Why Parrots? Why  
Aviculture? By: Tom

Marshall After Tom

Marshall returned from his  
work with the Peace Corps  
in the Philippines and  
restarted his teaching  
career, he has nurtured  
his love of parrots. His  
fascination began with a  
large green Amazon  
parrot that was gifted to

him by another teacher  
with no instructions for  
care for this intimidating  
bird. He began reading all  
he could about parrots  
and finally started to hit it  
off with his avian friend  
after six months. *Why  
Parrots?* Combines  
personal anecdotes and  
experience with important  
information about  
personal responsibility for  
parrots as well as the  
importance of  
conservation of these  
fantastic creatures'  
habitat so that future  
generations can continue  
to enjoy their beauty and

intelligence.
