On Moral Business Cengage Learning

Business in Ethical Focus is a compilation of classical and contemporary essays and case studies in business ethics. Readers will become acquainted with seminal ideas on corporate social responsibility and the place of business in a just society. Other topics include diversity in the workplace, sexual harassment, workplace rights, environmental responsibility and sustainability, global business, intellectual property, bribery, and ethical issues in advertising and marketing. This second edition adds a dozen original case studies, as well as new sections on global perspectives (with articles on Islamic, Confucian, and Buddhist business ethics), entrepreneurship, and the non-profit sector. Background material on ethical theory and the nature of business ethics is included to orient readers new to this field. Outlines and Highlights for Moral Issues in Business by William H

Shaw, Isbn Cengage Learning

This third Asia-Pacific edition of Moral Issues in Business examines key ideas in business ethics in the context of moral and ethical issues encountered by Australian and New Zealand businesses and organisations. Structured within 11 chapters of text – including new, cutting edge ethical theories and practices – Moral Issues in Business presents the latest ethical insights and thinking in a manner that is accessible to students

Business Ethics Routledge

Revised edition of the authors' *Managing business ethics*, [2014]

Moral Issues in Business + Mindtap Philosophy, 1 Term 6 Months Printed Access Card Nelson Australia

In recent years, many disciplines have become interested in the scientific study of morality. However, a conceptual framework for this work is still lacking. In *The Moral Background*, Gabriel Abend develops just such a framework and uses it to investigate the history of business ethics in the United States from the 1850s to the 1930s. According to Abend, morality consists of three levels:

moral and immoral behavior, or the behavioral level; moral understandings and norms, or the normative level; and the moral background, which includes what moral concepts exist in a society, what moral methods can be used, what reasons can be given, and what objects can be morally evaluated at all. This background underlies the behavioral and normative levels; it supports, facilitates, and enables them. Through this perspective, Abend historically examines the work of numerous business ethicists and organizations—such as Protestant ministers, business associations, and business schools—and identifies two types of moral background. "Standards of Practice" is characterized by its scientific worldview, moral relativism, and emphasis on individuals' actions and decisions. The "Christian Merchant" type is characterized by its Christian worldview, moral objectivism, and conception of a person's life as a unity. The Moral Background offers both an original account of the history of business ethics and a novel framework for understanding and investigating morality in general.

Moral Issues in Business 12e Wadsworth Publishing Company
This text addresses a variety of timely and interesting moral issues, providing background information and primary source selections for each issue presented. It includes a chapter on ethical theory and covers a broad range of ethical perspectives--among them virtue ethics (Aristotelian and Confucian), Buddhist and feminist care ethics, and the Rawlsian and communitarian approaches. This fourth edition includes a new section on Ethical Egoism and has been updated to include readings and case studies covering some of the most pressing issues of recent ethical debate, such as stem cell research, the Iraqi War, the

effect of the U.S. Patriot Act on academic freedom, Military conscription, racial profiling of Arab-Americans, the conflict in Darfur, and more.

Moral Issues in Business Broadview Press

In a series of articles specifically commissioned for this volume, some of today's most distinguished business ethicists survey the main areas of interest and concern in the field of business ethics. Sections of the book cover topics such as the often easy relation between business ethics and capitalism, the link between business ethics and ethical theory, how ethics applies to specific problems in the business world, the connection between business ethics and related academic disciplines, and the practice of business ethics in modern corporations. Includes extensive, accessible discussion of all of the main areas of interest and debate in business ethics Features all original contributions by distinguished authors in business ethics Includes an annotated table of contents, bibliographies of the relevant literature and a list of internet sources of material on business ethics Perfect, comprehensive book for use in business ethics courses

Business Ethics Pearson

Business Cases in Ethical Focus is a new collection of in-depth case studies from around the world, covering all major areas of business ethics. Cases address a broad range of topics such as the ethics of entrepreneurship and finance, the challenges that diversity raises for business, and whistleblowing. The cases are provocative yet complex, conveying the difficulty of moral dilemmas and the potential for reasonable disagreement.

Communication: Ethical and Moral Issues Princeton University Press

What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.

The Moral Background Routledge

This in-depth examination of the major theories of economic justice focuses on the central question: What should the economic distribution of goods and services be based on?

A foundational text for the modern business student and an essential instructor resource, this book presents a thorough and comprehensive introduction to business ethics. Taking a strategic stakeholder approach—one that emphasizes how important it is to balance multiple stakeholders' needs—students will develop the critical skills they need to analyze and solve complex ethical issues, while ensuring overall business success. The second edition retains Business Ethics' strong balance of theory and practice, but incorporates several new features, including: Fresh cases ensuring students are exposed to the most topical real-world examples A global view, with examples from international and emerging markets, and coverage of ethical standards from around the world An expanded chapter on individual ethical decision-making, as well as a new chapter devoted to ethical theory A renewed emphasis on the popular boxed features with more integration of newer case studies, and the addition of "Emerging Market Business Ethics Insights" The latest data on business ethics and ethics related issues from a variety of reputable sources A comprehensive set of lecture slides, test questions, and instructor notes provide additional material for the classroom.

Moral Issues in Military Decision Making SAGE Publications
 Packed with examples, this book offers a clear and engaging overview of ethical issues in business. It begins with a discussion of foundational issues, including the objectivity of ethics, the content of ethical theories, and the debate between capitalism and socialism, making it suitable for the beginning student. It then examines ethical issues in business in three broad areas. The first is the market. Issues explored are what can be sold (the limits of markets) and how it can be sold (ethics in marketing). The second is work. Topics in this area are health and safety, meaningful work, compensation, hiring and firing, privacy, and whistleblowing. The third area is the firm in society. Here readers explore corporate social responsibility, corporate political activity, and the set of ethical challenges that attend international business. Issues are introduced through real-world examples that underscore their importance and make them come alive. Arguments for opposing positions are given fair hearings and students are encouraged to develop and defend their own views. Key Features Introduces each topic with a real-world example, which is referenced regularly in the subsequent argument. Contains a critical evaluation of capitalism and socialism, with a focus on private property, the market system, and the welfare state. Explores the limits of markets and encourages students to ask what should and should not be for sale. Explores the phenomena of corporate political activity and ethical consumerism. Includes initial chapter overviews and – at the end of each chapter – study questions and suggested additional readings.

Justice and Economic Distribution Prentice Hall

A series of high-profile events in recent years have highlighted the growing need to cover ethical issues in international business and raise awareness of the responsibilities that need to be integrated into all levels and all subjects. Utilising the knowledge from a wide selection of expert contributors and illuminated by a case study for each chapter, this comprehensive volume makes a compelling case for business ethics to become an integrated consideration across the business disciplines, rather than an afterthought in the curriculum.

Moral Issues in Business SAGE Publications

Business Ethics: An Interactive Introduction connects the academic to the practical, extracting the basic elements of rigorous philosophical ethics into a format that can be understood and applied in the business world. Concepts such as utility, duty, and sustainability are given practical value and connected to examples and methods familiar to business people. Classical ethical theories are surveyed, as are modern perspectives on justice, equality, and the environment. Where possible, quantitative examples and methods are used to show that ethics need not be subjective or vague. Kernohan provides an overview of the basic tools of ethical decision-making and shows how each can be used to resolve moral problems in business environments. Readers are then invited to apply those tools by completing a series of online exercises, receiving immediate objective feedback on their success. The book and its accompanying exercises thus work in concert, offering a unique opportunity for

interactive self-directed learning.

Contemporary Moral Problems Routledge

The Legal and Ethical Environment of Business is a concise presentation of the key business-law topics that ensures every page is relevant, engaging, and interesting to today's learners. Summaries of cases and case excerpts improve student understanding. Plentiful embedded video links expand on topics to shed light on how law and ethics impact real-world business

situations. This book encourages students to retain what they learn by understanding the reasons behind the law, rather than simply memorizing facts and cases.
