## HUERTA REILLY

**Motherhood, Fatherland, and Primo Levi** Troubador Publishing Ltd

As one of the best-known survivors of the concentration camps, Primo Levi's testimony to his experiences in Auschwitz is internationally recognised as one of the most significant works of the last century. This volume examines each of Levi's works in detail, assessing and analysing the influence of Levi's time in Auschwitz on his writing. It identifies a variety of thematic, temporal, stylistic and linguistic echoes of Levi's concentration camp testimony, and traces these echoes throughout his subsequent, apparently unrelated, work. The book provides original and fascinating insights into the works of this remarkable writer, giving readers a new understanding and perspective on the immense significance and the pervasive influence of the holocaust on Levi's creative output.

*The Reception of Holocaust Films and TV Programmes in Italy, 1945 to the Present* Cambridge Scholars Publishing

Primo Levi has been identified in the public mind as the supreme witness to the barbarism that was the Nazi Holocaust but he was ambivalent about having that role thrust upon him. He also wished to be judged as a writer who, in addition to the autobiographical works on his experiences in the death camps, wrote poetry, produced volumes of sci-fi stories, authored novels and contributed critical essays to newspapers on a range of topics and writers. No one has the right to ignore or downplay the 'testimony' Primo Levi offered, but it is time to examine the wider vision inherent in his work and to explore the tradition in which he operated. Levi was one of the great wisdom writers of his age,

whose ethical authority, somewhat to his own embarrassment, was accepted in many fields. Several contributors to this collection of essays see him as a proponent of Enlightenment values, or as heir to a longer Humanist tradition. Even after enduring Auschwitz, he held fast to a notion of the dignity of the human person, and no man did more to re-establish, however quizzically, the secular basis for such beliefs. His overall standing as writer is the subject of this book.

*Historical Dictionary of Holocaust Cinema* Peter Lang

"This thesis discusses the role of language in Primo Levi's *Se questo è un uomo* and *La tregua*. On the basis of Levi's conviction that language and communication are an essential part of civilized human existence, such critics as Brian Cliff, Patricia Sayre and Linnea Vacca have focused on the role of language in the destruction of the human being in concentration camps, while Valerio Ferme and Fabio Girelli-Carasi have also underlined the power of language to regenerate a sense of humanity in Auschwitz and after. This paper attempts to integrate these two approaches to the early work of Primo Levi, and illustrates the process of linguistic destruction in Auschwitz on the one hand, and the subsequent rebirth of communication both within Auschwitz and on Levi's long journey home, on the other. Levi's attention to language and communication provides a focus which separates his work from that of other witnesses and provides a unique vantage point from which to view his Auschwitz experience." --

**The Austere Humanist** Springer

Among the first written accounts of the concentration camps—a major literary and historical discovery. While in a Russian-administered holding camp in Katowice, Poland, in 1945, Primo Levi was asked to provide a report on living conditions in

Auschwitz. Published the following year, it was subsequently forgotten and remained unknown to a wider public. Dating from the weeks and months immediately after the war, *Auschwitz Report* details the authors' harrowing deportation to Auschwitz, and how those who disembarked from the train were selected for work or extermination. As well as being a searing narrative of everyday life in the camp, and the organization and working of the gas chambers, it constitutes Levi's first lucid attempts to come to terms with the raw horror of events that would drive him to create some of the greatest works of twentieth-century literature and testimony. *Auschwitz Report* is a major literary and historical discovery.

*Italian Film in the Shadow of Auschwitz* University of Toronto Press

In his final book before his death, Primo Levi returns once more to his time at Auschwitz in a moving meditation on memory, resiliency, and the struggle to comprehend unimaginable tragedy. Drawing on history, philosophy, and his own personal experiences, Levi asks if we have already begun to forget about the Holocaust. His last book before his death, Levi returns to the subject that would define his reputation as a writer and a witness. Levi breaks his book into eight essays, ranging from topics like the unreliability of memory to how violence twists both the victim and the victimizer. He shares how difficult it is for him to tell his experiences with his children and friends. He also debunks the myth that most of the Germans were in the dark about the Final Solution or that Jews never attempted to escape the camps. As the Holocaust recedes into the past and fewer and fewer survivors are left to tell their stories, *The Drowned and the Saved* is a vital first-person testament. Along with Elie Wiesel and Hannah Arendt, Primo Levi is remembered as one of the most

powerful and perceptive writers on the Holocaust and the Jewish experience during World War II. This is an essential book both for students and literary readers. Reading Primo Levi is a lesson in the resiliency of the human spirit.

*Posthumanist Reflections* Taylor & Francis

La tregua, continuación de Si esto es un hombre, es el libro del retorno, una odisea de la Europa entre la guerra y la paz escrita por Primo Levi en 1963, con la perspectiva de los años. Y es que, por razones que nunca se aclararon, la repatriación del puñado de supervivientes italianos de Auschwitz llevó mucho tiempo, y fue la culminación de un viaje tortuoso y absurdo por Polonia, Rusia, Ucrania, Rumanía y Hungría. La tregua despliega ante el atónito lector la infinita riqueza de la humanidad, ahora sí empeñada en sobrevivir, con sus pícaros y sus payasos, sus bandidos y sus nostálgicos del recién sucumbido régimen, sus devotos, sus exaltados, sus aspirantes, sus nuevas víctimas. Todo ello a través de los mercados clandestinos de Cracovia, los cuarteles del Ejército Rojo, la vasta tierra rusa permeada de gloria y de miseria, los bosques vírgenes, las borracheras de la soldadesca y las añoranzas de los italianos camino de casa. Esta es la crónica de un gigantesco esfuerzo colectivo, la historia de un éxito: la larga marcha de España hacia Europa, esto es, hacia la modernidad. Así presenta Joaquín Estefanía este volumen, que recoge el fruto de muchos años de atención, desde un observatorio privilegiado, al devenir de los acontecimientos políticos y económicos de España. En estas páginas, enmarcadas por un nuevo prólogo que analiza la evolución de la Unión Europea en el tiempo transcurrido desde la primera redacción de la obra, desemboca buena parte de la labor periodística realizada por el autor para el diario *Informaciones* y el semanario *Cuadernos para el Diálogo*, para *Cinco Días* y, sobre todo, para *El País*, en lo que constituye un viaje por la búsqueda del sueño europeo, y una reflexión sobre por qué sigue valiendo la pena perseguirlo. La larga marcha es, al mismo tiempo, un relato político y económico, un ensayo hemerográfico, un documento sociológico, una crónica periodística y un testimonio; pero su autor desea que se lea, ante todo, como "una mirada al servicio de la memoria y, con toda humildad, también de la historia de este último medio siglo que ha sido para buena parte de las distintas generaciones de ciudadanos españoles una suerte de utopía factible: Europa".

**National Cinema in the Postmodern Age** Verso Books

Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the authors, works, translators, and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco, and more recently, Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's *Italian Literature before 1900 in English Translation*, also published by University of Toronto Press in 2011, this volume makes comprehensive information on translations from Italian accessible for schools, libraries, and those interested in comparative literature.

*The Legacy of Primo Levi* Macmillan

Primo Levi (1919-87) was the author of a rich body of work, including memoirs and reflections on Auschwitz, poetry, science fiction, historical fiction and essays. In particular, his lucid and direct accounts of his time at Auschwitz, begun immediately after liberation in 1945 and sustained until weeks before his suicide in 1987, has made him one of the most admired of all Holocaust writer-survivors and one of the best guides we have for the interrogation of that horrific event. But there is also more to Levi than the voice of the witness. He has increasingly come to be recognised as one of the major literary voices of the twentieth century. This Companion brings together leading specialists on Levi and scholars in the fields of Holocaust studies, Italian literature and language, and literature and science, to offer a stimulating introduction to all aspects of the work of this extraordinary writer.

*Approaches to Teaching the Works of Primo Levi* University of Toronto Press

This superb collection presents more than forty incisive portraits of leading Jewish thinkers, artists, scientists, and other public figures of the last hundred years who, in their own unique ways, engaged with and helped shape the modern world. *Makers of Jewish Modernity* features entries on political figures such as Walther Rathenau, Rosa Luxemburg, and David Ben-Gurion; philosophers and critics such as Walter Benjamin, Hannah Arendt, Isaiah Berlin, Jacques Derrida, and Judith Butler; and artists such as Mark Rothko. The book provides fresh insights into the lives and careers of novelists like Franz Kafka, Saul Bellow, and Philip Roth; the filmmakers Joel and Ethan Coen; social scientists such

as Sigmund Freud; religious leaders and thinkers such as Avraham Kook and Martin Buber; and many others. Written by a diverse group of leading contemporary scholars from around the world, these vibrant and frequently surprising portraits offer a global perspective that highlights the multiplicity of Jewish experience and thought. A reference book like no other, *Makers of Jewish Modernity* includes an informative general introduction that situates its subjects within the broader context of Jewish modernity as well as a rich selection of photos.

*Before and after Auschwitz* Simon and Schuster

A biography of the Italian chemist and writer discusses his divided internal life, his experience in Auschwitz, his need to tell the world about the Holocaust, and the international devastation at his apparent suicide.

*The Reawakening (La Tregua)* Routledge

In this work, Marcus interprets a body of work that managed to transcend the decline of Italian cinema's prominence within the industry during the last two decades of the 20th-century.

**New Reflections on Primo Levi** University of Chicago Press  
Ethics after Auschwitz? Primo Levi's and Elie Wiesel's Response demonstrates how, after their horrific experiences in Auschwitz, both Primo Levi and Elie Wiesel could have deservedly expressed rage and bitterness for the rest of their lives. Housed in the same barracks in the depths of hell, a dark reality surpassing Dante's vivid images portrayed in *The Inferno*, they chose to speak, write, and work for a better world, never allowing the memory of those who did not survive to fade. Why and how did they make this choice? What influenced their values before Auschwitz and their moral decision making after it? What can others who have suffered less devastating traumas learn from them? «The quest is in the question», Wiesel often tells his students. This book is a quest for hope and goodness emerging from the Shoah's deepest «night».

*Ethics After Auschwitz?* JHU Press

The book is an against-the-grain study of Primo Levi's lifelong concerns about agency, both personal and political. It moves from fresh readings of his lesser-known short story and novels to a major reinterpretation of the testimonial works at the center of his legacy.

**The Reawakening** Cambridge University Press

First published in English in 1965, "The Reawakening" is Primo

Levi's bestselling sequel to his classic memoir of the Holocaust, "Survival in Auschwitz." The inspiring story of Levi's liberation from the German death camp in January 1945 by the Red Army, it tells of his strange and eventful journey home to Italy by way of the Soviet Union, Hungary, and Romania. Levi's railway travels take him through bombed-out cities and transit camps, with keen insight he describes the former prisoners and Russian soldiers he encounters along the way. An extraordinary account of faith, hope, and undying courage, "The Reawakening" was praised by Irving Howe as "a remarkable feat of literary craft."

*Primo Levi, a Biography* Simon and Schuster

La tregua Grupo Planeta Spain

**Makers of Jewish Modernity** Simon and Schuster

"All art and the love of art," Victor Brombert writes at the beginning of the deeply personal *Musings on Mortality*, "allow us to negate our nothingness." As a young man returning from World War II, Brombert came to understand this truth as he immersed himself in literature. Death can be found everywhere in literature, he saw, but literature itself is on the side of life. With delicacy and penetrating insight, Brombert traces the theme of mortality in the work of a group of authors who wrote during the past century and a half, teasing out and comparing their views of death as they emerged from vastly different cultural contexts. Leo Tolstoy, Thomas Mann, Franz Kafka, Virginia Woolf, Albert Camus, Giorgio Bassani, J. M. Coetzee, and Primo Levi—these are the writers whose works Brombert plumbs, illuminating their views on the meaning of life and the human condition. But there is more to their work, he shows, than a pervasive interest in mortality: they wrote not only of physical death but also of the threat of moral and spiritual death—and as the twentieth century progressed, they increasingly reflected on the traumatic events of their times and the growing sense of a collective historical tragedy. He probes the individual struggle with death, for example, through

Tolstoy's Ivan Ilych and Mann's Aschenbach, while he explores the destruction of whole civilizations in Bassani, Camus, and Primo Levi. For Kafka and Woolf, writing seems to hold the promise of salvation, though that promise is seen as ambiguous and even deceptive, while Coetzee, writing about violence and apartheid South Africa, is deeply concerned with a sense of disgrace. Throughout the book, Brombert roots these writers' reflections in philosophical meditations on mortality. Ultimately, he reveals that by understanding how these authors wrote about mortality, we can grasp the full scope of their literary achievement and vision. Drawing deeply from the well of Brombert's own experience, *Musings on Mortality* is more than mere literary criticism: it is a moving and elegant book for all to learn and live by.

*The Drowned and the Saved* Univ of South Carolina Press

"This book examines how Holocaust has been and continues to be presented in film, including documentaries, feature films, and television productions. It contains a chronology of events to give the films and their reception a historical context, as well as an introductory essay, a bibliography, a filmography of more than 600 titles, and more than 100 cross-referenced dictionary entries on films, directors, and historical figures. Foreign-language, experimental, and canonical films are included."--Back cover.

*The Truce* St. Martin's Press

This collection represents some of the latest research on Primo Levi, the famous Auschwitz survivor Italian author, in the field of Italian Studies, Holocaust Studies, Jewish Studies, literary theory, philosophy, and ethics. The author has collected an impressive group of scholars, including Ian Thomson, who has published a well-received biography of Levi in the UK (a US edition is due this year); Alexander Stille, who is a staff writer for the *New Yorker* as well as for the *New York Times* (he is also the author of *Benevolence and Betrayal: Five Italian Jewish Families under Fascism*); and David Mendel, who knew Levi and had an

extensive correspondence with the Italian writer. There are four essays on Levi's complex and fertile theory of the 'Gray Zone' and further essays on the myriad aspects of this thought. This is an excellent collection with new perspectives and interpretations of the life and work of Primo Levi.

**Auschwitz Report** Princeton University Press

Primo Levi, Holocaust survivor and renowned memoirist, is one of the most widely read writers of post-World War II Italy. His works are characterized by the lean, dispassionate eloquence with which he approaches his experience of incarceration in Auschwitz. His memoirs--as well as his poetry and fiction and his many interviews--are often taught in several fields, including Jewish studies and Holocaust studies, comparative literature, and Italian language and literature, and can enrich the study of history, psychology, and philosophy. The first part of this volume provides instructors with an overview of the available editions, anthologies, and translations of Levi's work and identifies other useful classroom aids, such as films, music, and online resources. In the second part, contributors describe different approaches to teaching Levi's work. Some, in presenting *Survival in Auschwitz*, *The Reawakening*, and *The Drowned and the Saved*, look at the place of style in Holocaust testimony and the reliability of memory in autobiography. Others focus on questions of translation, complicated by the untranslatable in the language and experiences of the concentration camps, or on how Levi incorporates his background as a chemist into his writing, most clearly in *The Periodic Table*.

*The Role of Intellectuals in Contemporary Italy* Berg

Containing almost 600 entries, this impressive 2-volume reference presents detailed and authoritative treatment of the field of Italian literature, with attention both to the work and influence of individual writers of all genres and to movements, styles, and critical approaches.
