#1 New York Times, USA Today, and internationally bestselling author Jennifer L. Armentrout returns to the world of the Lux with *The Burning Shadow*, the steamy, shocking second installment of the Origin series that will leave readers reeling. When Evelyn Dasher crossed paths with Luc, she was thrown headfirst into the world of the Lux—only to discover that she was already far more involved in their world than she ever suspected. Because the Luxen aren't the only ones with a hidden past. There's a gap in Evie's memory, lost months of her life and a lingering sense that something happened, something she can't remember and

nobody is willing to tell her. She needs to find out the truth about who she is—and who she was. But every answer she finds only brings up more questions. Her search for the truth brings her ever closer to Luc, the Origin at the center of it all. He's powerful, arrogant, inhumanly beautiful, extremely dangerous...and possibly in love with her. But even as Evie falls for him, she can't help but wonder if his attraction is to her, or to the memory of a girl who no longer exists. And all the while, a new threat looms: reports of a flu-like, fatal virus that the government insists is being spread by Luxen. A horrifying illness that changes whoever it touches, spreading panic across a country already at its breaking point. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Book Two of the bestselling Lux series *Being Connected to Daemon Black* sucks... Thanks to his alien mojo, Daemon's determined to prove what he feels for me is more than a product of our bizarre connection.

So I've sworn him off, even though he's running more hot than cold these days. But we've got bigger problems. Something worse than the Arum has come to town... The Department of Defense is here. If they ever find out what Daemon can do and that we're linked, I'm a goner. So is he. And there's this new boy in school who's got a secret of his own. He knows what's happened to me and he can help, but to do so, I have to lie to Daemon and stay away from him. Like that's possible. Against all common sense, I'm falling for Daemon. Hard. But then everything changes... I've seen someone who shouldn't be alive. And I have to tell Daemon, even though I know he's never going to stop searching until he gets the truth. What happened to his brother? Who betrayed him? And what does the DOD want from them—from me? No one is who they seem. And not everyone will survive the lies... My Calamity Jane
Harlequin

Discover the New York Times bestselling series from Jennifer L. Armentrout. Starting over sucks. When we moved to West Virginia right before my senior year, I'd pretty much resigned myself to thick accents, dodgy internet access, and a whole lot of boring...until I spotted my hot neighbor, with his looming height and eerie green eyes. Things were looking up. And then he opened his mouth. Daemon is infuriating. Arrogant. Stab-worthy. We do not get along. At all. But when a stranger attacks me and Daemon literally freezes time with a wave of his hand, well, something...unexpected happens. The hot alien living next door marks me. You heard me. Alien. Turns out Daemon and his sister have a galaxy of enemies wanting to steal their abilities, and Daemon's touch has me lit up like the Vegas Strip. The only way I'm getting out of this alive is by sticking close to Daemon until my alien mojo fades.
