*Seven Nights to Surrender* Harper Collins

"To remain indifferent to good fortune or to adversity by accepting it all from the hand of God without questioning, not to ask for things to be done as we would like them but as God wishes, to make the intention of all our prayers that God's will should be perfectly accomplished in ourselves and in all creatures is to find the secret of happiness and content."

*Absolute Surrender and Other Addresses* Oxford University Press on Demand

Discusses how just war theory needs to be revised to better secure and respect human rights. Warfare in the twenty-first century presents significant challenges to the modern state. Serious questions have arisen about the use of drones, target selection, civilian exposure to harm, intervening for humanitarian reasons, and war as a means of forcing regime change. In *Just War and Human Rights* Todd Burkhardt argues that updating the laws of war and reforming just war theory is needed. A twenty-year veteran of the US Army, Burkhardt claims that war is impermissible unless it is engaged, fought, and concluded with right intention. A state must not only have a just cause and limit its war-making activity in order to vindicate the just cause, but it must also seek to vindicate its just cause in a way that yields a just and lasting peace. A just and lasting peace is motivated by the just war tenant of right intention and predicated on the realization of human rights. Therefore, human rights should not only dictate how a state treats its own people but also how a state treats the people of other countries, insulating them and protecting innocent civilians from the harms of war. "Todd Burkhardt, experienced American soldier and educator, has here crafted a clearly written and spirited book. It's timely and practical—analyzing drone strikes and post-conflict dilemmas—yet also reflective and theoretical—arguing that the rule of 'right intention' deserves far more prominence in just war theory than it has recently been given. Above all, this is a readable and constructive call to reform the laws of armed conflict in light of human rights values, especially as understood through the lens of John Rawls's theory of international justice. A welcome contribution to today's philosophy of war." — Brian Orend, author of *The Morality of War*, Second Edition

*A Night to Surrender* Forever

The historical origins of international criminal law go beyond the key trials of Nuremberg and Tokyo but remain a topic that has not received comprehensive and systematic treatment. This anthology aims to address this lacuna by examining trials, proceedings, legal instruments and publications that may be said to be the building blocks of contemporary international criminal law. It aspires to generate new knowledge, broaden the common hinterland to international criminal law, and further develop this relatively young discipline of international law. The anthology and research project also seek to question our fundamental assumptions of international criminal law by going beyond the geographical, cultural, and temporal limits set by the traditional narratives of its history, and by questioning the roots of its substance, process, and institutions. Ultimately, we hope to raise awareness and generate further discussion about the historical and intellectual origins of international criminal law and its social function. The contributions to the three volumes of this study bring together experts with different professional and disciplinary expertise, from diverse continents and legal traditions. Volume 2 comprises contributions by prominent international lawyers and researchers including Professor LING Yan, Professor Neil Boister, Professor Nina H.B. J rgensen, Professor Ditlev Tamm and Professor Mark Drumbl.

**The Innocent's Surrender** Tebbo

Letting Go describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most effective ways to relieve human suffering in all of its many forms. The inner mechanism of surrender was found to be of great practical benefit and is described in this book. Dr Hawkins's previous books focused on advanced states of awareness and Enlightenment. Over the years, thousands of students had asked for a practical technique by which to remove the inner blocks to happiness, love, joy, success, health and, ultimately, Enlightenment. This book provides a mechanism for letting go of those blocks. The mechanism of surrender that Dr Hawkins describes can be done in the midst of everyday life. The book is equally useful for all dimensions of human life: physical health, creativity, financial success, emotional healing, vocational fulfillment, relationships, sexuality and spiritual growth. It is an invaluable resource for all professionals who work in the areas of mental health, psychology, medicine, self-help, addiction recovery and spiritual development.

*Controlling the Use of Force in Contemporary Conflict* Hqn Books

You have a plan for the rest of your life. God has a plan for the rest of your life. Are they the same?You have expectations for how your life will play out, and you hope those plans will become realities.But what if God's plan for your life is far different from what you had in mind? Can you accept that? Will you surrender your goals for God's?Kay Warren had a plan. Together with her husband, Rick Warren, author of the megaseller *The Purpose Driven Life*, she planned that after her kids were grown, she'd travel the world, teaching and encouraging couples in ministry. It was a good plan. But

it wasn't what God had in mind for her. In a startling wake-up call, Kay discovered the shocking realities of the AIDS pandemic in Africa while reading a magazine. "I want to use you!" she heard God say. That began the struggle—first to avoid God's call and then to surrender herself to God. She cried out to God, "Why are you bothering me with this? There's nothing I can do about it. I'm just an ordinary person. What could one person do about such a gigantic problem?" But God had grabbed her attention and wouldn't let go. If you've ever struggled with knowing and doing God's will, this book is for you. With raw honesty, Kay goes straight to the heart of the matter: the bottom line is surrender. Will you trust God? Along the way she'll introduce you to others—people like you—who have said yes to God and have made a difference in the world. Using their skills, energy, faith, and a willingness to take risks, they became powerful instruments of change and tools in God's hands. Giving in to God isn't easy. It's not for cowards. It's the boldest, riskiest step you'll ever take. This dangerous surrender can bring both joy and pain, both heartache and ecstasy, but it enables you to know God in a far deeper way than ever before. I had to make a conscious decision. Would I retreat to my comfortable life and to my settled plans? Or would I surrender to God's call and let my heart engage with a cause such as AIDS that I was pretty sure would include buckets of pain and sorrow? I felt like I was standing on the edge of a giant precipice; I couldn't go back, and yet the way forward looked like stepping into a void. Kay Warren took that step, choosing to dangerously surrender to God. That decision transformed her life, marriage, and future. She invites you to do the same. You'll benefit most by discussing this book with others. A Readers' Group Discussion Guide is provided in the back of the book. These selected paragraphs distill the contents and give you a quick look inside The Terms of Surrender: Look inside the book: As every man, woman, and child in the place came to the store at some time of the day or night, and invariably applied Euclid's definition of the nearest way between two given points, the flora of Colorado was quickly stamped out of recognition in that particular locality, except during the irrepressible period when, as already mentioned, the fierce rains of April pounded the sleeping earth and even bronze dogs into a frenzied activity. ...The other day, when he stood for a minute or so in the foyer of the Savoy Hotel in London, waiting while his automobile was summoned from the courtyard, he seemed to have lost little of the erect, sinewy figure and lithe carriage which were his most striking physical characteristics twenty-five years ago; but the smooth, dark-brown hair had become gray, and was slightly frizzled about the temples, and the clean-cut oval of his face bore records of other tempests than those noted by the Weather Bureau. About Louis Tracy, the Author: Around 1884 he became a reporter for a local paper - 'The Northern Echo' at Darlington, circulating in parts of Durham and North Yorkshire; later he worked for papers in Cardiff and Allahabad. During 1892-1894 he was closely associated with Arthur Harmsworth, in 'The Sun' and 'The Evening News and Post'.
