More than 160 tales from eighty tribal groups gives us a rich and lively panorama of the Native

American mythic heritage. From across the continent comes tales of creation and love; heroes and war; animals, tricksters, and the end of the world. In addition to mining the best folkloric sources of the nineteenth century, the editors have also included a broad selection of contemporary Native American voices. With black-and-white illustrations throughout

Selected and edited by Richard Erdoes and Alfonso Ortiz Part of the Pantheon Fairy Tale and Folklore Library

Delta

A sweeping, lyrical tale of historical fiction that tells the unbelievable story of the early days of the Mormon church through the eyes of the woman who saw it all—Emma, the first wife of the prophet Joseph Smith. In 1825, in rural Pennsylvania, Emma Hale marries an itinerant treasure-digger, a man who has nothing but a peep-stone in his pocket and a conviction that he can speak directly to God. His name is Joseph Smith and in a few short years, he will found his own

religion, gather zealous adherents by the tens of thousands, and fracture Emma's life and faith. While the Mormon religion finds its feet and runs beyond the grasp of its founder, Emma struggles to maintain her place in Joseph's heart—and in the religion that has become her world. The Mormons make themselves outcasts everywhere they go. Joseph can only maintain his authority by issuing ever-stranger commandments on God's behalf, culminating in an edict that men should

marry as many women as they please. The Mormons' adoption of polygamy only sets them further apart, and soon their communities are ravaged by violence at the hands of their outraged fellow Americans. For Emma, things take a more personal toll as Joseph brings in a new wife—a woman whom Emma considers a sister. As Emma's family grows along with Joseph's infamy, she knows there will never be peace until Joseph faces the law. But

on the half-wild edge of the frontier, he's more likely to find death at the hands of a vigilante posse than a fair trial. For the sake of her people—and her soul—Emma must convince the Prophet of God to surrender... and perhaps to sacrifice his life.

Introduction to Business

HarperCollins

NEW YORK TIMES

BESTSELLER "An eerie and beautiful novel . . . Its secrets continue to reveal themselves long after the book has been finished."—The New York

Times Book Review The sun is rising over Moat County, Florida, when Sheriff Thurmond Call is found on the highway, gutted like an alligator. A local redneck is tried, sentenced, and set to fry. Then Ward James, hotshot investigative reporter for the Miami Times, returns to his rural hometown with a death row femme fatale who promises him the story of the decade. She's armed with explosive evidence, aiming to free—and meet—her convicted "fiancé." With Ward's

disillusioned younger brother Jack as their driver, they barrel down Florida's back roads and seamy places in search of The Story, racing flat out into a shocking head-on collision between character and fate as truth takes a back seat to headline news. Now a major motion picture directed by Lee Daniels starring Matthew McConaughey, Zac Efron, David Oyelowo, and Macy Gray, with John Cusack and Nicole Kidman Praise for The Paperboy "Dexter is a writer who cuts to the

bone. There is not a spare word in this searing tale. . . . A bravura performance by one of America's most original and elegiac voices."—People "Hip, hard-boiled and filled with memorable eccentrics . . . The Paperboy burns with the phosphorescent atmosphere of betrayal."—Time "A wise and fascinating tale well told."—Entertainment Weekly  
*The Gullah People and Their African Heritage*  
 Macmillan  
 A high-stakes, gripping survival novel from Steve

Watkins, set during the Vietnam War.  
Men of Mark in Connecticut  
 Macmillan  
 The contributors to Monster Theory consider beasts, demons, freaks and fiends as symbolic expressions of cultural unease that pervade a society and shape its collective behavior. Through a historical sampling of monsters, these essays argue that our fascination for the monstrous testifies to our continued desire to explore difference and prohibition.

Fifteen-year-old Caleb's  
courageous commitment  
to justice grows as he  
faces a power struggle  
with his father, fights to

keep both his temper and  
self-respect in dealing  
with whites, and puzzles  
over the German  
prisoners of war brought  
to his rural Georgia  
community during World  
War II.

*The Prophet's Wife*

Springer Nature

The United States faces a  
growing crisis in care. The  
number of people needing  
care is growing while the  
ranks of traditional  
caregivers have shrunk.  
The status of care workers  
is a critical concern.  
Evelyn Nakano Glenn  
offers an innovative

interpretation of care  
labor in the United States  
by tracing the roots of  
inequity along two  
interconnected strands:  
unpaid caring within the  
family; and slavery,  
indenture, and other  
forms of coerced labor. By  
bringing both into the  
same analytic framework,  
she provides a convincing  
explanation of the  
devaluation of care work  
and the exclusion of both  
unpaid and paid care  
workers from critical  
rights such as minimum  
wage, retirement benefits,  
and workers'

compensation. Glenn reveals how assumptions about gender, family, home, civilization, and citizenship have shaped the development of care labor and been incorporated into law and social policies. She exposes the underlying systems of control that have resulted in women—especially immigrants and women of color—performing a disproportionate share of caring labor. Finally, she examines strategies for improving the situation of unpaid family caregivers

and paid home healthcare workers. This important and timely book illuminates the source of contradictions between American beliefs about the value and importance of caring in a good society and the exploitation and devalued status of those who actually do the caring.

**Policies, Paradigms, and Entanglements, 1890s-1980s** Scholastic Press

The world's most comprehensive, well documented and well illustrated book on this

subject. With extensive subject and geographical index. 66 photographs and illustrations - mostly color. Free of charge in digital PDF format on Google Books.

*Dismantling Contemporary Deficit Thinking* Oxford University Press

Deficit thinking is a pseudoscience founded on racial and class bias. It "blames the victim" for school failure instead of examining how schools are structured to prevent poor students and students of color from

learning. Dismantling Contemporary Deficit Thinking provides comprehensive critiques and anti-deficit thinking alternatives to this oppressive theory by framing the linkages between prevailing theoretical perspectives and contemporary practices within the complex historical development of deficit thinking. Dismantling Contemporary Deficit Thinking examines the ongoing social construction of deficit thinking in three aspects

of current discourse - the genetic pathology model, the culture of poverty model, and the "at-risk" model in which poor students, students of color, and their families are pathologized and marginalized. Richard R. Valencia challenges these three contemporary components of the deficit thinking theory by providing incisive critiques and discussing competing explanations for the pervasive school failure of many students in the nation's public schools. Valencia also

discusses a number of proactive, anti-deficit thinking suggestions from the fields of teacher education, educational leadership, and educational ethnography that are intended to provide a more equitable and democratic schooling for all students.

*A History of American Magazines: 1865-1885*  
Anchor

The Cambridge History of American Poetry offers a comprehensive exploration of the development of American poetic traditions from

their beginnings until the end of the twentieth century. Bringing together the insights of fifty distinguished scholars, this literary history emphasizes the complex roles that poetry has played in American cultural and intellectual life, detailing the variety of ways in which both public and private forms of poetry have met the needs of different communities at different times. The Cambridge History of American Poetry recognizes the existence of multiple

traditions and a dramatically fluid canon, providing current perspectives on both major authors and a number of representative figures whose work embodies the diversity of America's democratic traditions.

*A Cookbook: Embracing the Joys of Imperfection and Practicing Self-Care in the Kitchen* Harvard University Press

Introduction to Business covers the scope and sequence of most introductory business courses. The book

provides detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and managing change. Introduction to Business includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills

necessary for student success in this course and beyond.

An entertaining, surprising, and ultimately inspiring look at what happens when we talk to strangers, and why it affects everything from our own health and well-being to the rise and fall of nations in the tradition of Susan Cain's *Quiet* and Yuval Noah Harari's *Sapiens* "This lively,

searching work makes the case that welcoming 'others' isn't just the bedrock of civilization, it's the surest path to the best of what life has to offer."—Ayad Akhtar, Pulitzer Prize-winning author of *Homeland Elegies* In our cities, we stand in silence at the pharmacy and in check-out lines at the grocery store, distracted by our phones, barely acknowledging one another, even as rates of loneliness skyrocket. Online, we retreat into ideological silos reinforced

by algorithms designed to serve us only familiar ideas and like-minded users. In our politics, we are increasingly consumed by a fear of people we've never met. But what if strangers—so often blamed for our most pressing political, social, and personal problems—are actually the solution? In *The Power of Strangers*, Joe Keohane sets out on a journey to discover what happens when we bridge the distance between us and people we don't know. He learns that while we're

wired to sometimes fear, distrust, and even hate strangers, people and societies that have learned to connect with strangers benefit immensely. Digging into a growing body of cutting-edge research on the surprising social and psychological benefits that come from talking to strangers, Keohane finds that even passing interactions can enhance empathy, happiness, and cognitive development, ease loneliness and isolation, and root us in the world, deepening our

sense of belonging. And all the while, Keohane gathers practical tips from experts on how to talk to strangers, and tries them out himself in the wild, to awkward, entertaining, and frequently poignant effect. Warm, witty, erudite, and profound, equal parts sweeping history and self-help journey, this deeply researched book will inspire readers to see everything—from major geopolitical shifts to trips to the corner store—in an entirely new light, showing them that talking

to strangers isn't just a way to live; it's a way to survive.

*On Blood Road (a Vietnam War Novel)* U of Minnesota Press

This first report deals with some of the major development issues confronting the developing countries and explores the relationship of the major trends in the international economy to them. It is designed to help clarify some of the linkages between the international economy and domestic strategies in the developing countries

against the background of growing interdependence and increasing complexity in the world economy. It assesses the prospects for progress in accelerating growth and alleviating poverty, and identifies some of the major policy issues which will affect these prospects.

**Heidi Klum by Rankin**

Workman Publishing

The 1646 Treaty of Peace with Necotowance in Virginia fundamentally changed relationships between Native Americans and the English settlers of Virginia.

Virginians were unique in their interaction with Native peoples in part because of their tributary system, a practice that became codified with the 1646 Treaty of Peace with the former Powhatan Confederacy. This book traces English establishment of tributary status for its Native allies and the phrasing and concept of foreign Indians for non-allied Natives. Kristalyn Marie Shefveld examines Anglo-Indian interactions through the conception of Native tributaries to the

Virginia colony, with particular emphasis on the colonial and tributary and foreign Native settlements of the Piedmont and southwestern Coastal Plain between 1646 and 1722. Shefveld contends that this region played a central role in the larger narrative of the colonial plantation South and of the Indian experience in the Southeast. The transformation of Virginia from edgling colony on the outpost of empire to a frontier model of English

society was influenced significantly by interactions between the colonizers and Natives. Many of the powerful families that emerged to dominate Virginia's history gained their start through Native trade and diplomacy in this transformative period, particularly through the Byrd family, whose members emerged as key figures in trade, slavery, diplomacy, and conversion. By the second half of the seventeenth century, the transformation of Virginia

set forth political, economic, racial, and class distinctions that typified the state for the next three centuries. *Finnegans Wake* Pantheon Reels for 1973- include Time index, 1973- **A Novel** MIT Press By showing that kitchen skill, and not budget, is the key to great food, Good and Cheap will help you eat well—really well—on the strictest of budgets. Created for people who have to watch every dollar—but particularly those living on the U.S. food stamp

allotment of \$4.00 a day—Good and Cheap is a cookbook filled with delicious, healthful recipes backed by ideas that will make everyone who uses it a better cook. From Spicy Pulled Pork to Barley Risotto with Peas, and from Chorizo and White Bean Ragù to Vegetable Jambalaya, the more than 100 recipes maximize every ingredient and teach economical cooking methods. There are recipes for breakfasts, soups and salads, lunches, snacks, big batch

meals—and even desserts, like crispy, gooey Caramelized Bananas. Plus there are tips on shopping smartly and the minimal equipment needed to cook successfully. And when you buy one, we give one! With every copy of Good and Cheap purchased, the publisher will donate a free copy to a person or family in need. Donated books will be distributed through food charities, nonprofits, and other organizations. You can feel proud that your purchase of this book

supports the people who need it most, giving them the tools to make healthy and delicious food. An IACP Cookbook Awards Winner.

**The Career of Frank A. Munsey** Workman Publishing

Surviving a violent past to become the wife of the much-younger General Bonaparte, Josephine, an exotic Caribbean-Creole woman, rises even further in status when her husband crowns himself emperor but is unable to forget a mysterious stranger who won her

heart in girlhood. 75,000 first printing.

**A Bicentennial Story, 1793-1993** World Bank Publications

This study reinterprets a crucial period (1870s-1920s) in the history of women's rights, focusing attention on a core contradiction at the heart of early feminist theory. At a time when white elites were concerned with imperialist projects and civilizing missions, progressive white women developed an explicit racial ideology to promote their cause,

defending patriarchy for "primitives" while calling for its elimination among the "civilized." By exploring how progressive white women at the turn of the century laid the intellectual groundwork for the feminist social movements that followed, Louise Michele Newman speaks directly to contemporary debates about the effect of race on current feminist scholarship. "White Women's Rights is an important book. It is a fascinating and informative account of the

numerous and complexities which bound feminist thought to the practices and ideas which shaped and gave meaning to America as a racialized society. A compelling read, it moves very gracefully between the general history of the feminist movement and the particular histories of individual women."--Hazel Carby, Yale University  
*The Racial Origins of Feminism in the United States* Routledge  
 The Gullah people are one of our most distinctive cultural groups. Isolated

off the South Carolina-Georgia coast for nearly three centuries, the native black population of the Sea Islands has developed a vibrant way of life that remains, in many ways, as African as it is American. This landmark volume tells a multifaceted story of this venerable society, emphasizing its roots in Africa, its unique imprint on America, and current threats to its survival. With a keen sense of the limits to establishing origins and tracing adaptations, William S. Pollitzer discusses such

aspects of Gullah history and culture as language, religion, family and social relationships, music, folklore, trades and skills, and arts and crafts.

Readers will learn of the indigo- and rice-growing skills that slaves taught to their masters, the echoes of an African past that are woven into baskets and

stitched into quilts, the forms and phrasings that identify Gullah speech, and much more. Pollitzer also presents a wealth of data on blood composition, bone structure, disease, and other biological factors. This research not only underscores ongoing health challenges to the Gullah people but also

helps to highlight their complex ties to various African peoples. Drawing on fields from archaeology and anthropology to linguistics and medicine, *The Gullah People and Their African Heritage* celebrates a remarkable people and calls on us to help protect their irreplaceable culture.
