 The third eye is not some mystical discovery that has happened in the past few decades. If you look into the history and practices of various cultures and religions around the world, there is mention of the third eye. Under the Taoist way of living, for example, there is an emphasis on connecting with oneself spiritually by opening the third eye. The Christian Bible also mentions the third eye-but it recommends and even condemns trying to open

it. While the intentions and 'goodness' of the third eye are disputed, this makes it clear at the very least that it is a real, studied thing. The third eye that is spoken of in religions, cultures, and meditative practices is the pineal gland. Symbolically, the third eye is a single eye that exists on the forehead. It is positioned between the two eyebrows. It is said that by creating the connection between the third eye and the mind, we connect with our inner selves and the outside

world. One of the earliest references to the third eye in the Bible is in Matthew 6:22, where it is said 'If thine eye is single the whole body shall be full of light'. Though this comes across as positive, the text further goes on to discuss the connection to the third eye as having the potential to be one of light or darkness, depending on if the intentions of the eye opener are good or evil. However, later in the Bible, passages in Leviticus, Chronicles, Romans, John, and

Ephesians go against this idea that the third eye may be good or evil. It is even said that those who practice acts of the third eye like fortune telling and the like should be punished by death, as well as those who have chosen to associate with them. Eventually, the earlier support for the third eye is explained-the third eye or sixth sense that is spoken of is a connection to the Holy Spirit, and it is this spirit that should be used for guidance. This taking in of the Holy Spirit should be

so much that it fills, which keeps out the evil spirits because there is no room for them. It is common to hear the third eye referred to as a chakra, with it being one of seven that are found at various points in the body. These chakras align with the unified field theory and ideas presented in quantum physics-that humans are not single entities but instead made up of atoms and molecules that have aggregated together. Each 'human' entity is just a physical body that has

been assigned to contain the seven chakras. The chakras explain different energy centers found in the body, each of them with its own location and 'color'. Many cultures believe that the flow of energy is important to health-that is why treatments which align 'qi' or energy like Reiki and acupuncture are used to treat some conditions, according to traditional medicine practices. It has been used for high blood pressure, pain in the joints, back, or anywhere else, migraines, and

more. In this book, you will learn more about:

 Begin your journey of opening your Third Eye with this ultimate guide. An entire world is waiting for you to explore by embracing your Third Eye. The sixth sense has always been mentioned in fiction to entertain people's fantasy of the non-tangible or unmeasurable abilities a person could have. Many of us will even know of people who seem to possess abilities that make no logical sense. The friend with incredible intuition, the friend who

seems to understand other's better than the person themselves and the friend who experiences deja vu too many times for it to be meaningless. We all know of these special individuals, and may wonder if these people are simply the chosen ones of mother nature. What if I told you anyone can nurture and learn these special skills. Everyone has a Third Eye and it is only a question of whether your Third Eye is open or not. Some people are blessed to have grown

up in an environment that nurtured their Third Eye to open up, but like most of us our upbringing has unintentionally closed our Third Eye. You can learn to awaken your Third Eye, through practices and conscious effort to nurture your sixth sense. Awaken your Third Eye to: - Enhance your intuition - Enjoy better mental, emotional and physical health - Achieve a sense of universal peace with yourself and your environment - Unlock your abilities to perceive the non-explainable - Open up

the opportunities to practice astral projection and animal communication - Begin tuning into the universe and the environment around you - Begin to learn more about yourself and others - Much much more. Things you will learn from this book... - Clear instructions on exercises and practices to speed up your Third Eye awakening process. Note: it may take you more or less than 4 weeks to awaken your Third Eye depending on your current state.

Are you looking for a Powerful Guide to Awake your Inner Energies and

Improve your Spiritual Practices? Then keep reading... I have seen many explanations of this but the most accurate is that the Third Eye is something that is located between your eyebrows. Place your finger at the top of your nose and up a little until you get to that point where your eyebrows would join and this is the area where the Third Eye is located. It is not an eye in the natural sense and certainly does not look like one, but it is able to discern certain truths and can observe

Spiritual Development as well as being able to make the brain see things in a different way than traditional eyes can. Scientifically, we know that this area is the area of the brain that has the label of Pineal Gland. You may have heard of serotonin - which is a feel-good hormone produced by the pineal gland in the form of melatonin. If you understand the shape of the skull, this pinecone shaped gland is located just as we have indicated above and is responsible for many feelings of

euphoria, although people such as Rene Descartes described it as being where the soul of man is located. You may not be aware of its existence at this moment in time, but that's because it's a relatively small gland, being about the size of a grain of rice although the impact it can have on your life can be mind-blowing. The Third Eye is associated with Spirituality and understanding of Spiritual Things. Many people mistake this for being religious, although one

can be religious without being Spiritual. For example, many people in the teachings of the church while not believing in spirituality being with you at all times. When the third eye is opened, it changes your life and your perspective of things and you have this feeling of inner wellbeing that you may never have otherwise experienced. It's almost akin to the opening of a door to understanding. This book will teach you and includes: - What is the Third Eye? - How To Open
