About the Author

George Samuel Clason was born in Louisiana, Missouri, on November 7th, 1874. He attended the University of Nebraska and served in the United States Army during the Spanish-

American War. A successful businessman, he founded the Clason Map Company of Denver, Colorado and published the first road atlas of the United States and Canada. In 1926, he issued the first of a famous series of pamphlets on thrift and financial success, using parables set in ancient Babylon to make each of his points. These were distributed in large quantities by banks and insurance companies and became familiar to millions, the most famous being "The Richest Man in Babylon," the parable from which the present volume takes its title. These "Babylonian parables" have become a modern inspirational classic. - Review "What

can a book written in the 1920s tell modern investors about their finances? A whole lot if it's George Clason's delightful set of parables that explain the basics of money. This is a great gift for a graduate or anyone who seems baffled by the world of finance and a wonderful, refreshing read for even the most experienced investor."-

This text refers to an alternate kindle\_edition edition. From AudioFile Originally published in 1926, sprinkled with King James English, and narrated with Shakespearean intensity by the able Richard Ferrone, this is a high- impact personal finance audio that sounds like it's speaking to us from the time of Jesus.

Captivating fables gently urge listeners to use their talents to accumulate money, invest a tenth of what's earned, spend thoughtfully on necessities, save for the future, and avoid risks. A well-crafted analysis explains what separates the ownership class from the class of people who work for others. We're reminded also that our place in the pecking order depends on our internal values and the way we manage our money. From the Inside Flap Dave Ramsey, America's trusted voice on money, says, "If you want to stay broke, do broke people things. If you want to be rich, do rich people things." But what is it exactly that rich people do? George S. Clason was an

entrepreneur who built his fortune making maps in the early 1900s. During the height of his success, he began writing simple, captivating stories to help people learn how to build wealth for themselves and keep it. They were a hit. Almost a hundred years later, those same simple stories are as engaging and relevant as ever, providing hope and help to anyone wanting to build wealth and change their family tree forever. Wealth isn't just for certain people. It's available to anyone willing to do the hard work and follow the wisdom from Babylon. **The Richest Man in Babylon** Hyperink Inc If you think financial health is beyond your reach, think again.
