Cultural Anthropology: A Toolkit for a

Global Age covers the concepts that drive cultural anthropology by showing that now, more than ever, global forces affect local culture and the tools of cultural anthropology are relevant to living in a globalizing world.

*Concepts and Cases* Pearson South Africa

Alan Loy McGinnis, author of the best-selling book *The Friendship Factor*, studied the great leaders throughout history, the most effective organization, and many prominent psychologists to discover their motivational secrets. There are actually a small number of principles used by good motivators, and the best leaders were using them long before psychology had a name. Fascinating case studies and anecdotes about Lee Iacocca, Sandra Day

O'Connor, and many others show how you can put 12 key principles to work in your family or organization. Whether you are a parent, executive, teacher, or friend, you can gain the satisfaction that comes from *Bringing the Best Out in People*.

Dr. Fleming's new book -- drawing from an array of business and administrative disciplines -- provides a solid conceptual foundation for understanding, meeting, and exceeding the expectations of organizational stakeholders and preparing for professional, personal, and organizational success in fire administration. The book addresses the various course objectives and learning outcomes for both the Introduction to Fire and Emergency Services Administration course within the FESHE Associate's Model Curriculum and the corresponding bachelor's course, Fire and Emergency Services Administration. Effective Fire & Emergency Services Administration will be an invaluable resource for students (both

undergraduate and graduate), and current fire and emergency services personnel of all ranks who are preparing for career advancement, including promotional examinations. It also will serve as a very useful reference for current fire and emergency service operational and administrative officers. [Project Management Essentials You Always Wanted To Know](#) Elsevier Health Sciences

"This text is a valuable new resource that we recommend for all of our professionals and are proud to incorporate as part of our AFC® certification program. With expertise representing the breadth and depth of the financial counseling profession, the content in this text provides you with a rigorous foundation of knowledge,

considers critical theoretical models, and explores foundational skills of communication, self-awareness, and bias. This type of comprehensive approach aligns with our mission and vision—providing you with the foundational knowledge to meet clients where they are across the financial life-cycle and impact long-term financial capability." -Rebecca Wiggins, Executive Director, AFCPE® (Association for Financial Counseling and Planning Education®) This timely volume presents a comprehensive overview of financial counseling skills in accessible, practical detail for readers throughout the career span. Expert financial counselors, educators, and researchers refer to classic and current theories for up-to-date instruction on building long-

term client competence, working with clients of diverse backgrounds, addressing problem financial behavior, and approaching sensitive topics. From these core components, readers have a choice of integrated frameworks for guiding clients in critical areas of financial decision-making. This essential work:

- Offers an introduction to financial counseling as a practice and profession
- Discusses the challenges of working in financial counseling
- Explores the elements of the client/counselor relationship
- Compares delivery systems and practice models
- Features effective tools and resources used in financial counseling
- Encourages counselor ethics, preparedness, and self-awareness

A standout in professional development references, Financial

Counseling equips students and new professionals to better understand this demanding field, and offers seasoned veterans a robust refresher course in current best practices.

Managing Projects Large and Small Tata McGraw-Hill Education

Jones and George are dedicated to the challenge of "Making It Real" for students. As a team, they are uniquely qualified to write about the organizational challenges facing today's managers. No other author team in the management discipline matches their combined research and text-writing experience. Essentials of Management concisely surveys current management theories and research. Through a variety of real world examples from small, medium, and large companies the

reader learns how those ideas are used by practicing managers. The organization of this text follows the mainstream functional approach of planning, organizing, leading, and controlling; but the content is flexible and encourages instructors to use the organization they are most comfortable with. The themes of diversity, ethics, and information technology are clearly evident through in-text examples, photographs, "unboxed" stories, and the end-of-chapter material - all areas of importance that truly serve to bring to life the workplace realities that today's student will encounter in the course of a career.

Second Edition John Wiley & Sons

The hospitality, travel, and tourism industries play a major role in citizen

wellbeing, socio-cultural integration, and the economic advancement of a nation. The industries are increasingly complex in operation, demanding excellence across a far-reaching and diverse set of capabilities and changes in management practices across the board. With growing expectations for a better service quality from the users and endless calls for value-added service, managers are under constant pressure to improve their services across all aspects while growing customer numbers to meet various stakeholder expectations. Contemporary Management Approaches to the Global Hospitality and Tourism Industry is a key reference source that provides crucial knowledge on the application of new management practices and trends in the tourism industry. While highlighting

topics such as service quality, culture sensitivity, and brand marketing, this publication explores the influence of globalization and the methods of sustainable business practices. This book is ideally designed for managers, hotel directors, restaurateurs, researchers, industry professionals, professors, and students seeking cutting-edge hospitality and tourism management strategies.

*Essentials of Management and Leadership in Public Health* McGraw-Hill Education

Globalisation and the rapid increase in world trade in the past decade have contributed to greater demand for international transport and logistics and, consequently, the expansion of the maritime industry. The dramatic changes in the mode of world trade and cargo transportation make it more important than ever to have a clear understanding of the way in which freight is transported by sea and the role of ports in this exchange. At the cutting edge in its assessment of the industry, *Maritime Logistics* covers the whole scope of maritime logistics and examines latest logistical developments within the port and shipping industry. With a range of

new international contributors, this new edition has been thoroughly revised and updated. There are new chapters on port centric logistics, hinterland logistics and global supply chains, maritime transport and logistics as a trade facilitator, and future trends and developments. Written by a team of international experts with over fifty years' experience in the field, *Maritime Logistics* provides a truly global perspective. The book covers everything that students of logistics, as well as those working within the industry, need to know about maritime logistics, including shipping lines, containers, tankers, dry bulk, port-centric logistics, and much more.

Thorough yet concise, ESSENTIALS OF STRATEGIC MANAGEMENT, Third Edition, is a brief version of the authors' market-leading text STRATEGIC MANAGEMENT: AN INTEGRATED APPROACH. Following the same framework as the larger book, ESSENTIALS helps students identify and focus on core concepts in the field in a more succinct, streamlined format. Based on real-world practices and

current thinking, the text's presentation of strategic management features an increased emphasis on the business model concept as a way of framing the issues of competitive advantage. Cutting-edge research, new strategic management theory, and a hands-on approach allow students to explore major topics in management, including corporate performance, governance, strategic leadership, technology, and business ethics. In addition, a high-quality case program examines small, medium, and large companies--both domestic and international--so that students gain experience putting chapter concepts into real-world practice in a variety of scenarios. Important Notice: Media content referenced within the product description or the product

text may not be available in the ebook version.

Bound with envelope containing access code.

*Project Planning & Management: A Guide for Nurses and Interprofessional Teams*

Project Management Institute

Data Modeling Essentials, Third Edition, covers the basics of data modeling while focusing on developing a facility in techniques, rather than a simple familiarization with "the rules". In order to enable students to apply the basics of data modeling to real models, the book addresses the realities of developing systems in real-world situations by assessing the merits of a variety of possible solutions as well as using

language and diagramming methods that represent industry practice. This revised edition has been given significantly expanded coverage and reorganized for greater reader comprehension even as it retains its distinctive hallmarks of readability and usefulness. Beginning with the basics, the book provides a thorough grounding in theory before guiding the reader through the various stages of applied data modeling and database design. Later chapters address advanced subjects, including business rules, data warehousing, enterprise-wide modeling and data management. It includes an entirely new section discussing the development of logical and physical modeling, along with new material describing a powerful technique for

model verification. It also provides an excellent resource for additional lectures and exercises. This text is the ideal reference for data modelers, data architects, database designers, DBAs, and systems analysts, as well as undergraduate and graduate-level students looking for a real-world perspective. Thorough coverage of the fundamentals and relevant theory. Recognition and support for the creative side of the process. Expanded coverage of applied data modeling includes new chapters on logical and physical database design. New material describing a powerful technique for model verification. Unique coverage of the practical and human aspects of modeling, such as working with business specialists, managing change, and

resolving conflict.

*Multilingual Glossary of Economics Terms.* McGraw-Hill Education

The most up-to-date resource of comprehensive information for conducting cross-battery assessments  
The Cross-Battery assessment approach—also referred to as the XBA approach—is a time-efficient assessment method grounded solidly in contemporary theory and research. The XBA approach systematically integrates data across cognitive, achievement, and neuropsychological batteries, enabling practitioners to expand their traditional assessments to more comprehensively address referral concerns. This approach also includes guidelines for identification of specific learning disabilities and assessment of cognitive strengths and

weaknesses in individuals from culturally and linguistically diverse backgrounds. Like all the volumes in the Essentials of Psychological Assessment series, Essentials of Cross-Battery Assessment, Third Edition is designed to help busy practitioners quickly acquire the knowledge and skills they need to make optimal use of psychological assessment instruments. Each concise chapter features numerous callout boxes highlighting key concepts, bulleted points, and extensive illustrative material, as well as test questions that help you to gauge and reinforce your grasp of the information covered. Essentials of Cross-Battery Assessment, Third Edition is updated to include the latest editions of cognitive ability test batteries, such as the WISC-IV, WAIS-IV,

and WJ III COG, and special purpose cognitive tests including the WMS-IV and TOMAL-II. This book now also covers many neuropsychological batteries such as the NEPSY-II and D-KEFS and provides extensive coverage of achievement batteries and special purpose tests, including the WIAT-III, KM-3, WRMT-3 and TOWL-4. In all, this book includes over 100 psychological batteries and 750 subtests, all of which are classified according to CHC (and many according to neuropsychological theory. This useful guide includes a timesaving CD-ROM, Essential Tools for Cross-Battery Assessment (XBA) Applications and Interpretation, which allows users to enter data and review results and interpretive statements that may be included in psychological reports. Note:

CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with

rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to

today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones
