Based on Joyce Meyer's New York Times bestseller *Power Thoughts*, this devotional includes 365 opportunities to tap into God's power in your daily life by thinking and speaking His way. The **POWER THOUGHTS DEVOTIONAL** will provide you with life-changing declarations of truth, directly from God's Word, to think and speak over your life every day of the year. Proverbs 18:21 says, "Death and life are in the power of the tongue." Simply put, words are containers for power--positive or negative, creative or destructive. Therefore, it is imperative that you learn to think and speak on purpose, using the life-giving wisdom in God's Word. When you do, your life will never be the same! If you struggle with being negative, critical, or judgmental of people and situations, don't be discouraged. God wants to help you renew your mind to think and speak as He would. It won't happen overnight--but each day you will make progress as you choose

power thoughts to be more like Jesus. It's time for you to experience and enjoy the life God created you to live, and Joyce wants to help you get there. You can do it with this devotional by learning how to think and speak power thoughts daily.

How to Think Like a Genius to Be One Instantly! Ampol Publishing
The great contribution of Ernest Holmes to modern thought is the specific form of meditation and prayer by which man can control

outward conditions of his life instead of permitting conditions to control him. Based soundly and thoughtfully upon the teachings of Jesus and other great spiritual leaders and philosophers, THIS THING CALLED LIFE is an outline of the practice of Faith by which problems of every kind may be solved by every man and woman, directly, simply and effectively. Recognised as one of the foremost teachers of religious science and philosophy since William James, in this book Mr. Holmes courageously declares that for centuries man has been putting the cart before the horse, that he is not helpless in the face of poverty, disease, evil and unhappiness, but that by this clear and simple system of thought and faith he can dominate them and introduce into his experience their exact opposites—abundance, health, good and happiness. If man will try and learn how to think, writes Mr. Holmes, he can dominate his entire life and everything in and around it.

Here too is the history of New Thought and Religious Science; insights into the mystics; pointers on treatment; and analysis of our fears and insecurities. Founder of the worldwide Religious Science movement, formulator of the Science of Mind philosophy, and author of metaphysical bestsellers, Dr. Holmes continually sought to simplify his teaching and get people to "use" it. In these pages he speaks directly to you in a one-on-one tutorial.
