The Book of the Duchess is a surreal poem that was presumably written as an elegy for Blanche, Duchess of Lancaster's (the wife of Geoffrey Chaucer's patron, the royal Duke of Lancaster, John of Gaunt) death in 1368 or 1369. The poem was written a few years after the event and is widely regarded as flattering to both the Duke and the Duchess. It has 1334 lines and is written in octosyllabic rhyming couplets.

Built on an estuary, New York City is rich in population and economic activity but poor in available land to manage the needs of a modern city. Since consolidation of the five boroughs in 1898, New York has faced innumerable challenges, from complex water and waste management issues, to housing and feeding millions of residents in a concentrated area, to dealing with climate change in the wake of Superstorm Sandy, and everything in between. Any consideration of sustainable urbanism requires understanding how cities have developed the systems that support modern life and the challenges posed by such a concentrated population. As the largest city in the United States, New York City is an excellent site to investigate these concerns. Featuring an array of the most distinguished and innovative urban environmental historians in the field, Coastal Metropolis offers new insight into how the modern city transformed its air, land, and water as it grew.

An enormous clothbound panorama of Kara Walker's works on paper--all reproduced for the first time This gorgeous 600-page volume provides an exciting opportunity to delve into the creative process of Kara Walker, one of the most celebrated artists working in the United States today. Primarily recognized for her monumental installations, Walker also works with ink, graphite and collage to create pieces that demonstrate her continued engagement with her own identity as an artist, an African American, a woman and a mother. More than 700 works on paper created between 1992 and 2020--which are reproduced in print for the first time from the artist's own strictly guarded private archive--are collected in this volume, thus capturing Walker's career with an unprecedented level of intimacy. Since the early 1990s, the foundation of her artistic production has been drawing and working on paper in various ways. Walker's completed large-format pieces are presented among typewritten notes on index cards and dream journal entries; sketches and studies for pieces appear alongside collages. The result is a volume that allows readers to become eyewitnesses to the genesis of Walker's art and the transformative power of the figures and narratives she has created over the course of her career. Now based in New York, Kara Walker was born in Stockton, California, in 1969. She received her Master of Fine Arts from the Rhode Island School of Design in 1994; soon afterwards, Walker rose to prominence for her large, provocative silhouettes installed directly onto the walls of exhibition spaces. Walker's work confronts history, race relations and sexuality in a decidedly non-conciliatory manner, urging the public to reconsider established narratives surrounding the experiences of African Americans in particular.

The Crownless King Crown

This riveting narrative explores the lives of six remarkable female pharaohs, from Hatshepsut to Cleopatra--women who ruled with real power--and shines a piercing light on our own perceptions of women in power today. Female rulers are a rare phenomenon--but thousands of years ago in ancient Egypt, women reigned supreme. Regularly, repeatedly, and with impunity, queens like Hatshepsut, Nefertiti, and Cleopatra controlled the totalitarian state as power-brokers and rulers. But throughout human history, women in positions of power were more often used as political pawns in a male-dominated society. What was so special about ancient Egypt that provided women this kind of access to the highest political office? What was it about these women that allowed them to transcend patriarchal obstacles? What did Egypt gain from its liberal reliance on female leadership, and could

today's world learn from its example? Celebrated Egyptologist Kara Cooney delivers a fascinating tale of female power, exploring the reasons why it has seldom been allowed through the ages, and why we should care.
