On 23 September 1878 Stevenson set out from Le Monastier in the Haut Loire, to tramp through the wild region of the Cevennes. His only companion was a small donkey to carry basic necessities, and a commodious "sleeping sack". In the next 12 days, at a pace dictated by the donkey and carrying most of the supplies himself, he travelled 120 miles across rivers, mountains and forests. His stylish and witty account was published in 1879.

Chess Story, also known as The Royal Game, is the Austrian master Stefan Zweig's final achievement, completed in Brazilian exile and sent off to his American publisher only days before his suicide in 1942. It is the only story in which Zweig looks at Nazism, and he does so with characteristic emphasis on the psychological. Travelers by ship from New York to Buenos Aires find that on board with them is the world champion of chess, an arrogant and unfriendly man. They come together to try their skills against him and are soundly defeated. Then a mysterious passenger steps forward to advise them and their fortunes change. How he came to possess his extraordinary grasp of the game of chess and at what cost lie at the heart of Zweig's story. This new translation of Chess Story brings out the work's unusual mixture of high suspense and poignant reflection.

Fourth Wave Longlisted • National Book Award (Translated Literature) A New York Times Notable Book of the Year and Editors' Choice Selection Best Books of 2020 — NPR, TIME, Chicago Public Library Vulture • Best Books of the Year (So Far) A global sensation, Kim Jiyoung, Born 1982 "has become...a touchstone for a conversation around feminism and gender" (Sarah Shin, Guardian). One of the most notable novels of the year, hailed by both critics and K-pop stars alike, Kim Jiyoung, Born 1982 follows one woman's psychic deterioration in the face of rampant misogyny. In a tidy apartment on the outskirts of Seoul, millennial "everywoman" Kim Jiyoung spends her days caring for her infant daughter. But strange symptoms appear: Jiyoung begins to impersonate the voices of other women, dead and alive. As she plunges deeper into this psychosis, her concerned husband sends her to a psychiatrist. Jiyoung narrates her story to this doctor—from her birth to parents who expected a son to elementary school teachers who policed girls' outfits to male coworkers who installed hidden cameras in women's restrooms. But can her psychiatrist cure her, or even discover what truly ails her? "A social treatise as well as a work of art" (Alexandra Alter, New York Times), Kim Jiyoung, Born 1982 heralds the arrival of international powerhouse Cho Nam-Joo.

This important and insightful book provides, for the first time, a broad presentation of ongoing research into public participation in landscape conservation, management and planning, following

the 2000 European Landscape Convention which came into force in 2004. The book examines both the theory of participation and what lessons can be learnt from specific European examples. It explores in what manner and to what extent the provisions for participation in the European Landscape Convention have been followed up and implemented. It also presents and compares different experiences of participation in selected countries from northern, southern, eastern and western Europe, and provides a critical examination of public participation in practice. However, while the book's focus is necessarily on Europe, many of the conclusions drawn are of global relevance. The book provides a valuable reference for researchers and advanced students in landscape policies and management, as well as for professionals and others interested in land-use planning and environmental management.

This text brings together the work of 15 elementary education experts who support an integrative approach to educating second language children. The paperback edition is a collection of articles from fourteen elementary education experts who espouse an integrative approach to second language education - one that goes beyond language teaching methodology - to cover a wide range of issues affecting the academic and social success of language minority children. The volume deals not only with second language development, but with the development of the whole child. Rather than focusing on language instruction, it addresses the entire curriculum, and instead of restricting itself to classroom learning, it examines the role of the school, family, and community.

El mundo ha cambiado tanto que los jóvenes tienen que reinventar la rueda. Para Michel Serres, nace un nuevo ser humano, él lo bautiza como Pulgarcita, sobre todo por su capacidad para enviar mensajes con el pulgar. Las sociedades occidentales han experimentado dos revoluciones: la transición de lo oral a lo escrito, y el paso de escribir en una pizarra a escribir en libros. Ahora vivimos la tercera revolución: la transición a las nuevas tecnologías. No hay progreso o desastre, ya sea bueno o malo, ésta es la realidad y tenemos que lidiar con eso. La generación Pulgarcita tendrá que reinventar una forma de vivir juntos, instituciones y formas de ser y conocer. - "Michel Serres es el abuelo con el que todos soñamos. En él se unen tan bien la sabiduría y la juventud, que a su lado se tiene la impresión de que tiene toda la vida por delante" - Sophie Bancquart, directora de la Editorial Pommier. - "A este formidable ensayo se puede aplicar igualmente la frase de Michel de Montaigne: "vale más una cabeza bien hecha que una cabeza bien llena" - Lire, Francia. - "Michel Serres analiza meticulosamente y con ternura los cambios que entrañan las nuevas tecnologías sobre (o en) las generaciones actuales. Lejos de estigmatizar a los nativos digitales, describe una generación mutante y apasionada" - Dirigeants Chrétiens.

As Joséphine struggles to find her voice and her confidence amidst a messy web of relationships and a string of murders, she and those around her must learn to push on with determination, like headstrong little turtles learning to dance slowly in a world that's too violent and moving too fast.
