Is the US losing its economic authority to China, whose global economic identity is being determined more by entrepreneurial spirit than developmental principle? Through the exercise of soft power and hard currency in some areas of the global economy, China has clear national interest in the protection of intellectual property rights, financial integration and sovereign wealth funds. China's Belt and Road Initiative and the Asian Infrastructure Investment Bank will set new standard to global economic development.

The Rashtriya Swayamsevak Sangh (RSS) is a Hindu nationalist volunteer organization. It is also the parent of India's ruling Bharatiya Janata Party. Prime Minister Modi was himself a career RSS office-holder, or pracharak. This book explores how the RSS and its affiliates have benefitted from India's economic development and concurrent social dislocation, with rapid modernization creating a sense of rootlessness, disrupting traditional hierarchies, and attracting many upwardly mobile groups to the organization. India seems more willing than ever to accept the RSS's narrative of Hindu nationalism--one that seeks to assimilate Hindus into a common identity representing true 'Indianness'. Yet the RSS has also come to resemble 'the Congress system', with a socially diverse membership containing a distinct left, right and center. The organization's most significant dilemma is how to reconcile the assault from its far right on cultural issues like cow protection with condemnations of globalization from the left flank. Andersen and Damle offer an essential account of the RSS's rapid rise in recent decades, tracing how it has evolved in response to economic liberalization and assessing its long-term impact on Indian politics and society.

This book offers a sober, contemplative and comprehensive coverage of Greek-Turkish relations, covering in depth the current political climate, with due regard to the historical dimension. The book includes up-to-date accounts of the traditional areas of unresolved discord (Aegean, minorities, Cyprus, the Patriarchate), with emphasis on why they remain contentious, despite the thaw in Greek-Turkish relations from 1999 until recently. It also covers new topics and challenges that have led to cooperation as well as friction, such as unprecedented economic cooperation, energy resources, or the refugee crisis. Furthermore, the volume deals with the 'Europeanization' of Greek-Turkish relations and other facilitating factors as they appeared in the first decade of the 21st century (including the role of civil society) as well as the contrary, 'de-Europeanization' from the 2010 onwards, which presages a hazardous downward trend in their relations, often not helped by the media in both countries, which is also examined. This volume will be essential reading to scholars and students of Greek-Turkish relations, more generally Greece and Turkey, and more broadly to the study of South European Politics, European Union politics, security studies and International Relations.
