Discover the real sources of many of the traditions, beliefs, and techniques of modern Witchcraft! And what author Raven Grimassi reveals in Hereditary Witchcraft is the documented ancient roots of the Old Religion. One-by-one, Grimassi goes through the tenets of Witchcraft and shows their ancient sources. The association of the pentagram with Witchcraft goes back at least 2,500 years. The idea of the four elements goes back to a philosopher named Empedocles of Sicily in around 475 B.C.E. The practice of many covens today of having a Priestess, Priest, and Maiden can be traced back over 2,000 years to ancient Pompeii. This book is filled with history, myth, and folklore. But it is also filled with rituals and techniques that you can do. On these pages you will learn how to prepare and banish a magic circle. You'll learn rituals you can do by yourself, including those for the Solstices, Diana's Day, and Cornucopia. With this information you can become a follower of the Old Ways! Of course, one of the most famous aspects of Witchcraft is magick. Grimassi doesn't disappoint here, either. You'll learn runic magick and divination; you'll learn about doing magick with the Moon and stars; you'll learn secret symbols and the powers of herbs. If you are a Witch--or you're thinking about becoming a Witch--this is one of the most important books you could possibly have. You'll find the documentation to support the antiquity of your beliefs and the way Witchcraft is practiced today. This book is both a guide for everyday life and a resource to discover Wiccan origins. If you don't have a copy of this book, get one today. You'll use it for the rest of your life.

Hereditary Witchcraft Simon and Schuster

This accessible study of Northern European shamanistic practice, or seidr, explores the way in which the ancient Norse belief systems evoked in the Icelandic Sagas and Eddas have been rediscovered and reinvented by groups in Europe and North America. The book examines the phenomenon of altered consciousness and the interactions of seid-workers or shamanic practitioners with their spirit worlds. Written by a follower of seidr, it investigates new communities involved in a postmodern quest for spiritual meaning.

“Paxson provides songs, rituals, magical exercises, and practical advice to help you develop your own personal relationship with the Lord of Runes.” —Judika Illes, author of Encyclopedia of 5,000 Spells Odin is arguably one of the most enigmatic and complex characters in Norse mythology. Revered since the Viking Age, Odin has been called the greatest of the gods—the god of words and wisdom, runes and magic, a transformer of consciousness, and a trickster who teaches truth. He is both war god and poetry god, and he is the Lord of Ravens, the All-Father, and the rune master. Odin: Ecstasy, Runes, and Norse Magic is the first book on Odin that is both historically sourced and accessible to a general audience. It explores Odin’s origins, his appearances in sagas, old magic spells, and the Poetic Edda, and his influence on modern media, such as Tolkien’s Lord of the Rings trilogy. Each chapter features suggestions for rituals, exercises, and music, so readers can comprehend and become closer to this complicated god. Author Diana Paxson, an expert on Viking-era mythology, provides a complete portrait of Odin and draws on both scholarship and experience to

provide context, resources, and guidance for those who are drawn to work with the Master of Ecstasy today. “This remarkable book is at times ribald and reverent, worldlywise and innocent, pragmatic and idealistic, as needed to masterfully show the ways of a very complex God.” —Ivo Dominguez, Jr, author of Keys to Perception

The runes are said to have “revealed themselves” to von List, uncovering a complete cosmology and esoteric understanding of the primeval Teutonic/Aryan peoples, and becoming the cornerstone of his ideology. No other work so clearly and simply sets forth the full spectrum of von List’s fantastic vision of a mystical philosophy based on Germanic principles.

The Rune Primer Weiser Books

Reveals the occult wisdom and multidimensional layers of meaning hidden in the Nordic Rune stones • Explores the practice of the Uthark divination system encoded within the traditional exoteric Futhark system of reading the runes • Traces the relationship between the rune stones and numerology, the Cabbala, alchemy, Gothicism, and sigil magic • Examines the history of the runes and the ancient spiritual mysticism of Odin Uncovering the dark side of the Nordic rune stones hidden beneath their traditional interpretation, Swedish scholar and runologist Thomas Karlsson examines the rune work of Swedish mystic and runologist Johannes Bureus (1568-1652) and professor Sigurd Agrell (1881-1937), both of whom devoted their lives to uncovering the secret uses of rune stones concealed from all but the highest initiates. Karlsson begins by examining the Uthark system of divination--the Left Hand Path of the runes--that lies hidden under the traditional Futhark system. According to the lore of Uthark, a cryptographic ruse was used to make it impossible for the uninitiated to know the true order of the runes. Exploring Agrell’s decryption of the Uthark system, Karlsson reveals similarities between the numerology of ancient mystery cults and the Runic tradition. He explains the multidimensional meaning of each rune from the Uthark perspective, their relationships with the nine worlds of Norse cosmogony, and the magical powers of rune-rows and the three aettir rune groupings. He details how to create your own magically-charged runes, direct and activate the force of the runes, and use them for rune meditation, divination, sigil magic, galders (power songs), and rune yoga. Karlsson also examines the secret dimensions of the 15 “noble” runes, the Adulrunes, based on the theories of Johannes Bureus. Using his knowledge of the Cabbala and alchemy, Bureus created magical symbols with the Adulrunes as well as one symbol containing all 15 Adulrunes, which Bureus called the “Adulruna.” Karlsson explains Bureus’ spiritual system of initiation, the Gothic Cabbala, revealing the connections between old Norse wisdom and the Cabbala. He explores Bureus’ Adulrune practices and explains how Bureus outlined seven levels of meaning for each rune, with those initiated into the highest rune levels able to conjure spirits and raise the dead. Covering more than just rune practices, Karlsson’s exploration of the dark or night side of the runes provides a comprehensive guide to Norse spirituality and the ancient spiritual mysticism of Odin.

The Book of Spells Weiser Books

Runes have long been used as vital tools for transformation. The Norse employed them as tools for communication, and the Vikings would use them as wisdom before embarking on a journey or entering battle. Runic scholar Kaedrich Olsen reclaims the transformative power of the runes for readers today as a key to unlocking our potential for personal growth and our life's vision. Runes for Transformation is unlike any other rune book on the market, with Olsen's unique techniques and applications for this ancient alphabet including affirmations, NLP, visualizations, and meditation, as well as the historical background essential to embarking on this path. A highly respected teacher and transpersonal path worker, Kaedrich Olsen posits that the time for this "deeper working" of the runes has come and this will aid readers in both personal and collective evolution. Runes for Transformation is a rich resource and excellent guide for readers to take the steps to change their lives with a boldly modern approach to the ancient runes and for "change that really matters."

An accessible, in-depth exploration of the runes as a living spiritual tradition. Diana Paxson has distilled her many years of experience working with the runes into this essential source book. Readers will learn the historical meaning of each individual rune and its use and meaning now, in contemporary culture. But, Paxson reveals, the real power of the runes comes from internalizing them and using their symbols as sources of wisdom and power. At the end of each chapter are rituals and spells for all levels of ability that aim to help internalize the attributions, meanings, symbolism, and use of the runes. Everything regarding runes is covered in this definitive workbook, from the history of runes and how to make your own rune

sets, to how to work with them on a psychic, spiritual, and magical level.

Asatru For Beginners Red Wheel/Weiser

The Spiritual Path of Rune Magic is unlocked in this book. For centuries the Northern Tradition has illuminated the way for many seekers. Based on her initiations into the powers behind the Runes, Freya Aswynn opens the path for those seeking to start their spiritual journey. "Principles and Powers of Runes" comprehensively covers the history and development of the Runes. The runes are much more than a simple device for making predictions, but are also a powerful tool for magic and self-development. Aswynn reveals how to understand each Rune sign and comprehend its spiritual and mythic background. She shows how to use the runes to find your life destiny, unlock your latent psychic powers and to heal. "Principles and Power of Runes" provides what a beginner needs to know to tread this path, while at the same time giving much needed and previously unavailable information for experienced practitioners.

Trollrún Inner Traditions / Bear & Co

In TROLLRÚN: A Discourse on Trolldom and Runes in the Northern Tradition, Nicholaj de Mattos Frisvold opens the door to landscapes little known outside of Scandinavia. These landscapes are populated by mythical beings and land spirits which offer a quite different approach to the Northern Tradition than what is usual. Here the Aesir have taken a backseat in favour of discussions on the wider tapestry of Northern wisdom, such as trolldom, seidr and the legacy left by the Black Books of magic under the larger theme of 'What the Trolls Told', comprising the first part of TROLLRÚN. This is followed by a presentation of the Elder runes, runology, and rune magic, all rooted in Scandinavian ideas of the use of runes and their magic. TROLLRÚN views this landscape through the eyes of the cunning arts, where the ice, the frost, the midnight sun, and the majestic mountains and fjords become the orchestra of TROLLRÚN's wisdom, drenched in the powerful atmosphere of the magical north.

Northern Mysteries & Magic Simon and Schuster

Runework authority and author Edred Thorsson, explores the riddle of the runes. Combing historical lore with a detailed investigation, *Runelore* focuses on the esoteric aspects of the runic tradition. In Part One, Historical Lore, Thorsson uses archaeological evidence to explain where the runes come from, what they mean, and how they evolved. In Part Two, Hidden Lore, he takes a more psychological view of the runes and looks at the entire cosmology of the Old Norse to explain the role runes played and how they were used over time. Included are specific sections on rune magic and divination, rune poems, runic numerology, and concise explanations of the mysteries of the 24 runes. Reprinted with a newly designed cover, *Runelore* offers a complete picture of the Runes.

The Book of Runes, 25th Anniversary Edition Llewellyn Worldwide Limited

A very long time ago Odin unlocked the secrets of the Runes. In two parts, *Secrets of Asgard* discusses their theoretical and a practical aspects. Part one focusses centres on the meaning of the individual runes and the myths, explaining the Aettir alongside Northern mythology. It describes each of the gods as well as the Nine Worlds etc. The second part centres on the application of the system, namely magic and divinatio and includes rituals and exercises. A thesis of practical rune magic is developed which is based on the Havamal 144 stanza. The analysis concludes that the Runes were traditionally regarded as actual spirits. The stanza explains how to make your own set as well as other talismanic objects. The practice of galdr-singing is discussed in more depth to complement the Havamal 144 techniques. Then, a discourse is given on the most common Ancient Germanic magical formulae. They complement the practical work on talismanic objects. A separate chapter is given on divinatory practices. Useful information on dreamwork is added and numerous other exercises used to make contact with the subconscious mind through auto-suggestion, and many other useful;ful ritual techniques and practices.
