk project of conversion, conquest, and expansion. Ultimately, this system succeeded in establishing a relatively uniform and resilient network of thousands of monasteries stretching from Nepal to Lake Baikal, from Beijing to the Caspian Sea.
