ROWE KAYLEY

An Introduction to Pakistan Studies Sang-E-Meel Publication
Volume 1 of A Grammar and Dictionary of Indus Kohistani contains around 8.000 lemmata, many of which are supplemented with parallels from adjacent dialects, from other Dardic, from Nuristani, Indo-Aryan, Iranian, Dravidian and Munda languages, and from Burushaski. The lemmata have been, wherever possible, provided with information about their origin, and they are connected by numerous cross-references. Since Indus

Kohistani is a pitch accent language with complicated rules governing the behaviour of the two pitch accents in compounding, derivation, and inflexion, the lemmata are not only marked with their appropriate pitch accents, but the behaviour of the accents (change of value, shift) is illustrated with a large number of inflected forms and cross-references. And since Indus Kohistani has a rich (and frequently irregular) inner and outer conjugation, most verbs are provided with many finite and participle forms. In addition, the dictionary contains two indexes (English - Indus Kohistani and Old Indo-Aryan - Indus Kohistani), and lists with place and clan

names, names of the months, etc.

The Future of Pakistan
Routledge

Established as a homeland for India's Muslims in 1947, Pakistan has had a tumultuous history. Beset by assassinations, coups, ethnic strife, and the breakaway of Bangladesh in 1971, the country has found itself too often contending with religious extremism and military authoritarianism. Now, in a probing biography of her native land amid the throes of global change, Ayesha Jalal provides an insider's assessment of how this nuclear-armed Muslim nation evolved as it did and explains why its dilemmas weigh so heavily on prospects for peace in the region. "[An]

important book...Ayesha Jalal has been one of the first and most reliable [Pakistani] political historians [on Pakistan]...The Struggle for Pakistan [is] her most accessible work to date...She is especially telling when she points to the lack of serious academic or political debate in Pakistan about the role of the military.”
—Ahmed Rashid, New York Review of Books
“[Jalal] shows that Pakistan never went off the rails; it was, moreover, never a democracy in any meaningful sense. For its entire history, a military caste and its supporters in the ruling class have formed an ‘establishment’ that defined their narrow interests as the nation’s.”
—Isaac Chotiner, Wall Street Journal

The Idea of Pakistan

Oxford University Press, USA

This comprehensive one-volume history of Pakistan covers contemporary crises in the perspective of the subcontinent's ancient and medieval history to explain how Muslim nationalism emerged and how the community interacted with the other communities in the region. The author

breaches the confines of political history to depict the intellectual, economic, diplomatic, and cultural history of Pakistan.

Pakistan, the Formative Phase, 1857-1948

Independently Published

This text covers the syllabi prescribed by the major public sector universities in Pakistan. The book provides a complete overview of the historical background and political development of Pakistan, the breakup of 1971, and the nuclearization of Pakistan. The foreign relations section deals with the role of world powers during the wars fought by Pakistan and Pakistan's relations with South Asian and Middle Eastern countries. The economy and culture of Pakistan are also covered in great detail.

Pakistan under Bhutto, 1971-1977

Walter de Gruyter
Pakistan Studies Topical (2059) 2021 provides students with an overview of Pakistan's history, culture, geography, environment, and development. From the decline of Mughal power until 1999, they learn about Pakistan's rich heritage and cultural influences, as well as the events that shaped

national identity. Learners gain a better understanding of historical skills and concepts as well as different interpretations of historical events as a result of their studies. This will promote a better understanding of the economy's relationship with the environment, which will be aided by the study of various source materials and perspectives. This curriculum provides all students with an understanding of Pakistan's history, challenges, and opportunities. Content has been completely revised and updated to align with the Cambridge International IGCSE/O-Level Pakistan Studies syllabus (0448/2059). The (Latest) edition of the IGCSE/O-Level Pakistan Studies (02059) Coursebook, which has been endorsed by Cambridge International Examinations, covers all of the knowledge and skills students will need for IGCSE/O-Level Pakistan Studies (2059). The text is written in an accessible style with international learners in mind, and it was written by renowned experts (Nigel Kelly) in IGCSE/O-Level Pakistan Studies

(2059). All topics on the Syllabus are covered. Learners can track their progress with self-assessment questions, and exam-style questions can help them prepare thoroughly for their exams. Throughout the book, contemporary contexts and applications are discussed, increasing the relevance and interest of the material for students. For better understanding, there are diagrams included.

Pakistan Studies : History and Culture

Walter de Gruyter
With each passing day, Pakistan becomes an even more crucial player in world affairs. Home of the world's second-largest Muslim population, epicenter of the global jihad, location of perhaps the planet's most dangerous borderlands, and armed with nuclear weapons, this South Asian nation will go a long way toward determining what the world looks like ten years from now. *The Future of Pakistan* presents and evaluates several scenarios for how the country will develop, evolve, and act in the near future, as well as the geopolitical implications of each. Led by renowned South Asia expert Stephen P. Cohen, a team

of authoritative contributors looks at several pieces of the Pakistan puzzle. The book begins with Cohen's broad yet detailed overview of Pakistan, placing it within the context of current-day geopolitics and international economics. Cohen's piece is then followed by a number of shorter, more tightly focused essays addressing more specific issues of concern. Cohen's fellow contributors hail from America, Europe, India, and Pakistan itself, giving the book a uniquely international and comparative perspective. They address critical factors such as the role and impact of radical groups and militants, developments in specific key regions such as Punjab and the rugged frontier with Afghanistan, and the influence of—and interactions with—India, Pakistan's archrival since birth. The book also breaks down relations with other international powers such as China and the United States. The all-important military and internal security apparatus come under scrutiny, as do rapidly morphing social and gender issues. Political and party developments are examined along with

the often amorphous division of power between Islamabad and the nation's regions and local powers. Uncertainty about Pakistan's trajectory persists. *The Future of Pakistan* helps us understand the current circumstances, the relevant actors and their motivation, the crit

A Historical Atlas of South Asia Harvard University Press

Today, more than ever, jihad signifies the political opposition between Islam and the West. As the line drawn between Muslims and non-Muslims becomes more rigid, Jalal seeks to retrieve the ethical meanings of this core Islamic principle in South Asian history. Drawing on historical, legal, and literary sources, Jalal traces the intellectual itinerary of jihad through several centuries and across the territory connecting the Middle East with South Asia.

Sir Syed Ahmed Khan's remarkable achievements, the emergence of the Indian National Congress and the Muslim League, the partition of Bengal, the granting of separate electorates, the Khilafat Movement, and the last minute manoeuvrings of both sides as the prospect of Independence drew nearer, are all excellently told. Impacting on this entire complex set of events, for better or worse, is the policy of the British Government.

In recent years Pakistan has emerged as a strategic player on the world stage—both as a potential rogue state armed with nuclear weapons and as an American ally in the war against terrorism. But our understanding of this country is superficial. To probe beyond the headlines, Stephen Cohen, author of the prize-winning *India: Emerging Power*, offers a panoramic portrait of this complex country—from its origins as a homeland for Indian Muslims to a militarydominated state that has experienced uneven economic growth, political chaos, sectarian violence, and several nuclear crises with its much larger neighbor, India. Pakistan's future is uncertain. Can it fulfill its promise of joining the community of nations as a moderate Islamic state, at peace with its neighbors, or could it dissolve completely into a failed state, spewing out terrorists and nuclear weapons in several directions? The Idea of Pakistan will be an essential tool for understanding this critically important country.

[Islam in Pakistan](#) OUP Pakistan

Indus Kohistani is a major language of the Dardic group of Indo-Aryan languages. It is spoken in North Pakistan along the west bank of the Indus. The Dardic languages are - in the words of the eminent linguist R.L. Turner - linguistically of great interest. They are of crucial importance for our understanding of the early stages of Indo-Aryan (Sanskrit) and of its prehistory. The dictionary contains around 8,000 entries, many of which are supplemented with parallels from other languages (Indo-Aryan, Iranian, Dravidian, etc.), and with information about their origin. The book is presently the most comprehensive dictionary of a Dardic language and a rich source for linguists and South Asian philologists.

Purifying the Land of the Pure Oxford University Press, USA

Explores the history of the unique Indo-Muslim nation of Pakistan, from the ancient Indus Valley Civilization to coming of Islam to the ongoing and volatile feud with India over the region of Kashmir.

A Comprehensive Book of Pakistan Studies Greenwood

The first book to explore

the modern history of Islam in South Asia. The first modern state to be founded in the name of Islam, Pakistan was the largest Muslim country in the world at the time of its establishment in 1947. Today it is the second-most populous, after Indonesia. Islam in Pakistan is the first comprehensive book to explore Islam's evolution in this region over the past century and a half, from the British colonial era to the present day. Muhammad Qasim Zaman presents a rich historical account of this major Muslim nation, insights into the rise and gradual decline of Islamic modernist thought in the South Asian region, and an understanding of how Islam has fared in the contemporary world. Much attention has been given to Pakistan's role in sustaining the Afghan struggle against the Soviet occupation in the 1980s, in the growth of the Taliban in the 1990s, and in the War on Terror after 9/11. But as Zaman shows, the nation's significance in matters relating to Islam has much deeper roots. Since the late nineteenth century, South Asia has witnessed important initiatives toward

rethinking core Islamic texts and traditions in the interest of their compatibility with the imperatives of modern life. Traditionalist scholars and their institutions, too, have had a prominent presence in the region, as have Islamism and Sufism. Pakistan did not merely inherit these and other aspects of Islam. Rather, it has been and remains a site of intense contestation over Islam's public place, meaning, and interpretation. Examining how facets of Islam have been pivotal in Pakistani history, Islam in Pakistan offers sweeping perspectives on what constitutes an Islamic state.

Cultural Transformations
in a Muslim Nation

Rowman & Littlefield

This is the first English-language survey of Pakistan's socio-economic evolution. Mohammad Qadeer gives an essential overview of social and cultural transformation in Pakistan since independence, which is crucial to understanding Pakistan's likely future direction. Pakistan examines how tradition

and family life continue to contribute long term stability, and explores the areas where very rapid changes are taking place: large population increase, urbanization, economic development, and the nature of civil society and the state. It offers an insightful view into Pakistan, exploring the wide range of ethnic groups, the countryside, religion and community, and popular culture and national identity. It

concludes by discussing the likely future social development in Pakistan, captivating students and academics interested in Pakistan and multiculturalism. Qadeer's impressive work is a comprehensive examination of social and cultural forces in Pakistani society, and is an important resource for anyone wanting to understand contemporary Pakistan.
