From the duo behind the massively successful and award-winning podcast Stuff You Should Know comes an unexpected look at things you thought you knew. Josh Clark and Chuck Bryant started the podcast Stuff You Should Know back in 2008 because they were curious—curious about the world around them, curious about what they might have missed in their formal educations, and curious to dig deeper on stuff they thought they understood. As it turns out, they aren't the only curious ones. They've since amassed a rabid fan base, making Stuff You Should Know one of the most popular podcasts in the world. Armed with their inquisitive natures and a passion for sharing, they uncover the weird, fascinating, delightful, or unexpected elements of a wide variety of topics. The pair have now taken their near-boundless "whys" and "hows" from your earbuds to the pages of a book for the first time—featuring a completely new array of subjects that they've long wondered about and wanted to explore. Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes. Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds, to the history of facial hair, to the psychology of being lost. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with Stuff You Should Know. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

For his 2007 critically acclaimed 33 1/3 series title, *Let's Talk About Love*, Carl Wilson went on a quest to find his inner Céline Dion fan and explore how we define ourselves by what we call good and bad, what we love and what we hate. At once among the most widely beloved and most reviled and lampooned pop stars of the past few decades, Céline Dion's critics call her mawkish and overblown while millions of fans around the world adore her "huge pipes" and even bigger feelings. How can anyone say which side is right? This new, expanded edition goes even further, calling on thirteen prominent writers and musicians to respond to themes ranging from sentiment and kitsch to cultural capital and musical snobbery. The original text is followed by lively arguments and stories from Nick Hornby, Krist Novoselic, Ann Powers, Mary Gaitskill, James Franco, Sheila Heti and others. In a new afterword, Carl Wilson examines recent cultural changes in love and hate, including the impact of technology and social media on how taste works (or doesn't) in the 21st century.

My Heart Will Go On Alfred Music

Studienarbeit aus dem Jahr 2010 im Fachbereich Medien / Kommunikation - Film und Fernsehen, Note: 1,3, Rheinische Fachhochschule Köln, Veranstaltung: Audiobranding, Soundgestaltung, Sprache: Deutsch, Abstract: Ein Film ohne Musik ist ein bisschen wie ein Flugzeug ohne Treibstoff." Dieser Aussage stimmt mit hoher Wahrscheinlichkeit auch der berühmte Filmkomponist James Horner zu. Auf ihn und seine herausragende Bedeutung für die Filmmusik, vor allem für das ausgewählte Filmbeispiel Titanic, das sich dem kommerziellen amerikanischen

Kino zuordnen lässt, soll in dem Kapitel Filmmusikanalyse am Beispiel des Films Titanic, ausführlich eingegangen werden. Die vorliegende Arbeit ist in zwei Teile gegliedert. Der erste Abschnitt beschäftigt sich mit der Begriffsdefinition "Was ist Filmmusik?" und deren relevanten Begrifflichkeiten, sowie der Fragestellung inwieweit die physiologischen und psychologischen Aspekte des Rezipienten auf die Filmmusik wirken. Ebenfalls soll auf die Funktion der Filmmusik kurz eingegangen werden. Im letzten Teil dieser Arbeit wird anhand einer Analyse versucht, die Filmmusik von Titanic anhand eines Gesamtüberblicks sowie einzelne Szenen und deren Gestaltungselementen zu beleuchten. Auch die Leitmotivtechnik, sowie die Filmmusikdramaturgie werden vorgestellt. Der Titelsong "My heart will go on," der erst im Abspann des Films in voller Länge erscheint, wird im Einzelnen näher betrachtet. Um die Arbeit ihrer Vollständigkeit halber abzurunden, wird ebenfalls kurz auf den Inhalt des Films Titanic sowie auf den Komponisten James Horner, eingegangen. Abschliessend zielt die Arbeit auf eine kurze Zusammenfassung und ein Fazit ab..

This book is a major new study - dealing with notions of film music as a device that desires to control its audience, using a most powerful thing: emotion. The author emphasises the manipulative and ephemeral character of film music dealing not only with traditional orchestral film music, but also looks at film music's colonisation of television, and discusses pop music in relation to films, and the historical dimensions to ability to possess audiences that have so many important cultural and aesthetic effects. It challenges the dominant but limited conception of film music as restricted to film by looking at its use in television and influence in the world of pop music and the traditional restriction of analysis to 'valued' film music, either from 'name' composers' or from the 'golden era' of Classical Hollywood. Focusing on areas as diverse as horror, pop music in film, ethnic signposting, television drama and the soundtrack

without a film- this is an original study which expands the range of writing on the subject.

Let's Talk about Love Hal Leonard Publishing Corporation

The narrative surrounding the Titanic's voyage, collision, and sinking in April 1912 seems tailor-made for film. With clear categories of gender, class, nationality, and religion, the dominating Titanic myth offers a wealth of motifs ripe for the silver screen- heroism, melodrama, love, despair, pleasure, pain, failure, triumph, memory and eternal guilt. This volume provides

a detailed overview of Titanic films from 1912 to the present and analyzes the six major Titanic films, including the 1943 Nazi propaganda production, the 1953 Hollywood film, the 1958 British docudrama *A Night to Remember*, the 1979 TV production *S.O.S. Titanic*, the 1996 mini-series *Titanic*, and James Cameron's 1997 blockbuster. By showing how each film follows and builds on a pattern of fixed scenes, motifs and details defined as the "Titanic code," this work yields telling insights into why this specific disaster has maintained such great relevance into the 21st century.
