We are in a new era of communication. The internet and social media have changed the way we connect and communicate with each other. As the body of Christ, it is important that we understand these

changes, so that we can effectively serve others. Whether you are an established organisation or an individual starting your ministry, this book will help you understand these global, technology-enabled changes and how they impact churches, nonprofits and individuals in ministry. The four-part communication model and the six-step framework presented in this book will help you successfully implement a social media and digital ministry program, laying a strong foundation for the future

of your ministry. Section I - Why the Church should use Social Media: In the first section, the book talks about the importance of using digital, online and social communication medium. The book explores the evolution of a new type of audience - the connected audience and helps the reader learn the biblical basis of social media marketing and its relevance to the Great Commission. Section II - The Communication Model: In the second section, the book

introduces the four-part communication model. The author lays out a broader vision of a smooth, seamless communication within the Church, as one body using social media and technology. Section III - The Framework for Implementing the Communication Model: In the third section, the book moves from visioning mode to action mode. The author presents a six-step framework as a practical means to implement the communication model in your ministry. This is a

hands-on implementation section that examines management strategies, marketing strategies and operational details. Section IV - Future Trends that will Impact the Church: In the fourth and final section, the book returns to a visioning mode as the author identifies key future trends and discusses ways in which churches, nonprofits and ministries can prepare themselves for the future. Foreword is written by Mark W. Schaefer - Social media keynote speaker, college

educator, consultant, and best-selling author of six marketing books including *Known*, *The Content Code*, *Social Media Explained* and *The Tao of Twitter*. Introduction is written by Rev. Sam P. Chelladurai - Senior Pastor of AFT Church. He is one of the most prominent and respected Bible teachers in India.

Struggling to cope with a marriage in difficulty and a business under pressure, Jack and Alison Heywood suffer every parent's worst nightmare. Their two children are involved in a horrific road accident which leaves seven-year-old Frankie in a coma and her elder brother, Ben, severely traumatized. After three

months, little Frankie has become simply the coma case in room four, fifth floor. Worse still, prolonging her existence may be damaging Ben, who is withdrawing further and further into an emotionally turbulent world of his own. But then, with all hope fading, a slender lifeline emerges. The Heywoods hear of a revolutionary, experimental clinic in America, run by brilliant neurologist, Elizabeth Chase. Lizzie knows what it is like to be a young person locked away in a

dark place and it is this that fuels her work on the frontiers between unconscious existence and oblivion. But her work is high pressure and high risk, pushing at the very limits of accepted medical practice. As the Heywoods arrive in America, they find Lizzie and her clinic besieged by the law, the media, human rights activists and the medical establishment. Against this background, and with the children stranded in uncharted regions of the subconscious, only a supreme act of sacrifice

can show them the way back. Profound and immensely powerful, *The Lazarus Child* is an extraordinary story of hope and despair, of redemption and resurrection. With its celebration of human endeavour and healing, it stands out as a novel for our times: strange, compelling and unforgettable.

Having been involved in the shipping industry for more than 20 years in different roles, I have been wanting to publish a book on the complex subject of ship building contract. My association with Norwegian shipping companies who constantly upgraded their fleet of ships made the subject all the more interesting with first hand experience at

various shipyards. The thought of the development taking place around the Indian coast and the Government of India focus on developing the maritime sector prompted me to write this book. This book guides on the various aspects of a ship building contract.
