Wouldn't it boost your confidence to have an experienced and confident crocheter on call, day and night, offering assistance when needed? Most of us aren't fortunate enough to have that kind of aid, but now there is help available 24/7 with The Crochet Answer Book. Being a "good" crocheter is not about making perfectly stitched, elaborate, artful creations. It is rather a matter of confidence. You need to be confident in what you are doing and in how to figure out what to do if things aren't going quite right. Understanding why you do certain things and why they turn out the way they do increases confidence and leads to successful crocheting. This book answers some of the most common questions crocheters have, and anticipates some questions you didn't know you had. The Crochet Answer Book will lead you down the road to gaining the confidence that makes for good crocheting.

Take charge of the fit and details of your crocheted garments, with guidance from needle art designer Margaret Hubert!

Designers have to create crochet patterns in standard sizes, but

very few people's bodies actually match up to those "average" measurements. *Customize Your Crochet* teaches crocheters how to adjust standard size patterns to fit their unique measurements. The techniques and processes taught in this book are the same ones that designer Margaret Hubert has used for years to teach classes on custom fitting. With this book, individual crocheters can learn to adjust patterns to fit themselves and the others for whom they crochet. But *Customize Your Crochet* goes beyond a basic, good fit to help the crocheter create a truly custom garment. Maybe you'd like that neckline a little higher, or you'd like a little flare to the sleeves. With this book, you can add individual details and give your crocheted creations personal style. Diagrams and illustrations are used throughout to explain body shapes and make comparing measurements simple. Step-by-step photography shows the details for garment construction, specific increases, decreases and other shaping methods, as well as finishing techniques and embellishments. Jump in and be confident that your next project will match your shape and style to perfection!
